**BAPTIST CHURCH SERVICE.**—Sunday morning with a large audience present. Rev. R. C. Eaton spoke on "The Kingdom Come," the second of a series of sermons on the Lord's Prayer. Mr. Eaton dwelt on the symbolism of the phrase referring to the reign of God in the life of the individual and of society, pointing out the challenge to every man to answer this prayer by becoming a citizen—an ambassador—a social reformer. Miss Barbara McNeill took the solo in the morning anthem. The Sunday School which meets at 12 o'clock, showed an increase in attendance over the same period last year. The Mission Band under the leadership of Miss Sterns, held its session at 2.30 p. m. The evening service was broadcast through Station C. F. C. Y. The sermon theme was "The Great Day Race." Mr. Eaton chose as his text, Hebrews 12: 1, 2 and 3, where the writer depicts the Christian as a runner in a race. The picture suggested to the speaker, the relay race rather than the individual contest for mastery. The past depends upon the present to carry forward the message of progress and light and—falling hand on to the future, the torch. Three words epitomize the duty of the runner: "Receive—Run—Release." Two splendid anthems were rendered by a full choir. Mr. Dingwell took the solo in the first, while Miss McNeill and Mr. Quigley took the diet in the second. Monday evening, the gathering of the late organized troops of Boy Scouts, under the leadership of Mr. Robert Parent. Tuesday afternoon the Ladies' Guild met with Mrs. C. L. Mackay, Kent Street. Tuesday evening the C. G. I. T. groups meet at the Schoolroom. These groups are led by Miss Hatch and Miss Roberta Spencer. At the mid-week devotional meeting on Wednesday at 7.30, some new and interesting features have been introduced. After the address and discussion of the subject of the evening's meditation, a great religious poem bearing on the thought of the evening, is briefly studied. For this week the general theme is "Man's Search After God." Thursday evening at 8 o'clock the Philanthropy Class meets in session at the Personnel. The weekly practice session of the Choir, Friday at 7.30.

**Not Anxious For Non-Stop Flight**

BERLIN, Nov. 14.—Mrs. Francis Wilson Grayson, who was compelled to abandon an air flight from Orchard Beach, Maine, to Copenhagen because of bad weather and motor trouble, has no desire now to make any non-stop flight across the Atlantic.

"No non-stop flights across the ocean for me," she told the Associated Press Saturday upon her arrival in Berlin to confer with Mrs. Mabel Ancher, of Copenhagen, her financial backer. "It was my idea from the beginning that we should make stops enroute from the United States to Denmark, but my pilot over-ruled me. Studies of air and ocean currents while I was crossing on the majestic convinced me more than ever that the development of aviation can only be served by flying over the Atlantic in several hops."

"I am just as determined as ever to fly my aeroplane, the 'Dawn', to Copenhagen. Our three attempts provided excellent lessons from which I profited a great deal."

Mr. Frank McDonald, Hay River was a visitor to Little River Thursday.

Mr. Hugh Gillis, Rockbarra, visited his aunt, Mrs. Michael McDonald and the family, Clear Springs for several days this week.

(Special to the Guardian)

TORONTO, Nov. 14.—Simply delighted with the magnificent results of Poppy Day in Toronto I am indeed happy to think that I was able to do my bit in helping you in your great work. Heartiest congratulations to you all. Marie Willington.

This gracious message was received on Saturday by John A. Cory, Chairman of the Poppy Day Committee, and expresses Her Excellency's feelings in regard to the surprisingly successful campaign. These in charge of Poppy Day are confident that the total receipts will far exceed \$40,000 which in comparison with \$22,000 collected last year, indicates an increased interest in the claims of deserving veterans, and possibly also easier finances among the people at large.

**The Markets**

(Canadian Press)

**MONTREAL, Nov. 14.**—The export trade in wheat here today was quiet owing to the fact that foreign buyers were not disposed to follow the advance in prices recorded on Saturday. The demand for cash grain in the domestic market was also of a limited character, but the tone was steady. A feature of the flour trade was the stronger feeling that developed for spring wheat grades and prices were marked up ten cents per barrel. There was some demand from English importers and sales of odd lots were made, but the local trade was quiet. Sales of first patents were made at \$7.00, and strong bakers at \$7.50 per barrel. Prices for winter wheat grades of flour were firmly maintained under a continued good demand. Owing to the shortage of millfeed in the United States there continued to be a good demand from that source here and a large volume of business was done today, including sales of Manitoba brand to Boston for prompt shipment at \$36.00 per ton and for December shipment at \$37.50 per ton delivered, which prices are equivalent to \$34.00 per ton here. The local trade was also active and prices were firm. The undertone to the market for standard grades of rolled oats was strong and values will be stronger. The demand was moderate. The exports of baled hay from the port of Montreal for the week-end, Nov. 12, 1927 were 48,037 tons. Today's trade was fair and prices were unchanged. The potato trade was active and firm. Sales of car lots of Prince Edward Island whites were made at \$1.35 per bag of 90 pounds, New Brunswick Green Mountains at \$1.35 per bag in bulk, and Quebec variety at \$1.00 to \$1.10 per bag in bulk. The trade in imported beans continued steady and prices ruled steady. Sales of car lots of choice white hand-picked were made at \$2.50 per bushel, and to arrive at \$2.60 per bushel, extra track, while smaller quantities sold at \$2.75 per bushel, ex-store. A moderate amount of business was done in eggs and the feeling was firm. The receipts were 391 cases.

The butter market was without any new feature to note, the demand being timid and values were steady. The receipts were 651 packages. There was somewhat of a lull in the demand from English importers for cheese but prices were firm. The receipts were 5,836 boxes.

**OTTAWA, Ont., Nov. 14.**—(Eggs) Reports from all sections of Canada over the week-end indicate that supplies of fresh eggs are very light in all parts of the country with the exception of P. C., and that Province is unable to meet the demands from the prairies and east.

Toronto—The local market is firm and unchanged, shoppers at county points report business extremely dull. They are paying extras 48 to 50, firsts 44 to 48, seconds 34 to 36, and are making sales of grand eggs at extras 57 to 60, firsts 46 to 50, seconds 38 to 40.

Montreal—The egg market here is advancing under light receipts and the trading is active with sales being made in a jobbing way at fresh extras 59 to 60, firsts 47 to 48, seconds 38 to 40. The market for storage eggs is firmer.

Winnipeg—Dealers are quoting country shippers for ungraded eggs delivered cases returned, extras 50 to 52, firsts 41 to 47, seconds 36 to 38.

Saskatoon—Dealers are paying country shippers delivered, cases returned extras 40, firsts 38, seconds 32. Prices to retailers charge extras in cartons 45, loose 43, firsts 41, seconds 36 to 38.

Vancouver—Under a heavy demand from the prairies and eastern points this market advanced and
