Nothing Tastes Good

And eating is simply perfunctory—done because it must be.

This is the common complaint of the dyspeptic.

If eating sparingly would cure dyspepsia, few would suffer from it long.

The only way to cure dyspepsia, which is difficult digestion, is to give vigor and tone to the stomach and the whole digestive system.

Hood's Sarsaparilla cured Mrs. Frances Blondin, Pembroke, Ont., Benj. Webb, Clinton, Ont., and W. A. Nugent, Belleville, Ont., all of whom suffered greatly from dyspepsia. Mrs. Blondin writes, "I am fully cured"; Mr. Webb, "It worked like a charm, restored a healthy appetite and toned my whole system"; and Mr. Nugent, "I cannot praise it too highly for the good it has done me."

Captured

"I'm after you" said a policeman to the burglar, "and I will capture you too," and the darling cop did capture him.

There are several people in this City we have never captured. Are you not one of those individuals we are after; that have never bought a dollar's worth of goods from us? If so you have missed it. We presume you are in the habit of buying from a high priced house you are acquainted with. Are you not aware that one purchase here will cure you of that habit. You may find it hard to break away from old lines; if so, you will appreciate our bargains all the more when we once get you.

We want to capture you so that you can capture some of the good bargains we have captured for you.

THE work of placing an electric plant in the steamer Stanley is progressing favorably. It is the intention of the contractors to place a two hundred light dynamo known as the multipolar machine. It is expected that in a fortnight's time the work will be completed.

WHY CATARRHOZONE CURES CATARRH. It goes to every affected part and kills the germs that keep up the diseased condition. Catarrhozone never irritates, but stimulates the mucous lining of the nose, throat and lungs to normal action, and keeps the nasal passages free from offensive discharges. Catarrhozone contains no dangerous drugs or opiates, and is delightfully pleasant and simple to use. Catarrhozone is an absolutely certain cure for any for of Catarrh and sells for a dollar at druggists, small size 25c. By mail from Polson & Co., Kingston, Ont.

THAT the Y.M.C.A. is appreciated by the young men is evidenced by the number who are joining and taking advantage of the privileges. The Y. M. C. A. is certainly worthy the support of the general public.

THE funeral of the late Mrs. Thos. Lowther, whose death was reported in these columns yesterday morning, took place yesterday afternoon at 2 o'clock. The attendance was very large, the procession of carriages extending for about a mile and a half. The services at house and grave were conducted by Rev. G. J. McIvor. Interment was made in Long Creek Cemetery.

WALTER K., Mr. E. LeRoi Willis' fast pacer underwent a rather unique operation at his owner's stable a few days ago, probably the first of the kind ever performed in the Province. Dr. McPherson a veterinary dentist from Toronto, filled ten of Walter K.'s teeth with platinum. It is now generally recognized that all animals suffer from toothache and defective teeth as do human beings.—North Sydney Herald.

THE Maritime Merchant in referring to the egg market says:—Eggs are exceedingly scarce for the time of year, with prices higher and advancing. There is practically no new-laid stock coming in from near by points, notwithstanding the mildness of the weather. Good P. E. I. eggs are in good demand at 19 to 20c. The markets all round are higher and the outlook is said to be for higher prices than we have seen for a long time at this season of the year.

BOSTON Post: When the steamer Yarmouth left Lewis wharf last night for Halifax, N. S., Port Hawkesbury and Charlottetown she was making her last trip to those ports in the charter of the Plant line. Upon return to this port next Friday she will be turned over to her owners, the Dominion Atlantic Railway Company. She will probably be hauled out of commission for the winter, like the Prince George and Prince Arthur of the latter line, while her old mate, the Boston, is doing the business of the line for the winter.

THOMAS W. Higgins, of the firm of Messr. Bell and Higgins, cigar manufacturers of St. John, and one of the oldest commercial travellers on the road, died at his late residence, 105 Park avenue, this city. The deceased was sixty-four years of age and had been on the road for nearly forty years. He leaves a wife, three sons and one daughter to mourn his death.—Montreal Star.—The deceased gentleman was well known in Charlottetown having for many years visited this province four or five times a year.

THE shipments of codfish in drums 128 lbs to Cuba and Havana, it is said, will exceed this year all previous attempts made by exporters of this Island. In dealing with the export trade of fish a writer says;—A very important market for Maritime Province fish exists in Brazil and even at this time we send large quantities there every year. Gaspe is principally interested in that trade and frequently an exporting house will receive an order for fish amounting to as much as $100,000 in value. The fact that the Brazilian government is about to double the duties on fish therefore interests us very materially.

THE death of a child in St. John from lock jaw caused by impure vaccine emphasises the necessity of every precaution being taken to ensure the purity of vaccine used. In this connection we would state that the vaccine sold by us is guaranteed absolutely pure and to prevent the possibility of extraneous matter reaching the points each one is enclosed in a hermetically sealed case. Patients who are vaccinated with it need have no fear of untoward effects.—MacDonald & McKinnon, Druggists.

YESTERDAY Mr. Jas. Hall, of the Harness Line in company with Mr. W. W. Clark waited upon a number of the Charlottetown shippers and received every encouragement for a general cargo. Applications have been made for space for over 3,000 sheep, thousands of boxes of cheese, 4,000 cases of canned meats, and a number of head of cattle. It is understood that the agents are being greatly encouraged and the indications are for large shipments of butter, eggs, bacon and apples. Mr. Hall leaves this morning by the Princess on return to Halifax The Ulunda is expected to arrive on Monday December 2nd.

THE news of the burning to death of an aged lady of Mt. Albion, reached the City yesterday evening. It appears that the deceased and her son Daniel lived together and at the time of the accident the latter was at the barn attending to his work. Upon returning to the house he found the unfortunate woman lying by the fire with her clothes burned from her body. He hastily ran for his brother and when they returned life was extinct. The sad event has cast a gloom over the community. The unfortunate woman was in her 89th year. The remains were interred yesterday afternoon at Vernon River.

DR. MONTIZAMBERT, director general of public health arrived in the city by the Princess yesterday evening. When acquainted with the regulations respecting vaccination he explained that he did not have a certificate but was the first to exhibit his arm. A Digby correspondent of the Halifax Herald says: Among the passengers from St. John by the steamer Rupert yesterday, who were obliged to submit evidence of recent vaccination before being obliged to land, was Dr. Montizambert, who cheerfully exhibit to Dr. Morse several scars on the arm, which, from the point of view of the vaccinator were highly satisfactory. Dr. Montizambert then made himself known, when the joke was duly appreciated by al present.

WHAT CAUSES PAIN?

Most pains and aches come from excess of uric acid poisons in the blood, due to deranged kidneys. Rheumatism, backache, lumbago, pains in the back and sides accompanied by bladder and urinary troubles, are warnings too serious and to painful to be neglected. Dr. Chase's Kidney-Liver Pills act directly and specifically on the Kidneys, make them active, vigorous, and thoroughly cure these ailments. One 25 cent box of this great Kidney medicine will do you a world of good
