HEADACHES ARE DANGER SIGNALS

They Tell Us Plainly That Something Is Wrong Inside.

There are tablets and powders that will stop a headache promptly—but removing a danger signal does not take away the danger.

In nearly every case a headache—of whatever kind—is a symptom of poisoned blood, due to bowels, kidneys and skin failing to thoroughly remove indigestible food and waste.

THIS LEADS THE

BIG DIVIDENDS IN SERVICE

Public opinion is the L. C. Smith's cry of men Typewriters lead over all other who are posted on the "insane" facts of the typewriter situation.

The rapid rise of the L. C. Smith Typewriter is shown by the fact that the volume of sales and the L. C. Smith is worth over one hundred cents on the dollar—never over-increasing demand, never sunder writers all over the world are receiving enormous dividends.

These dividends are paid in the form of splendid service, which is just as good as the GOLD.

ARTISTIC AUTUMN MILLINERY

We beg to announce that we have now in our show room, a large variety of the newest models in Fall Millinery.

Owing to an unusually large stock of Furs, and ladies' Mantles, which necessarily take up a great deal of space, we will hold no formal Millinery Opening this season, as it would result in an uncomfortable crush.

The change in the seasons styles, not only includes new shapes, but new materials as well, and introduces new colors and combinations.

The most fashionable colors are Peacock blue, Smoke grey, Empire green and Brown.

We have an unusually splendid assortment of shapes in Felt, Satin, Velvet and Fur, and Miss Walpert, after her recent trip to the millinery centres is better prepared than ever to cater to the millinery wants of our customers.

We guarantee you artistic work—up-to-date materials—fair prices—and correct styles; you can ask no more, and we give you no less.

Stanfield's Underwear

(Chapter 6)

Cutting and Sewing

After the best wool has been selected, washed, shrunk, combed, spun and knitted—the pure woolen fabrics go to the cutting room.

Some Underwear is cut out by machinery. Now, we have machines which do what human hands can't do.

On the other hand, all Stanfield's Underwear is sewed by machinery. It is quicker and better, because the sewing machines are run by electricity and because they sew inter-locking stitches, which make it impossible for seams to ravel.

When you buy Stanfield's Underwear, you know that you are getting Underwear—made of the purest, strongest wool—that can't rip or ravel—that won't shrink or stretch—that fits perfectly—that wears longer.

Your dealer has all sizes and weights or can easily get them for you.
