ITALIANS CONTINUE THEIR SUCCESSES

Have Captured Over 6,000 Prisoners and Made Further Gains Along the Piave. U. S. Battalion will be Sent to Italian Front. Vienna Minimizes Austrian Defeat.

(Special to The Guardian)
ROME, June 28.—Italian forces made further gains on the lower Piave taking 6,000 prisoners, it was semi-officially announced today. At the junction of the Piave branches, near Sandona Piave we crossed the river, and took 100 prisoners, it was stated. We enlarged the Capo Sile bridgehead taking 500 prisoners. Elsewhere we crossed the river and raided enemy outposts.

AUSTRIANS MINIMIZE THEIR LOSSES

PARIS, June 28.—Vienna asserts that Italian attacks on the Col Del Rosso, a position of importance on the west bank of the Brenta which was captured by the Austrians on June 15, have been once more "dashed to pieces." "The Italians," an official report says, "suffered heavy losses in killed and wounded, and left a great number of prisoners in our hands." Rome tells the same story in a different and more matter of fact fashion. On the slopes south of Col Del Rosso out patrols after a brisk struggle invested the enemy's advanced posts, capturing 31 men and two machine guns. The enemy promptly repelled by twice attacking in force our advanced line, but was sanguinarily repulsed.

AMERICAN SOLDIERS WILL BE SENT TO ITALIAN FRONT

It is officially announced at Washington that a regiment of American soldiers will be sent also to the Italian front as tangible evidence of the solidarity of the Allies. The sending of this regiment is not to be taken as representing the full extent of American military participation on the Italian front which may be carried out later. This action is doubtless President Wilson's method of meeting the German lie that the United States has no sympathy with Italian aspirations for the redemption of the Italian population now under Austrian rule. Up to the present time, while a

state of war has existed between the United States and Austria for several months there has been no fighting between the troops of the two countries. If the maximum transportation program of the United States is carried out there will be 1,500,000 American soldiers in Europe by the end of August. Many of them will have to receive their battle training on the Italian sector for it will be difficult to give opportunity for so great an army to train on the French front, particularly if important operations are in progress.

ITALIANS DESTROY GERMAN PROPERTY IN ROME

ROME, June 28.—During a celebration today of the Italian success on the Piave a crowd rushed to Capitoline Hill and burst into the Caffarelli Palace, which before the war was the seat of the German embassy. All portraits of the German Emperor were torn down and the Italian flag hoisted over the building. The fact that the palace is still owned by Germany has been the cause of great indignation among the people of Rome, who since the entry of Italy into the war, have demanded that Capitoline Hill be freed from its "Teutonic stain."

GERMANY DEMANDS CONTROL OF AUSTRIAN ARMY

(Special to The Guardian)
PARIS, June 28.—Complete control of the Austrian armies will be demanded by Germany as a result of the Austrian defeat along the Piave. Rome advises to the Italian Embassy here today states the attitude of the German press and the German people toward Austria as a result of her failure to overwhelm the Italians is declared to be bitter. The Germans intimate that the Austrians were materially aided by their Allies in advance of the proposed Austrian offensive both with reserves, guns and supplies.

CONFERENCE WITH G. T. DIRECTORATE

Sir Robert Borden and Colleagues Confer With G.T.P. Directorate With View to Settlement.

(Special to The Guardian)
LONDON, June 28.—Premier Borden joined Messrs. Meighen and Calder in a conference with the Grand Trunk directors today. It is felt impossible to secure at once an arrangement satisfactory to both parties. It is understood the government proposals are for the Grand Trunk to carry out the Grand Trunk Pacific contract or accept what the government believes to be a fair valuation of the properties. The Grand Trunk directors feel that the company should be relieved of the Grand Trunk Pacific liability and reimbursed to some extent over both roads not on a valuation but on a considerable per centage of the investment. Re the Grand Trunk Pacific burden, it is believed the Grand Trunk will considerably moderate the value placed on the parent company.

NO DECISION RE CANADIAN NORTHERN TILL PREMIER'S RETURN

OTTAWA, June 28.—Pending the return of the Prime Minister and his colleagues from overseas, it is said here no decision will be made by the government in regard to the Canadian Northern administration. The railway question has been under consideration, but no attempt is being made to determine any major question of policy during the absence of Sir Robert Borden.

NOT A RELATIVE OF HON. DAVID LAIRD

An item in yesterday's Guardian, and which has appeared in a number of Mainland papers, stated that Cadet A. E. Laird, who was killed the other day at Camp Mohawk, was a grandson of the late Hon. David Laird. This was an error. The young man was not a relative of the Hon. David Laird.

NEWSPAPER MEN ARE INDICTED IN HEARST CASES

NEW YORK, June 28.—Ogden Mills Reid, publisher of the New York Tribune, Adolph S. Ochs, publisher of the New York Times, Errol Hart, assistant night editor of the Tribune, and John H. Payne, night city editor of the Times, were indicted by a county grand jury today, charged with having published in their paper a criminal libel against Mrs. William Randolph Hearst, wife of the publisher of the New York Journal. Mrs. Hearst, who is chairman of the social welfare committee of America's committee of women on national defense, complains of the publication by the papers of articles about her activities in that capacity, in which a woman was quoted as saying she was pro-German. Bail for the defendants was fixed at \$1,000 each.

VIENNA WORKMEN DEMAND PEACE

LONDON, June 27.—The Vienna workmen's committee in a resolution demanded not only peace the soonest possible, but that the Austrian government prove ready at any time to enter into negotiations for an all round peace without annexation, without contributions and without the foundation of a league of nations. But the resolution also states that the government must declare itself willing for such negotiations with hostile countries. The last passage was struck out of the German press. The Politiken ends an editorial comment on the resolution thus: "The most important meetings these days taking place in Vienna are those between the Socialist leaders and Foreign Minister Burian. Very important questions depend thereon. Who knows but that perhaps peace may dawn from the Austrian food catastrophe."

DEAD SOLDIER CAME TO LIFE

American in Canadian Army is New Enoch Arden

PEMBROKE, MASS., JUNE 22

Howard G. Leighton, recently mentioned in a Canadian casualty list as having died on a battlefield in France, started his sister, Mrs. William C. Jones, by appearing at her home here today. "I thought you were dead," was the sister's greeting. "I thought so myself," the soldier replied. Leighton, who enlisted at Boston with a Canadian regiment, said he was so badly gassed in battle that he was pronounced dead, and the body ordered removed for burial. As he was being taken away stretcher bearers noticed signs of life, he said, and took him to a hospital, where he recovered. Notice of his death was conveyed to his family in March.

FIREMAN KILLED IN BAD WRECK ON THE C. G. R.

MONCTON, June 27.—The Ocean Limited from Montreal this afternoon was nine or ten hours late in reaching Moncton on account of a freight wreck at St. Bonome, Quebec, in which Fireman J. B. Darthous, of Fraserville, Que., was killed. The accident was due to a fast freight from Montreal running into an open switch and colliding with the rear of a train in the siding.

GREAT HAVOC BY BRITISH AIRMEN

(Special to The Guardian)
LONDON, June 28.—A communication issued by the air ministry on the work of the air squadrons says: "On the night of June 26-27 our airplanes attacked the chemical works at Ludg Wigshafen, the factories and railway sidings at Saar Brucken and the airfield at Bolchen. The air-drome and two hangars were set on fire and also one machine which was out on the air-drome. "All our machines returned safely. One of our machines, which yesterday was reported missing, has since returned."

ELEVEN KILLED FOURTEEN INJURED IN PARIS AIR RAID

(Special to The Guardian)
PARIS, June 28.—Eleven persons were killed and fourteen injured through the explosion of bombs dropped by German airmen in last night's raid over the Paris district.

SENSATION IN GERMAN REICHSTAG

(Special to The Guardian)
PARIS, June 27.—Acknowledgment by Foreign Secretary Von Kuehlmann that Germany cannot be certain of winning the war by force of arms caused an indescribable sensation in the Reichstag, says a Zurich despatch to the Petit Journal. His prediction that the war might last through a fifth winter was received in silence and there was much consternation among the members of the right. The debate which followed the Foreign Secretary's speech was very stormy, pan-Germanist speeches being interrupted by the left.

MORE GERMAN ATROCITIES AT CHARLEVOIX

Many Persons Executed and Their Relatives Kept in Agonizing Suspense for Days

LONDON, June 27.—The little Belgian newspaper, Ame Belge, which continues to be issued in spite of all the efforts of the German authorities to suppress it, gives an account of some recent atrocities at Charlevoix. Nineteen persons, including women, merchants, a priest and railway officials, were tried for spying on the movements of German troops. Six of them were condemned to death, but their relatives were not told the names of the victims and passed days of agonizing suspense. Wives and children of men who were under arrest stood all night at the prison gates, their feelings alternating between hope and despair. Not until the bodies of the victims were brought out after the executions was it possible to know who were killed and who had been spared.

ANOTHER HUN RAIDER SEEN

Mysterious Powerful Craft Sinking British Steamship Two Hundred Miles East of Hamilton

NORFOLK, VA., JUNE 27

Reports of the presence of a fast and heavily armed German raider here today by masters of yessels arriving from Central and South America. The ship is said to be of the cruiser type with a rakish build and clean lines. The raider first made her appearance 200 miles east of Hamilton, Bermuda, where she is reported to have sunk a large British steamship. Two American merchant ships were shelled but managed to escape.

A "Mother" Ship?

The fact that the raider made no effort to attack at least two vessels which sighted her led the captains to believe that she is a "mother ship," for submarines which recently were operating off the Atlantic coast.

ANOTHER AIR RAID MADE ON PARIS

(Special to The Guardian)
PARIS, June 28.—Several squadrons of enemy airplanes penetrated the defenses of the Paris district last night. Antiaircraft batteries violently shelled them. Several bombs were dropped and material damage was done. There were few victims. The alarm was sounded at 10.30 p.m., and the "all clear" signal at 12.05 a.m.

U.S. FLOUR COMPANY FINED \$25,000

(Special to The Guardian)
WASHINGTON, June 28.—The Food Administration has fined the J. Kulla Company, flour dealers, of 2 Stone street, New York, for being informed that it must pay \$25,000 to the Red Cross, or go out of business. The company, it was said, had not indicated the course it intends to pursue concerning the charges against the company. This official announcement was made: "After a full investigation it was established that this firm was guilty of selling flour and substitutes at excessive margins of profit and making sales of flour without proportionate sales of substitutes."

W.C.T.U. REPLIES TO CRITICISM

Fragmentary Extracts of the President's Address Gave a Wrong Impression of What She Really Said

OTTAWA, June 27.—The executive of the Dominion Women's Christian Temperance Union have issued the following statement, in reference to the criticisms made by Col. Pidgeon president of the Ottawa Branch of the Great War Veterans Association: "The executive of the Dominion Women's Christian Temperance Union desires to correct the impression which Col. Pidgeon's statement is evidently intended to convey to the public. Unfortunately, the statements credited to Mrs. Wright are so fragmentary as to give no correct idea of what she really said, and some of the accusations are entirely without foundation. The address, as given by Mrs. Wright, was a full and complete statement of the past efforts of this organization, together with a perusal of the plans for the future, will at least give it a right to claim a place second to none, not only as a patriotic organization, but as one actually supporting our men at the front. This magnificent address will soon be published in full, and the secretary will be pleased to forward a copy to any who may be interested in knowing just what it actually contained. "We regret that any personal reference should have been made to our president, as it only shows how utterly unacquainted with the facts of the case the author of the statement must have been. Mrs. Wright needs no identification to the people of Canada, and her past history as a woman of outstanding ability and public spirit is one of which all women, as well as those of the W.C.T.U. have to be proud. "And perhaps few mothers in the Dominion of Canada have given to their country three sons with as enviable a record as the three sons of our Dominion president have made in France."

HELP THE BOYS OF "M" BATTERY

Lieut. Irving G. McLaren, of Charlottetown, now with "M" Battery, No. 3 Co., 2nd Canadian Machine Gun Battalion, B. E. F., France, in a letter received here points out that the Island boys of the Battery are in need of socks. He expresses the hope that some of the organizations here send these boys. He also says that the boys would very much appreciate a gift from some organizations of about six "Primus" stoves. These are a small smokeless type of stove the only kind suitable for machine gun men in the front line trenches to cook meals, make tea, etc., as there is no smoke from their like ordinary stoves which draw the enemy's fire. Following is a list of Island men now with "M" Co., practically all of whom are members of the 105th Battalion and the Reinforcement draft of that Battalion. Lieut. Irving G. McLaren, Charlottetown, and Privates—299838, Campbell, C. W. Rollo Bay 712354, Bagnall, H., Hazel Grove 712984, Goodwin, L. W., Wellington 713084, Chaisson, W. B., Charlottetown. 713111, Constant, A. E., Summerside. 2162305, Bishop, D. R. Mt. Buchanan 2060360, Arsenault, G. W., St. Nicholas. 794171, Daigle, A. Jacket River. 2967023, Gravel, P. J., Alberton 2969246, Cass, T. A., North River. 712839, O. A. Gallant, Beaton Road 712764, McInnis, G., Miminikash. 712294, McLennan, W. E., O'Leary. 712928, McLeod, J. M., Montague. 712625, McLaughlin, N., Clyde River. 2969319, McNeil, S. R., Wellington. 2961061, White, A. 712325, Scully, J., Rocky Point. The above names will receive regular supplies of comforts from the 105th Comfort Circle. Lieut. McLaren, it will be remembered was for a month machine gun instructor with the 105th here and was also a month with them at Valcartier, but not being attached could not proceed overseas with them, but volunteered for O. S. service and was called in 1916, when some three hundred officers were required to fill vacancies due to wastage from battle. He has been at the front continuously for thirteen months.

THE U. S. WHEAT CROP DIFFERENTIAL BASIS

WASHINGTON, June 24.—The 1918 wheat crop, the food administration says, will be handled on a differential basis, effective July first. One dollar and ten cents maximum differential a barrel between the price of wheat and the finished product will be allowed millers. No speculation in wheat or flour will be permitted.

NEW ENEMY DEVICE OF FRIGHTFULNESS

PARIS, June 27.—"Fliegergermans," a device of frightfulness, is the name given by the Germans to a recently perfected bomb which, according to their own claims, will multiply one hundredfold the precision and effect of night bombardments. The bomb weighs less than two pounds, enabling an aviator to carry hundreds at a single trip and it is said to be employed especially against crowds of people. Instructions found on the person of a German aviator officer made prisoner the other day say that in order to get the greatest efficiency and permit the low flying aviator to see the result obtained, the following method is employed: First, the aviator must throw several incendiary bombs on the object of attack. After a pause of some minutes to permit the crowd to gather around the burning object to extinguish the flames, the aviators must swoop down and throw their fliegermaas into the midst of the group.

REFUSE TO REGISTER

MONTRÉAL, June 24.—That "with in the County of Dorchester, Quebec there were some refusals in which every inhabitant refused to register was the statement today of Superintendent Registrar Cresse. "If they and all defaulting persons do not fulfil their duty the law will deal severely with them."

GLOOMY CONDITIONS IN BUDAPEST

AMSTERDAM, June 28.—Budapest advices received here say that in the Lower House of Parliament on Wednesday, Dr. Alexander Wekerle, the Hungarian Premier, drew a gloomy picture of conditions in Budapest. The Premier said most of the factories had ceased work, and that the non-appearance of the newspapers had resulted in a regrettable spreading of false rumors which had fanned the agitation among the working people.

WHERE WILL THE NEXT GERMAN BLOW FALL

Some Doubt Exists as to Whether Hindenburg Will Attack. Correspondents at Front Declare Attack is Now Imminent. Heavy Gas Bombardment by Germans Along La Basse Canal.

(Special to The Guardian)
LONDON, June 28.—Doubt begins to creep into the writings of European military critics as to the German program. Heretofore after the failure of each succeeding blow to secure a decision the question has been, "where will Hindenburg strike?" Now not a few begin to ask, "will Hindenburg strike again?" The war correspondents at the British front are not among the doubters. They not only believe the Germans will attack once more, but consider that the storm troops to be used in the operations are already being moved up into their positions. Meanwhile, there is an unquiet calm all along the battle line. The attack does not always come where gas shells have been used freely. Were that the rule, it might be predicted that the region along the canal of Labasse, north of Behaus, is to be subjected to an enemy assault. Gas shells have been showered on this sector of the British lines, and also into the forest of Nieppe, to the north of it, in very considerable quantities and with much persistence. Bataillons in billets in the forest and the villages around Behaus will have to use their masks on parade and on the play-grounds. Football with masks at the alert and sometimes in use, will be a new experience for the soldiers in training.

AMERICANS BLEW UP RAILROAD STATION

WITH AMERICAN ARMIES IN FRANCE, June 28.—An American bombing squadron blew up the railroad station and yards at Conflans, 20 miles east of Verdun this morning and returned safely.

BRITISH CAPTURE STRONG GERMAN POSITION

LONDON, June 28.—British troops last night took a German strong point west of Yieuz Berquin, east of Hazebrouck, and captured prisoners and machine guns, says the official statement from Field Marshal Haig today. Artillery has been active on the Lys salient.

VON KUEHLMAN HAS RESIGNED

(Special to The Guardian)
PARIS, June 28.—Dr Von Kuehlman offered his resignation as German Foreign Secretary on Wednesday says a Zurich despatch to the Journal. The despatch adds that it is believed the Emperor will accept the resignation.

HUNS WILL CRUSH POLAND

(Special to The Guardian)
LONDON, June 28.—Germany and Russian Bolshevik governments in a secret convention regarding the future of Poland have virtually agreed to co-operate in crushing Polish Nationalist aspirations. Details of the treaty have been printed in the newspaper "The Nations' Voice" of Cracow, Galicia, according to a dispatch to the Times from Milan. The Bolshevik government pledged itself to recognize Austro-German hegemony in Poland and to aid in defending it against the former allies of Russia.

HEAVY GUNFIRE ON WESTERN FRONT

(Special to The Guardian)
LONDON, June 28.—Heavy gunfire was heard along the English coast throughout last night. The cannoning, which presumably came from the west front, was also audible in London.

ONE SHIP A DAY IN JUNE IN THE U. S.

WASHINGTON, June 27.—The first million tons of new ships built on contract for the shipping board probably will be delivered before the end of the month. Last week deliveries totalled five steel vessels, with a dead weight total of 37,830, making the grand total of 1918, production 924,200 dead weight tons. Deliveries during the first three weeks of June have averaged one ship a day, with an aggregate carrying capacity of 125,992 tons.

MILITARY LOSSES

LONDON, June 28.—Publication of the Admiralty report announcing the merchant tonnage losses for the month due to enemy action, shows that the marine risk totalled, British, 24,735 tons; neutral 130,939 tons, as compared with an adjusted aggregate for April of 311,456 tons and 630,339 tons, in May for last year.

GLOVER TRAGEDY IS RECALLED IN COURT

BOSTON, June 27.—The old Glover murder case, which stirred the State a few years ago, was again dragged into the limelight yesterday. Clarence F. Glover, manager of the Waltham Laundry Co., was fatally shot as he was leaving the laundry on the night of November 20, 1909, and ever since that time the title of the laundry has been in dispute. The former wife of Glover, Lillian M. Glover, now Delamare, claims that the business was purchased with her money, while on the other hand the heirs of Glover contend that the property belonged to him and that they are entitled to the money realized from it.

REMARKABLE FEAT OF A BRITISH AIRMAN

Shot Down Four out of Five Machines on the Flanders Front

LONDON, June 27.—A remarkable account of the feat of a squadron commander of the Royal Air Force, who is now in London on leave, is being told at the Aero Club. The day he was to leave France for England he determined to bring down one more German before his departure.

The length of today and tomorrow will be fifteen hours and twenty nine minutes.

CAPT. R. BLACK INSPECTS GEORGETOWN CADETS

Capt. Robinson Black arrived in the City again on Saturday evening and yesterday morning proceeded to Georgetown where the boys of the public school Cadet Corps, there under command of the principal of the school Mr. H. Shaw turned out on the school grounds for their annual inspection.

The number of boys enrolled exceeded that of previous years although many of the cadets were engaged for some time on the S. O. S. move ment.

Over 30 boys however were lined up to receive the inspector, who put the boys through their various drill movements and also some physical training. The Corps had not the privilege of other corps in their supply of drill rifles and musketry equipment but in the work performed including squad drill and also extended order. The inspector congratulated them and their instructor on the evidence shown of good training and discipline and assured the boys that the full equipment was now forthcoming and would be issued when required.

The boys of Georgetown are quite enthusiastic and displayed quite an aptitude to grasp the opportunity of being a Cadet Corps on the Island to be acknowledged with later.

The inspector at the close of his address promised the boys to induce greater interest being taken in the carrying on of the work by the citizens generally and subsequently interviewed the Mayor and Councillors and also Rev. Mr. Greenlee each and all of whom assured the inspector of their hearty co-operation and support. Towards the fall of the present year it is hoped an instructive and interesting local entertainment will be organized for the benefit of the Cadets with a view to providing them with unusually fine lantern display by the Rev. Mr. Greenlee and other distinguished local talent in Georgetown.
