

THE CENTRAL GUARDIAN

HARD COAL.—The schooner Herald arrived yesterday with a cargo of Hard Coal for C. Lyons & Co.

THE EXPRESS.—The Express train arrived in Charlottetown last night at 10.40 o'clock.

THE NEW ORPHANAGE.—The work on the construction of St. Vincent's Orphanage on the Malpeque Road is progressing well. The roof has been already put on the building and workmen will commence slating it in a few days.

DIED IN MONCTON.—The death occurred in Moncton on Sunday, November 1st, of Mrs. Fred Cormier at the early age of 24 years. She leaves to mourn a sorrowing husband, one child, five brothers and a sister, Mrs. Thomas Sexton, Charlottetown.

ARMY FIELD SERVICE FUND.—Oat contributions contributed by the people of Murray River, and others, will be received at the Railway wharf shed, Murray River, on Nov. 9th. If the weather is not fine, the first fine day following. Oat Contributions are expected, on or before above date.

W.M.S. MEETING.—The regular monthly meeting of the W.M. Society of Zion Church will meet this (Wednesday) afternoon at 3.30, in the parlour of the Church. Mrs. Thompson, President of the Maritime Missionary Society will address the meeting. All ladies are welcome.

THE PICTO BOAT.—The S. S. Northumberland docked at Charlottetown last evening at 5.45 o'clock. Among passengers arriving were Messrs. J. Heber Ramsay, Charlottetown; Thomas Hudson, Pictou, and B. Beckwith, Halifax.

ANTI-AUTOMOBILE MEETING.—A meeting of the Anti-Automobile Association was held yesterday afternoon, when the reports of the various organisers appointed at the General Convention held in August last were read. Officers for the two vacant districts were appointed, and the meeting adjourned to the 22nd November.

AN OMISSION.—In the list published yesterday of Island militiamen who are on service at the front, Halifax, Sydney and Canso, the names were inadvertently omitted, of Captain Stanley and Lieutenants J. P. Hopner and W. McAulder, who are stationed with the men at Canso besides Mr. Ernest Auld who is a signaller at Halifax with Lieut. Rogers and Mr. Frank Conroy who is one of the gunners at Sydney.

HUNTER RIVER.—The sacrament of the Lord's Supper was administered by Rev. Mr. McHattie in the Presbyterian Church of Hunter River on Sabbath morning, 1st inst., quite a number partook of the emblems of the death of their Saviour and Lord. In the evening the pulpit of the Methodist Church was supplied by Mr. George Crewey of Kingston, who gave a very forceful and inspiring address on our Heavenly Father love and care for His children, and was well received by a very large and appreciative audience, the church being taxed to its utmost capacity.

FROM FIRST CONTINGENT.—Mr. E. H. Duvar, of this city, received a letter from his son, Mr. R. H. Duvar, of E. Co., First Canadian Contingent, written on board ship on the way to England. The letter describes, very graphically, the soldier's life on board a troopship and has many interesting things to tell of new scenes and new experiences. He refers to a marconigram that had been sent to a New York paper telling that the present contingent of Canadian transports was sunk by Germans. The marconigram was intercepted by the ship's wireless and a contradiction promptly forwarded. The Island boys, he said, enjoyed the life on board immensely and all were eagerly anticipating the landing in England as ship life was becoming monotonous.

INTERESTING MEETING.—The first meeting of the Charlottetown Teachers' Institute for the present school year was held in the School board room yesterday afternoon, the President, Principal Seaman, in the chair. Almost all the city teachers were present, besides a number of other citizens. The meeting was addressed by Mr. Justice Fitzgerald, who spoke in his usual brilliant style on the causes leading up to the present European war. Going back to the cause of the trouble, he found it in the career of the first Napoleon, who filled other monarchs with the idea of world power. Bismark, the greatest of German statesmen, taking Napoleon as his model, sought to unify Germany and succeeded in creating a great German Empire, whose absorbing ideal was to become a great world power. The speaker mentioned several instances which outlined the trend of German thought. She was just waiting for the opportunity which she found in the disturbance between Austria and Serbia, clearly showing that this incident, while giving the opportunity desired, was not the underlying cause. He found in the birthrate of the nations, particularly of Germany and Russia, a cause; as Germany's population increased it became necessary for her to extend her territory, and the German ambition was to have every German under the German flag. The increase of Russia's population, too, was making her more and more a menace to Germany. His Honour also gave as a cause of the war the jealousy of autocratic kings, who had in their own hands the power of projecting a great struggle. In conclusion, he expressed the hope that the time would soon come when wars would cease, but that would not be until the rule was taken from the autocrat and placed into the hands of the people. A vote of thanks, moved by Superintendent Campbell, and seconded by Lieut.-Colonel Moore, was presented by the chairman and duly acknowledged.

WOUNDED ISLANDER.—The first Islander to be wounded in the war, as far as is known, is Lieutenant James Morrison, son of Mr. Peter Morrison, of Georgetown. Mr. Morrison is a South African veteran and enlisted in March early in the campaign. A letter received from him states that he was wounded in the leg and is in a hospital in France.

WENT ASHORE.—The tug-boat Victor, owned by Mr. James Kinch, Tignish, went ashore at New London Harbor yesterday with two scows it was towing, belonging to the dredge Pownal. The craft were only slightly damaged. The dredge Pownal, after a very rough experience succeeded in getting into Malpeque without damage.

BUSY.—Messrs. Bruce Stewart & Co. have made an addition to their building. At the rear end of their office they have erected a shed for the repairing and storing of automobiles. The firm have just installed a temporary heating equipment in the basement of St. Dunstan's Cathedral for the purpose of drying the plaster work which is being done there. Messrs. Bruce Stewart & Co. are also heating a cottage which is being built by Mr. Donald Nicholson, M. P., at the west end of the city.

THE CATHEDRAL.—The John S. Metcalf Co. have completed their contract at St. Dunstan's Cathedral and are now preparing their equipment for shipment. They expect to leave Charlottetown early next week. The final touches will be given to the work on the Cathedral immediately and the whole exterior will be completed probably by December 1st. The work on the interior of the basement is being rapidly carried on and it is the hope of the Cathedral Committee that services will be held in the basement by Christmas.

THANK OFFERING.—The thank-offering meeting of the Women's Missionary Society of St. James' Church takes place in the school this evening at 7.30. Rev. Mr. Lockhart, New York City. It ran nine months in London and eight months in New York. In 1908 it had an American revival under the management of Mr. Chas. Frohman, when Irving Beers was a member of the cast. Mr. Beers bought the Canadian rights of the piece in 1909 and toured Canada from Montreal to the Pacific coast. The leading critics, including Mr. Charlesworth, of the Toronto Saturday Night, pronounced Mr. Beers' acting of the difficult role of "Parbury," the victimized husband, one of the finest pieces of acting they had seen. This actor will play the same role in the coming production and Mr. Dennis, an ex-professional, will play the part of Gunning, an old Cambridge pal of Parbury. Miss Tombs is excellent as the crying wife, Miss Blanchard is fine as the cold-blooded secretary, whom Gunning later falls in love with, and Col. Armitage and Evans, the butler, are in the capable hands of Mr. H. Morris and Mr. Bayler, respectively. Mr. Dennis is a really fine actor and has played many heavy roles with much success. The cast for this show is an excellent one, and being under the direction of a long experienced professional, who knows how to train a company to artistic unity of effect, and considering the very worthy object for which it is to be given, it should prove a great success. The plan of seats will open at the People's Box Office on Monday, the 9th.

PATRIOTIC CONCERT.—Citizens are reminded of the Patriotic concert to be given to-morrow evening in the Prince Edward Theatre by the school children. Apart altogether from the worthy cause for which the concert is being given and which should be a call to every citizen to be present, an entertainment by children is always interesting and the preparation made on this occasion assures genuine pleasure for all who attend. The programme is a particularly attractive one and is bound to please. Everybody is invited.

COTTON SEED MEAL.—The Weekly News letter of the Department of Agriculture, Washington, D. C., for October 21st contains a lengthy article on Cotton Seed Meal. It points out that it is very cheap this year, from \$5 to \$7 a ton, whereas in previous years it has been as high as \$10. This meal is very rich in protein and has a feeding value at least double that of oats. It has even a greater relative value where the ration is largely composed of timothy hay or straw. In addition to this feeding value its fertilizing value is so high that it is worth as much as its cost now for fertilizer. When it is remembered that from 80 to 90 per cent. of this fertilizer value remains in the manure the opportunity for farmers to use it profitably is even more obvious. The farmers in this province would do well to make a note of this as concentrates, particularly oats and bran are very high this year.

THE TYRANNY OF TEARS.—"The Tyranny of Tears," will be put on at the People's Theatre, this city, on Thursday, the 12th, under the auspices of the "Patriotic Fund," was

EVERY WOMAN is interested and should know about the wonderful Whirling Spray Marvel Bouche. Ask your druggist for it. HIS HEALTH IN A TERRIBLE STATE

"Fruit-a-tives" Healed His Kidneys and Cured Him

HAGERSVILLE, ONT., Aug. 26th, 1913. "About two years ago, I found my health in a very bad state. My Kidneys were not doing their work and I was all run down in condition. I felt the need of some good remedy, and having seen 'Fruit-a-tives' advertised, I decided to try them. Their effect, I found more than satisfactory.

Their action was mild and the result all that could be expected. My Kidneys resumed their normal action after I had taken upwards of a dozen boxes, and I regained my old-time vitality. Today, I am enjoying the best health I have ever had."

"Fruit-a-tives" is the greatest Kidney Remedy in the world. It acts on the bowels and skin as well as on the kidneys, and thereby soothes and cures any Kidney soreness. "Fruit-a-tives" is sold by all dealers at 50c. a box, 6 for \$2.50, trial size 25c. or will be sent on receipt of price by Fruit-a-tives Limited, Ottawa.

Notice Regarding Dressing Hogs

As a result of Government Inspection it is absolutely necessary that more attention be given to dressing hogs for market in order to avoid refusal by Inspectors.

They insist that the head, ears and feet should be thoroughly cleaned, every hair removed, the carcass carefully washed and kept perfectly clean when handling.

Some few farmers are not splitting the hogs between the hams and are leaving the bung gut—and in some cases even the manure—in. This must be remedied also, and in future a reduction of 2 lbs. per hog will be made on all hogs reaching here dressed in this manner, as to say the least it does not look well. Hogs must be split down completely, and bung gut and refuse removed.

We want to build up a reputation for Island Hog products, and can do so only with your co-operation.
