THE Frost & Wood Co. are keeping abreast with the rushing times. Their workman's hip has always been inferior to none and this year they have produced some very fine work in reapers and binders. The Eccentric Wheel on Binder No 3 is a unique feature it equalizes and reduces strain, makes the machine more durable, enables it to handle heavy grain with ease and relieves the horses from the usual sudden and intermittent strain of binding. The wide deck on the Frost & Wood No 3 Binder has capacity for the longest grain. There are three packers which form bundles quickly. Two or three discharge arms can be used, at discretion of the operator. An excellent and exclusive feature of the Frost & Wood No 3 is the Spring Retarding Flap. It holds the heads of the grain even with the butts and forms a smooth, clear bundle. Or if a reaper is desired what better could one do than invest in a Frost & Wood Light Reaper. It is strong and durable, easy to operate, and easy on horses, and well balanced; has roller bearings in the main axle. It is tested by years of successful work. A. Horns & Co. are agents in the city.

A Noted Medical Specialist Speaks For the Benefit of Hot Weather Sufferers.

He Maintains that **Paine's Celery Compound** Is a Banisher of Disease and a Restorer of Health.

A noted medical specialist—a physician possessing ample wealth—ever ready to acknowledge worth and merit, speaks of Paine's Celery Compound as follows:
"In summer time, when strength fails, when that tired, listless feeling is experienced from day to day, when the digestive organs are not doing their work properly, when constipation is poisoning the blood, when disease with iron hand takes possession of the body, Paine's Celery Compound will be found a marvellous banisher of disease and a true health restorer."
This strong statement should convince the suffering and diseased that Dr. Phelps' great medical discovery is what they need to restore perfect health. The thousands of lives fast wearing away can be saved and made happy and useful to families and friends. May Heaven speedily convince the doubting and despondent, and direct them to that unfailing life-giver—Paine's Celery Compound.
