If Your Children Arc Run Down

They are Liable to Get Fever or Pneumonia. Keep Your Little Ones Strong and Healthy with Ferrozone.

Parents can't afford to neglect the health of their children, for if disease fastens itself on the child of tender years it may be the beginning of a long train of serious sickness. Ferrozone is a remedy that mothers can rely on, and every child will be benefited by using it. Mrs. Henrietta Laflamme of Quebec, writes: "Last year my daughter, aged sixteen, was run down and looked very poorly. She was worrying about her exams, and she didn't feel strong enough to study very hard. I got some Ferrozone and it made a wonderful change in Marie. Ferrozone gave her strength and toned her up splendidly. I am very grateful to Ferrozone and know that children would be much stronger if treated with Ferrozone."

Mrs. James E. Devine of Frankford, says Ferrozone has no equal for strengthening children and writes: "When my little daughter was weak and miserable I gave her one Ferrozone tablet at meals. She improved at once, and before taking Ferrozone a week gained in weight, and enjoyed a splendid appetite. I never used any tonic that gave such quick and permanent results as Ferrozone." Every child can be made stronger by Ferrozone which acts on the blood and strengthens the entire system. Ferrozone is the sort of tonic that builds up strong healthy frames; it gives a child energy and spirit, and drives away weakness. Every mother should give her children Ferrozone, and give up all obsolete treatments like biters and cod liver oil, which are hard on a child's stomach. Just one Ferrozone tablet at meals, easy and pleasant to take. Results are sure when you use Ferrozone. Refuse any substitute and insist on having Ferrozone which alone can build up and cure quickly. Price 50c per box or six boxes for \$2.50, at all druggists or by mail from C. Polson & Co., Kingston, Ont., and Hartford, Conn., U. S. A.
