

High Constable of Quebec

After Suffering For 10 Years With Pain In The Back He Was Completely Cured By "Fruit-a-tives."

"Fruit-a-tives" cures diseased and irritated kidneys when all other treatment fails.

The proof that "Fruit-a-tives" is the greatest kidney cure known to science is demonstrated by these tablets removing all pain in the back—making the kidneys healthy—and curing chronic constipation.

St. Hyacinthe, P. Q., June 10th, 1905.

I have much pleasure in testifying to the great good which "Fruit-a-tives" have done me. I was a constant sufferer from severe constipation and severe pain in the back for the last ten years. I tried many kinds of pills and tablets and physician's medicines but the relief was only temporary. Not long ago

I tried "Fruit-a-tives" and now I am entirely well, no pain, no constipation and my stomach and bowels act naturally. I cannot say enough in praise of "Fruit-a-tives"—they are a grand medicine, mild as fruit in their action and easy to take. (Signed) H. MARCHESSAULT, High Constable.

Do you know that every drop of blood in your body goes to the kidneys to get rid of some of the impurities? When the bowels don't move regularly, the blood takes up poisons in the bowels and carries them to the kidneys. Then the kidneys get overworked—inflamed. Then comes the pain in the back—headaches—constant desire to urinate—nervousness—sleeplessness.

"Fruit-a-tives" acts directly on the Kidneys—cleans, heals and strengthens them—makes the liver give up more bile to move the bowels regularly—and stimulates the glands of the skin to increased action. These rid the system of all poisons and every trace of Kidney Disease disappears.

Fruit-a-tives have cured hundreds of cases of Kidney Disease by stimulating and healing the Kidneys.

The Adventure of the Missing Three-Quarter

No. 11 of the Series

(Copyright, 1904, by A. Conan Doyle and Culliver's Weekly.)

"So that is the tall end of the telegram which Godfrey Staunton dispatched within a few hours of his disappearance. There are at least six words of the message which have escaped us, but what remains—'Stand by us for God's sake!'—proves that this young man saw a formidable danger which approached him, and from which some one else could protect him. 'Stand by us!' Another person was involved. Who should it be but the pale faced, bearded man, who seemed himself in so nervous a state? What, then, is the connection between Godfrey Staunton and the bearded man? And what is the third source from which each of them sought for help against pressing danger? Our inquiry has already narrowed down to that."

"We have only to find to whom that telegram is addressed," I suggested. "Exactly, my dear Watson. Your reflection, though profound, had already crossed my mind. But I dare say it may have come to your notice that if you walk into a postoffice and demand to see the counterfoil of another man's message there may be some disinclination on the part of the officials to oblige you. There is so much red tape in these matters. However, I have no doubt that with a little delicacy and finesse the end may be attained. Meanwhile, I should like in your presence, Mr. Overton, to go through these papers which have been left upon the table."

quite understand mine. Godfrey Staunton appears to have been a poor man. If he has been kidnapped it could not have been for anything which he himself possessed. The fame of your wealth has gone abroad, Lord Mount-James, and it is certainly possible that a gang of thieves have secured your nephew in order to gain from him some information as to your house, your habits and your treasure."

The face of our unpleasant little visitor turned as white as his necktie. "Heavens, sir, what an ideal! I never thought of such villainy! What inhuman rogues there are in the world! But Godfrey is a fine lad—a staunch lad. Nothing would induce him to give his old uncle away. I'll have the plate moved over to the bank this evening. In the meantime spare no pains, Mr. Detective! I beg you to leave no stone unturned to bring him safely back. As to money, well, so far as a five or even a tenner goes, you can always look to me."

Even in his chastened frame of mind the noble miser could give us no information which could help us, for he knew little of the private life of his nephew. Our only clue lay in the truncated telegram, and with a copy of this in his hand Holmes set forth to find a second link for his chain. We had shaken off Lord Mount-James, and Overton had gone to consult with the other members of his team over the misfortune which had befallen them. There was a telegraph office at a short distance from the hotel. We halted outside it.

WOMAN'S NEED

At the Critical Periods of Her Life and How it is Best Supplied by

Dr. Chase's Nerve Food.

We are sometimes asked why Dr. Chase's Nerve Food is so successful in curing the ailments peculiar to women, and this is the explanation: The feminine organism is a regular network of nerves, and consequently requires an enormous quantity of rich nourishing blood.

At the critical times such as the dawn of womanhood, the child-bearing and nursing age and the change of life, nerve force is consumed at a tremendous rate. The blood is drawn away from other parts of the body, and the result is neuralgic pains and aches, failure of the digestive system, and a run down condition of the body generally.

Dr. Chase's Nerve Food supplies exactly what is most needed at these times—the very elements from which rich blood and vital nerve force are made.

Women who suffer from weakness and irregularities, from painful periods and distressing headaches, from tired, worn-out feelings, and the disorders of digestion will be surprised at the benefits obtained from the use of the great food cure of Dr. Chase, Miss Vitalline Tulp, Lower Neguac, N. B.

"Since the age of twelve I have been subject to spells of weakness which would come on me two or three times a week. I would be obliged to go to bed and was almost unconscious. I had pains in my stomach and back and no medicine seemed to be of much benefit to me. My sister Eva was also in very poor health, so we began the use of Dr. Chase's Nerve Food and continued the treatment for seven months. During that time I gained about thirty pounds in weight and am now strong and well and entirely freed of those dizzy spells. My sister gained nearly as much as I did and we believe there is no treatment for pale, weak girls so good as Dr. Chase's Nerve Food."

It is well worth your while to put Dr. Chase's Nerve Food to the test, and while the blood and nerves are being revitalized and the form rounded out, note your increase in weight, so that you may have positive proof of the blood-forming value of this great medicine. 50 cents a box, at all dealers, or Edmundson, Bates & Co., Toronto. NOT A "PATENT MEDICINE."

Scott's Emulsion is not a "patent medicine." It has no secret ingredients. Your doctor can, no doubt, tell you as much about it as we could. We have merely perfected the method of blending the Norwegian cod liver oil, hypophosphites of lime and soda and glycerine. As one grocer will blend coffee better than another so we have succeeded in making Scott's Emulsion a little better than any other cod liver oil preparation. There's no "patent" and the only secret is the secret of knowing how, with the perfected mechanical means at hand to do it. Get Scott's and you get the perfect emulsion. It's the greatest thing in the world for regaining strength and flesh lost through wasting.
