EVERYTHING LOOKS GOOD.—Mr. Gervaise McNally of Lot 14, was in the city on Saturday. Mr. McNally reports that in his section and all through Grand River the country never looked better for the time of year. The prospects for a bumper hay crop is very encouraging and that the potato crop will be a good average. Potatoes and the root crops generally will also give a splendid yield. Speaking of the election prospects in his district (the third) Mr. McNally predicts that Premier Arsenault will be elected by a considerably larger majority than at the general election. The feeling throughout the entire district is without a doubt strongly in favor of Hon. Mr. Arsenault. Mr. Arsenault's genial and unassuming character is known to all and his opponents can give no logical reason to show why he should be defeated.

BEAUTIFUL SCHOOL GARDEN.—The Cowitchan Leader contains the following reference in which an island lady, Miss Macdonald is interested.—"The garden fete, in aid of the Red Cross, which was held at Crofton school on Friday, June 29th, in connection with their school closing, was very successful. The people of Crofton turned out in a body and, by the generous way they spent their money, showed that they had come with the intention of making it a success. On the day of the fete the sum of \$46.40 was realized; this, together with \$5.50 which had previously been made by selling plants and vegetables made a total of \$52. To the ladies who helped the teacher, Miss M. A. Macdonald and the children to organize and prepare for the fete, a great deal of the success is due." The teacher referred to above is Miss Mary Agnes Macdonald, daughter of Mr. A. J. Macdonald, Glenwood West. Miss Macdonald's splendid school garden at Crofton is famous all over British Columbia for the excellence and variety of flowers and vegetables raised as well as for the amount of money it has earned for the Red Cross in the last two years. The school Board of the Municipality have on several occasions shown their appreciation of Miss Macdonald's splendid abilities by increases in salary and by offering her the principalship of Chemainus Superior School, the highest office in their gift.

Inflamed Eyelids HEAT and fullness of the lids, feelings as though there were sand in the eyes—these are the symptoms of inflammation and granulation of the eyelids. Besides the discomfort and suffering there is danger of the sight being permanently injured by the scraping of the granules across the surface of the eye.
