

—Charm of youth "that schoolgirl complexion"

The simple rule in daily skin care to follow if you seek it

THE woman of today knows one goal above all others in beauty care. And that is to keep her Youth. For she knows how tragically difficult, once lost, it is to regain.

Soap and water have become the Youth preservation rule of the world. Used properly, it is surprising what it does. The thousands of youthful women, long past their first youth, seen on every side today, prove the point beyond question.

Urged by leading skin specialists, that rule is based on keeping the skin and pores clean of age-inviting accumulations. Its whole secret is the KIND of soap one uses. A true complexion soap is meant, a soap like Palmolive, made for one purpose only, to safeguard the complexion. Others may prove too harsh.

The rule to follow if guarding a good complexion is your goal

So, largely on expert advice, more and more thousands of women turn to the balmy lather of Palmolive, used this way.

Wash your face gently with soothing Palmolive Soap, massaging the lather softly into the skin. Rinse thoroughly, first with warm water, then with cold.

If your skin is inclined to be dry, apply a touch of good cold cream—that is all. Do this regularly, and particularly in the evening.

Use powder and rouge if you wish. But never leave them on over night. They clog the pores, often enlarge them. Blackheads and disfigurements often follow. They must be washed away.

Avoid this mistake

Do not use ordinary soaps in the treatment given above. Do not think any green soap, or one represented as of olive and palm oils, is the same as Palmolive.

And it costs but 10c the cake! So little that millions let it do for their bodies what it does for their faces. Obtain a cake—then note the difference one week makes.

Mt. Stewart Notes

The heavy rains of last Wednesday cleaned off the ice in good shape. Even making some of the landings unsafe. It has the weather prophets well beaten hereabouts to know what to predict.

Quite a large number from Mount Stewart and vicinities attended Burns' Concert, Wednesday and Thursday night and say it was better than ever.

Our blacksmiths here are kept busy these times, so many sudden changes in the weather.

The Savage Harbor Packing Co. intend moving their factory from its present site at the original harbor down to where the new harbor has broken out or about a mile farther west along the seashore. The company intend hiring the services of Mr. John McQuirk, Dro-more, to move the building for them across the harbor and down along the bay ice to where it is intended to be located.

One fisherman reports an exceptionally high tide in the East River one night the first of last week. So high it came into his shanty to a depth of a foot on the land and after it had turned out, holes had to be cut in the floor to let the water off.

His innumerable friends are glad to have Mr. McLeod Douglas who has recently undergone an attack of illness, back with them again.

We are glad to learn that Mrs. H. D. Coffin who has been ill for some time is rapidly recovering her health.

Mrs. P. J. Stahl, came from Boston, Mass., Thursday evening to pay a visit to her former home here.

Th stork visited Mr. and Mrs. Wendell Glover, Thursday and left a bouncing baby boy. Congratulations.

Very shortly after the close of the programme Santa Claus arrived. Because of the heavy roads he was somewhat tired and weary. After a short rest he set to work to distribute the many gifts, all of the children were remembered, as were also some of the older folk. Among the grown folk receiving gifts were Rev. R. Hensley Stavert pastor; Mrs. D. A. McLean, organist, and others of the leaders and workers of the S. School and church. When he had completed his work Santa left for his home, bidding all a fond farewell.

The organist of the evening was Mrs. D. A. McLean. The boxes of candy were auctioned off by Mr. E. Howatt. The gathering was closed by singing the National Anthem.

Georgetown.—Twelve members met in the Council Chamber. Letters were read from the Supervisor, also letters acknowledging donations from the Hospital. A paper on Institute work was read by two of the members. A committee was appointed to visit a new family that recently came from England.

—MISCELLANEOUS SHOWER. —On Monday, January 23rd, a miscellaneous shower was held at the home of Mrs. George McIntyre, for Mrs. S. S. Hessian, who recently returned from New York; where she was married on January 7th. The drawing room was very attractively decorated for the occasion and the many beautiful gifts received, proved the popularity of the bride. The verses that accompanied the gifts, were greatly enjoyed by all. After a few games were played, and the strains of the old time songs died away, the guests returned to their respective homes well satisfied with a most enjoyable evening. —M.

—GEORGETOWN NIGHT SCHOOL.—The Georgetown Night School has been one of the most popular organizations of its kind ever introduced in Georgetown. The class work is of a good order and their debating members are worthy of all good mention. Especially was this noted on the night of Jan. 25th, when the subject "Resolved that Prohibition should be abolished," was debated with much spirit by both sides. Prohibition was upheld by a large majority of speakers, being Mr. Allison Stewart, Mr. J. A. B. McLeod (teacher), Mr. Waldron Lavers and Stewart Lavers. Some very capable speeches were delivered by their opponents, but to no avail. The speakers were: Mr. Ernest Fitch, Mr. Samuel Yonston, Mr. John Yonston and Mr. Haylock Stewart. Following the debate a surprise party was given by the Vice President, Mr. Samuel Yonston and everyone enjoyed themselves to extreme. The Night School voted hearty thanks to Mr. Yonston for his lunch and to Mrs. George Yonston, who so kindly prepared it. Special mention must be made of the presence of Mr. S. Johnson at the school. Mr. Johnson not only addressed the boys but was kind enough to read one of his very interesting songs. A

SCHOOL CONCERT

On the evening of Dec. 21st a very successful school concert was held in the hall at North Bedouque. Although it was the first attempt of the children at entertaining an audience, many of them were pronounced "stars" and the general remark of all present was "the best concert I ever attended."

Mr. D. B. MacDonald in his genial way performed the duties of chairman to the satisfaction of all. After the completion of a lengthy programme Santa Claus appeared treating all the children to candy, and distributing the various presents not forgetting the teacher who was very kindly remembered by the children.

Santa Claus was quite surprised to get an invitation to meet the children of North Bedouque at their hall, as it had been the first time he was ever there and he hoped it wouldn't be the last.

Complimentary remarks were made by the chairman, Mr. D. B. MacDonald, Rev. D. K. Ross and Mr. Robert Baker, all expressing themselves as being delighted with the entertainment, and complimenting the teacher Miss Marjorie Darrah for the very splendid manner in which the children were trained. The following programme was rendered, and many encores responded to: Chorus—by the School; Recitation—Geneva Taylor

Adrift in Water Tank

(By British United Press) LONDON, Jan. 27.—An amazing story of the sea is told by a correspondent of the Allahabad Pioneer. The schooner Fatch, Maharik, which was carrying coal from Bombay to Cutchina, became waterlogged during a storm when off the Kathiwar coast. The crew consisted of the captain and his sons, nephews, and sons-in-law, numbering fourteen in all. They had no boats, but seeing that they would have to abandon the schooner, they prepared two water-tanks with can-

vas linings. These were eight feet long, four feet broad and five feet deep, and when they had been practically emptied of water they were launched. Into one the captain went with seven others, including his sons, aged 8, 10 and 15. The other six members of the crew got into the other. The only provisions taken in the captain's tank were two pounds of biscuits. The little supply of water at the bottom of the tank was soon ruined by overlapping waves. For thirteen days terrible privations were endured. The youngest boy died after three days, but the father refused to let the body overboard, hoping that

they would be picked up, so that the body could have a proper Mohammedan burial. Another son died two days later, and subsequently a nephew, aged 30, but all the bodies were kept until two days before the survivors were rescued by the Lloyd Triestino, steamer Pilina over 300 miles from Bombay. The four surviving men collapsed when taken on board, but eventually recovered. The remaining boy died, however, immediately on reaching the deck of the Pilina.
