

# Forward--For A Bigger, Better, Busier, Charlottetown Vote for R. H. Sterns for Mayor

**T**HE well laid plans of former years to make Charlottetown, bigger, better and busier, have only been partially carried out. The City Councils of the last ten years have done nobly, but there is much yet to be done. Aggressiveness in performing should now get behind intelligence in planning.

**R. H. STERNS** is in accord with every movement designed to beautify the city and make it a better place to live in. Present conditions demand that the chief Executive officer of this City shall be a man who has kept abreast of the times, and who is conversant with the new conditions. Who is more competent than R. H. Sterns?

**R. H. STERNS** is probably the largest property holder in the City and gives employment to more people than any one tax payer in Charlottetown. He may therefore be depended on to protect to the best of his ability the interests of the property holders and at the time give the working man every chance to live **BETTER THAN EVER BEFORE**.

**R. H. STERNS** is in favor of encouraging the establishment of new industries in the City. In favor of a more up-to-date fire protection service in order to bring the fire insurance rates down to the lowest possible figure, that the smaller property holders may take advantage of the protection thus afforded. In favor of improving the streets and the construction of permanent sidewalks.

**R. H. STERNS** as Mayor means business, progress, a live city, industrial advancement, commercial activity, a hearty welcome to the tourist, up-to-date methods and greater publicity of Charlottetown's attractions.

**R. H. STERNS** is in favour of a water service for all, rich and poor, and the introduction of measures whereby those who desire more taps, can afford to have them installed.

**R. H. STERNS** if elected, is determined to have a strict and impartial enforcement of all civic laws, and all measures calculated to advance the best interests of Charlottetown.

**R. H. STERNS** is in favor of keeping taxation at the minimum, consistent with the high efficiency of all civic services.

### The Skin Troubles of Childhood

SCHOOL RECORDS SHOW MUCH TIME LOST FROM ECZEMA.

Chafing and skin irritation, whether from changing temperature, rough winds, strong soap or the action of the clothing, naturally develop into eczema, spread over the body and delay ordinary treatments. Most doctors do not give much attention to skin diseases, and consequently, it is necessary for parents to select some treatment which has proven a cure for such ailments. If records of cures count for anything, then you can turn to Dr. Chase's Ointment with fullest assurance that in this you will have the means of controlling itching skin diseases. By affording prompt relief from the terrible itching, Dr. Chase's Ointment puts an end to suffering, and removes the cause of scratching. As the ointment sets up the process of healing, and brings about thorough and lasting cure. As a treatment for the skin troubles of children nothing has ever proven so satisfactory as Dr. Chase's Ointment.
