SUMMERSIDE DRIVING PARK

A special meeting of the directors of the Summerside Driving Park held on Friday evening the following program was decided upon for the Dominion Day races:

2:29 Trot and Pace, no time allowance.

2:23 Trot and Pace, 3 seconds allowed trotters.

2:17 Trot and Pace, 3 seconds allowed trotters.

One Free-For-All.

A purse of \$800.00 will be divided equally.

There were a large number of horsemen present at the meeting and great enthusiasm was shown. Everyone felt that the Island race horse is coming into its own again and that this season will see a big revival of the King of Sports.

The classes announced will give every horseman a chance to enter his favorite horse.

The management have not forgotten the athletic side of the program and some very good track and field events are being arranged. Highlights on the list are a Tug of War, for which a prize will be offered, and a bicycle race. The track is in excellent condition and horsemen are trying out the fastest ones every day. This year's Dominion Day races should be the best Summerside has ever seen.—S

Hi-Y6 West Kent 2

HI-Y 6; WEST KENT 2.

Saturday afternoon at C.A.A.A. grounds the Hi-Y downed their old rivals West Kent by the score of 6 to 2. The game was one of the best ever played by junior teams in Charlottetown. The rival pitchers "Lou" Campbell (who pitched for W.K.S.) and "Slick" Goss let the opposing batsmen down with four hits per team. The Hi-Y in pitched to perfection and pulled out two double plays and a triple, while the school team weakened in the latter part of the game and were credited with five errors.

Some Highlights Of The Game

The shoe string catch by Skinner Morris in short right field. The triple play by the Hi-Y infield. The batting of Jack McLean, who got three hits in four times up. The masterful pitching of Lou Campbell who for the first six innings held the club boys scoreless.

CHILLED PRODUCTS PROBLEM

The problems of the prevention of vapour condensation on chilled or frozen products, particularly poultry, is engaging the attention of the National Research Council at the request of the Poultry Division of the Dominion Department of Agriculture. So far their researches have demonstrated that by means of a heating room condensation can be avoided without an excessive amount of expensive or bother when it concerns a stationary cold storage tank. When, however, the proposition is to land the chilled product on a wharf from a ship with no cold storage plant nearby from which to secure dry air, the problem becomes either: (1) the maintaining of a room of sufficiently low dew point, efficiently and economically, into which the product would be placed for warming immediately on landing (if it were not going direct to the operation of warming on shipboard just prior to landing. The possibilities of these two solutions are now under consideration.

ALL-BRITISH FINALS IN CH'SHIPS

(Canadian Press and Associated Press Cables)

AUTEUIL, France, May 28—An all-British final in the men's doubles of the French hard court championships was assured to Roland Garros Stadium today when the English Davis Cup players, Fred Perry and G. P. Hughes, defeated Henri Cochet and Andre Merlin of France, 6-2, 3-6, 8-6, 6-4. They will play the sensational Australian youngsters, Vivian McGrath and Adrian Quist, in the final.

McGrath, incidentally, was the victim of the biggest upset of the tournament today. He was beaten in the second round of men's singles by the Polish champion, Joseph Hebda, 8-6, 6-2, 7-9, 7-5. Another Australian, Don Turnbull, was eliminated by J. Rimet of France, 2-6, 6-2, 6-3, 6-4.

Another upset was caused by Elizabeth Ryan the former Californian now living in England, and Nat Farquharson, South African ace, who defeated the highly favored French combination of Jean Borotra and Mme. Henrotin 8-6, 6-3, 6-2 to reach the semi-finals of the mixed doubles.

The first final of the tournament was played Saturday when Miss Ryan and Mme. Rene Mathieu, No. 1, of France, won the women's doubles with a 6-1, 6-3 victory over Mme. Collette Rosambert and Mme. Henrotin of France.

EPSON, England, May 28—Princess de Faucigny-Lucinge telegraphed from Paris today she had decided to scratch her big chestnut colt Rodosto from Wednesday's 53rd renewal of the Derby, world's greatest classic for three-year-olds. Her decision, made because Rodosto had been found stiff after Saturday's workout, reduced the field of probable starters to 25 colts.

RODOSTO ENTRY IS WITHDRAWN

(Canadian Press Cable)

EPSON, England, May 28—Princess de Faucigny-Lucinge telegraphed from Paris today she had decided to scratch her big chestnut colt Rodosto from Wednesday's 53rd renewal of the Derby, world's greatest classic for three-year-olds. Her decision, made because Rodosto had been found stiff after Saturday's workout, reduced the field of probable starters to 25 colts.

Roosevelt To Do Away With Gold Clause

WASHINGTON, May 28.—(A.P.)—The powerful weight of the Treasury Department was thrown tonight behind the Roosevelt proposal to do away with the gold clause in public and private contracts of the United States.

As Democratic leaders planned to have one measure brought up in the House tomorrow, they received word from Dean Acheson, Under-Secretary of the Treasury, that enactment was imperative in view of the Department's plans for a huge financial operation probably in June.

West Indies Fruit Export Increasing

MONTREAL, Que., May 29—The lesser known fruits of the British West Indies are finding increasing markets in Canada. Today, (Monday) there will be unloaded from the Canadian National liner "Lady Somers" for the Montreal market fifty boxes of mangoes. E. E. Holloway, Manager of Mutual Brokers states that a few years ago he would not have been able to place even five boxes in Montreal at one time.

Other fruits of the West Indies to be unloaded from the Lady Somers are, among others, limes, sap-dillas, papaws, a large consignment of which is for the Toronto market.

The papaw is the most intriguing of the fruits. It has been called the tree grown stomach due to its pep's content a juice of the human stomach in sufficient concentration to digest raw meat by mere contact.

The Canadian National Express have arranged for rapid transit of the fruit from the docks to Toronto.

Business is never good business until it makes a friend.—Van Amburgh

Timely Tips On Sport

TO FREDERICTON

Daddy Bubar, former Abble net tender is scheduled to line up with the Fredericton Capitals next season.

HITS HOMER, IS OUT

Here's what baseball fans call "a funny one."

Zanesville was leading Johnstown, 2 to 0, with two out in the first of the sixth. Ballange was on first and Milner at bat.

"Slam!" and the ball sailed over the right field fence—a distance of more than 375 feet and one of the longest hits ever made on the field. Ballange raced around the bases, followed by Milner.

At third base Ballange, who failed to see the ball leave the lot, glanced over his shoulder. He thought the right fielder was making a catch so he turned and trotted to his post in the outfield.

While the fans yelled, Milner "came home." He was called out at the plate for passing a base runner, although he knocked a sure homer. He was credited with a three-base hit.

SCHMELING FAVORITE

Two to one on Schmeling was the cry sounded by New York betting commissioners in announcing the odds on the heavyweight fight at Yankee Stadium June 8 between Max Schmeling, black banded German, and Maxie Baer, the Livermore, Calif. prospect.

Reports from Atlantic City, where Baer is training, have not been encouraging to the boys along cauliflower alley. Baer, it is said, is spending too much time in the water and not enough in the ring. "Water-training" the wise ones say, saps the stamina of the ordinary fighter.

On the other hand, "Der Maxie" is crapping his sparring partners as fast as Manager Joey Jacobs can lure them into the camp.

JUNE THIRD

As June the third, heralded as the opening day for the City League ball tossers, once again makes its appearance, baseball fans are eagerly awaiting the umpire's word "Play Ball." So far as can be learned the same number of teams as last year will comprise the loop, namely, Stars, Falcons and Rovers.

RUTH GETS THREE

"Babe" Ruth came out of his protracted batting slump, over the week-end when he connected for three circuit blows in as many games bringing his season's total to nine.

Forest Fires Under Control

FREDERICTON, N. B., May 28—With all forest fires in New Brunswick under control today, the situation showed a great improvement following rain yesterday and today. Crews who had been fighting the outbreaks were reduced to a patrolling force.

Restigouche County was the scene of the largest fires. Flames near St. Quentin were fought by scores of men before control was established. The menace in other parts of New Brunswick either was held in check or ended.

Damage from forest fires this season has been considerably less than last year.

The Easter outing for the Mother's meeting was to be held at Burnham Beches. The charabanc was crowded with mothers—big mothers, little mothers, fat mothers, thin mothers, all kinds of mothers.

As it set off a bystander called out to the driver, Where are you taking that lot?

We're going to Burnham, was the reply.

Well, that's not a bad idea, returned the wag.

A small boy (more a film than a history fan) was "rehearsing" before his father an essay he had to write on Sir Walter Raleigh.

Sir Walter wanted to keep in with the Queen, he said, so he took off his jacket and threw it over some mud for her to walk on.

Did he speak to Queen Elizabeth? asked the father.

Yes, came the unexpected reply. He said, "Step on it, baby!"

League Totals: American, 141; National, 123; total 264.

AMERICANS SWEEP SERIES

(Associated Press)

CHEVY CHASE CLUB, Washington, May 28—Against stiff competition Ellsworth Vines Saturday brought the American Davis Cup team score against Argentina to 4-0 by defeating Hector Cattaruzza, 7-5, 6-1, 5-7, 6-1.

Wilmer Allison was leading Adriano Zappa 6-2, 6-1, with the games at 2-55 in the third set when play was interrupted by rain for a second time during the day.

A conference afterward decided the final match should not be defaulted, but should be declared cancelled and the final match score recorded at 4-0 for the United States.

Seeks To Develop Foreign Trade

(Associated Press)

WASHINGTON, May 28—Former Senator Smith W. Brookhart of Iowa, named by administration agriculture leaders to develop foreign trade for American farm products, tonight had disclosed that he was seeking new trade agreements with Soviet Russia and that "already some very important moves have been made."

Brookhart said his relations with the Soviet would have nothing to do with recognition, "although as far as I am concerned I have always favored recognition." He added, however, that even without recognition, Russia presented "a really great field" for the sale of American farm products.

Overseas Travel On Increase

MONCTON, N. B., May 28—The cheap ocean fares, which are now in effect would appear to be greatly stimulating overseas travel, judging from the number of passengers passing through Moncton on Canadian National trains en route to Halifax to take ship from that port. Today, (Sunday) a party of one hundred and twenty Swedish-Canadians passed through Moncton on the Ocean Limited en route to Sweden for a holiday trip.

They are taking advantage of a special excursion rate, inaugurated by the steamship company.

TROJANS WIN BASEBALL TRACK TITLES RESULTS FOURTH TIME

(Associated Press)

CAMBRIDGE, Mass., May 28—Leaving the meet's two record-breaking exploits to others and conceding the individual spotlight to Princeton's Bill Bonthron, double winner in the classic 800 and 1,500-metre runs, Southern California's Trojans, today were inter-collegiate American Amateur Athletic Association Track and Field Champions for the fourth straight year.

The Trojans captured only one first place, but they scored in 10 of the 15 events, piled up 45 points and gained a much-desired triumph over their rivals from the west coast, Stanford, which finished second with 42 points.

BILL PASSED

(Continued from Page 1)

Throne Speech

The Speech from the Throne was a resume of the important legislation passed at the session but, contrary to expectations, it made no mention of the World Economic Conference at which the Prime Minister will represent Canada and which may be the cause of a fall session of Parliament.

It was the only Saturday sitting of the session and was devoted to a day-long debate of the Redistribution Bill. With less than five minutes debate, the schedules for British Columbia, Alberta, Manitoba, New Brunswick, Prince Edward Island and the Yukon Territory were passed and, later in the day, those for Saskatchewan. One change was made in Quebec, a portion of the Montreal riding of St. Mary was transferred to St. James and in Saskatchewan, the name of the riding of Redberry was changed to North Battleford.

PROGRAMME FOR PATIENTS

—Yesterday afternoon the Salvation Army Band gave a short programme of sacred music for the patients of Falconwood Hospital. The selections were played on King Square just opposite the building. Several hymns also formed part of the concert which was much enjoyed.

Simple Life For Longevity

HALIFAX, May 28.—(C.P.)—Live simply and you may reach the age of Mrs. Barbara Young, who is still in the best of health as she heads towards her 106th birthday.

"Simple living is the only way to reach an advanced age," she told reporters who visited her on her 105th birthday. "Why, the people of my day had far less luxuries than those of today, and yet they were stronger and more active."

She pointed to an uncle, Edward Harnish, who followed the rule of simple living until he was 113 years old; and to her father, John Harnish, who died at the age of 100. Then there's cousin Ephraim Harnish, who lives over in Queensland, N.S. Cousin Ephraim, who's just a young fellow of 84, thinks nothing of walking the 28 miles into Halifax to do a day's business.

Mrs. Young has her eye on Uncle Harnish's record and hopes to reach an even greater age than her long-lived relative. In spite of her advanced years, she is in fine health and, except for a slight deafness, retains all her mental and physical faculties.

Just to show the newspapermen that her sight was as good as ever, she threaded a needle without using spectacles, and to prove her memory wasn't slipping, she told them a few stories of life in Nova Scotia in the early days of the 19th century.

LINDSAY, Ont., May 28—More than 150 towns and cities will be visited in three Maritime Provinces by a goodwill trade tour, given an official send off by residents of Lindsay. A large crowd participated in the street dance which featured the celebration. The tour is being undertaken by A. W. Allin, director of Community Club Service, under the sponsorship of local service clubs, to improve trade relations between Ontario and the Provinces by the sea.

Unless a bushel by measure is specially agreed upon, it must weigh the following number of Standard Canadian pounds;— clover seed, beans, wheat, and peas, 60; Indian corn and rye, 56; Barley, buckwheat, timothy seed, 48; hempseed, 44; castor beans, 40; malt, 38; oats, 34, and blue grass 14 lbs.

BILLIE BURKE PLANS TO PRODUCE FOLLIES

HOLLYWOOD, Calif., May 28—Billie Burke, star of the screen and the widow of Florenz Ziegfeld, said today she will produce and present the "Ziegfeld Follies of 1933" on Broadway, opening at the Winter Garden, about August 1.

"Mr. Ziegfeld had mapped out this production before his death," the screen actress said, "and we are going to try to carry out his plans as far as possible."

Bingen Aubrey raced at New Annan in 1927 and won there taking a record of 2:19 1-4 and was purchased that day for the MacKinnon Stables and proved one of the very best horses ever raced in that stable. Racing in 1928-29-30 on the pace, he was the winner or contending horse and with the exception of Major Aubrey 2:11 could usually handle other opposition. His last race with Major Aubrey at Halifax in 1930 was a corker and went to five heats. Bingen Aubrey eventually winning, Marge Direct also taking a heat in 2:13. His record on the pace taken that year was 2:11 3-4.
