Croupy Coughs and Asthma Gasps.

Are Alike Relieved and Cured by the Soothing, Healing Influence of

Dr. Chase's SYRUP OF Linseed and Turpentine.

Thousands of mothers feel grateful to Dr. Chase because this great medicine has been the means of saving a darling child when frantically struggling for breath—a victim of croup.

It also frees the asthma sufferer from the dreadful paroxysms which cause him such keen agony and cures asthma, as has been proven in a hundred cases.

The effects of Dr. Chase's Syrup of Linseed and Turpentine are both thorough and far-reaching, and it cures when ordinary cough medicines have little or no effect.

From childhood to old age this great treatment for ailments of the throat and lungs stands as a guard which prevents coughs and colds from reaching the lungs and developing into pneumonia and consumption.

Mrs. A. A. Vanbuskirk, Robinson street Moncton, N. B., states:—

"For years I have used Dr. Chase's Syrup of Linseed and Turpentine for my children whenever they take cold. I used it first with a severe form of asthma. We have never tried anything in the way of a cough medicine that worked so satisfactorily. It seemed to go right to the diseased parts and brought speedy relief."

Dr. Chase's Syrup of Linseed and Turpentine is sold by all dealers at the advertised price, 25 cents a bottle, family size (three times as much) 60 cents, Edmanson, Bates & Co., Toronto. To protect you against imitations the portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every bottle.

AN OPEN LETTER TO MOTHERS

I give him an occasional Tablet, and they keep him well. I can heartily recommend the Tablets to any mother who has a young baby."

There is a SOMETHING about VIM TEA that is to be found in no other tea," said a Saint John lady to a grocer the other day. She did not know exactly what or how to describe the difference, only there was a "something" VIM TEA had that other teas lacked. That something was a little more QUALITY.
