Second, On the attractions of Prince Edward Island as our future home. Third, On the best time table for the ordinary ungraded school. Information may be obtained from Miss Lizzie Noonan, Sec. Treas. of the Association, Box 968, Charlottetown. Capt. D. C. Fraser, master of the steamer Bonavista, and Commodore of the Black Diamond fleet, celebrated his seventieth birthday on July 15. He began his career at sea in 1854 and for thirty-three years has been running in the St. Lawrence and Newfoundland trade. He is by many years the oldest Captain in the Black Diamond service and is one of the best known seamen in the Maritime Provinces. On Monday morning an accident happened to a valuable horse which was being loaded on the steamer Bonavista to be sent to Sydney. The animal was being hoisted aboard in a sling when the hook to which the sling was attached broke as it was being lowered to the deck. The horse was thrown heavily down and cut, but fortunately escaped serious injuries. The horse was bought by Patrick Blackie for a party in Sydney and a high price had been paid for it. It seems a pity that some more efficient method of loading horses and cattle is not devised, as the sling is apt to cause accidents at any time.
