**Conference
 Spotlight**
 BY C. R. BLACKBURN

Canadian Press Staff Writer
QUEBEC, Nov. 2 (CP) - A
 fascinating picture of food produc-
 ers happily and profitably work-
 ing the rural areas to supply the
 world, and urban areas equally well
 equipped in urban areas to produce
 the things needed to make farm
 life pleasant is part of the gen-
 eral objective of the United Na-
 tions Food and Agriculture Organ-
 ization.

Delegates from more than 40
 nations were travelling homeward
 today from the F.A.O. conference
 which ended yesterday on a high
 note of optimism but with a strong
 realization that they have taken on
 a man-size job of world reforma-
 tion.

A large part of the conference
 group went to Washington where
 temporary headquarters of the
 F.A.O. will go to work a month
 under Sir John Boyd Orr, Scottish
 nutrition pioneer, who was elected
 director general.

It is Sir John's idea that the
 world of tomorrow should bring
 happiness, comfort and prosperity
 to the farm producers equal to
 that available to urban dwellers.
 Given the right kind of co-opera-
 tion among the world's govern-
 ments and the right kind of advice
 from the F.A.O., Sir John sees no
 reason why a world of plenty and
 equality should be difficult to
 achieve.

Farmers want good roads, good
 schools, motor cars, power machin-
 ery, radios, telephones, electric
 gadgets, movies and all the ameni-
 ties most of them do without
 under present conditions.

Since they are producing the
 basic essentials for world survival,
 they should be able to do it under
 as pleasant and as desirable cir-
 cumstances as those of urban areas,
 whose production caters more to
 the amenities and comforts than
 to the vital needs of mankind.

Economic arrangements for a
 suitable exchange of services be-
 tween these two classes provide
 the secret for success of the F.A.O.
 and all those participating in the
 organization realize it is a tremen-
 dous task.

But the world organization for
 war was a tremendous task, the
 achievement of which many, in-
 cluding Sir John, call miraculous.
 Now, Sir John is looking for a
 similar peace miracle, and if he
 succeeds only in a small degree, it
 will be a great accomplishment.

**Will Complete 56th
 Atlantic Crossing**

HALIFAX, N. S., Nov. 1—When
 the hospital ship *Nelson* docks in
 Halifax on November 4 she will
 have completed her 56th Atlan-
 tic crossing. The *Nelson*, the 361
 wounded and sick servicemen she
 will bring home on her 28th voyage
 while serving as a mercy ship, is
 the former flagship of the CNS
 West Indies fleet which will be re-
 turned to military personnel to
 Canada.

The largest number on this voy-
 age 108, will go to Toronto 58 to
 Montreal, 36 each to Winnipeg and
 Regina, 34 to Calgary, 28 to Van-
 couver, 24 to London, 13 to St.
 John, N.B., 12 to Ottawa, 10 to
 Kingston and 8 to Quebec. Two
 C.N.R. special hospital trains will
 be needed to transport them, made
 up of 11 hospital cars, 6 sleepers 4
 diners and two baggage cars.

With the announcement made
 recently by the Department of
 National Defence that a sister ship,
 the *Lady Rodney*, would be used
 in bringing home servicemen from
 Europe in the near future, there
 are three C.N.S. vessels in this ser-
 vice. The *Prince Robert*, former
 flag ship of the C.N.S. Alaska ser-
 vice, is transporting Canadian
 prisoners of war from Japan.

**Heroic Record
 Of N. B. Hussars**

**WITH CANADIAN FORCES IN
 THE NETHERLANDS** Nov. 1
 (CP)—When it comes to striking
 statistical balances, few units can
 show better proof of having dealt
 more damage than they suffered
 than the VIII Princess Louise (N.
 B.) Hussars.

Not counting enemy equipment
 knocked out or German wounded,
 the 8th N.E.L. for a loss of only
 35 tanks, reaped from the Germans
 a toll of 1,373 killed, 3,077 pris-
 oners and captured 15 tanks, 64 an-
 ti-tank guns, seven armoured cars,
 39 trucks, 12 self-propelled guns,
 nine ammunition dumps, 28 horse-
 drawn carts and even a complete
 train.

The regimental honor roll lists
 262 casualties of whom 185 names
 represent officers and other ranks
 who gave their lives. Thus far the
 unit has been awarded 26 decorations
 from D.S.O. to mentions in
 dispatches, while more honors
 are believed forthcoming.

RIDDELL-WHITE

A wedding of interest to the
 Maritimes took place in Walmer
 Road Baptist Church in Toronto,
 on October 5, 1945, when Ethel
 Blanche, daughter of Mr. and Mrs.
 J. Wallace White of Murray Har-
 bour, P.E.I., became the bride of
 Flying Officer William Riddell, son
 of Mr. William Riddell of Walk-
 erton, Ontario.

Dr. A. J. Moncrief, pastor of the
 church performed the double ring
 ceremony.

The bride wore a two piece
 dress of turquoise wool with
 brown accessories. Her corsage was
 of sweetheart roses. Her only or-
 nament was a string of pearls, a
 gift of the groom. The bridesmaid,
 Miss Dorothy Wheat of Hamilton,
 chose grey wool with purple ac-
 cessories; her corsage was of yel-
 low roses. The groom was support-
 ed by his brother Pilot Officer An-
 gus Riddell.

Following the ceremony a
 wedding supper was served at the
 Royal York Hotel.

The young couple will reside in
 Toronto where the groom is a
 student at the Canadian Memorial
 Chiropractic College of Canada.

**Another War
 Would End
 Civilization**

TORONTO, Nov. 1 (CP) -
 Admiral of the Fleet, Sir James
 Somerville suggested in an Empire
 Club address today that the talent
 and energy which won the war for
 the United Nations should be ap-
 plied now to a full-scale investiga-
 tion into the causes of war and the
 best methods of counteracting
 them.

The head of the British Admir-
 alty delegation in Washington said
 there is no adequate defence against
 the atomic bomb and warned that
 "a third world war will be the end
 of civilization. Large standing
 armies were no longer "the final
 answer for maintaining world
 peace."

He said the answer to the causes
 of war—"which can and will be de-
 termined"—might involve a lower-
 ing of living standards for some
 countries so that others, less fortu-
 nate, might benefit.

"It may involve surrendering
 sovereignty to the extent that every
 nation is prepared to allow its ac-
 tivities to be investigated by an in-
 ternational body."

Quotes Figures

He quoted some "hard-bitten
 facts" on Britain's war effort in
 answer to "certain people who say
 that Britain was willing to fight
 until her last ally was killed."

The United Kingdom suffered a
 total of 1,033,000 casualties during
 the war, he said, compared with a
 total of 1,070,000 for the United
 States. Casualties totalled 326,000
 and 262,000 for the United King-
 dom and the United States respec-
 tively. British Empire casualties
 were 1,515,000 including 429,000
 killed.

Allied and neutral shipping losses
 during the war totalled 4,770 ships
 displacing 21,000,000 tons. Of these
 vessels 2,770 were sunk by U-boats,
 1,900 of them in the North Atlan-
 tic.

Approximately 700 U-boats were
 sunk in the North Atlantic—462
 by British-controlled forces and 151
 by United States-controlled forces.
 A hundred others were accounted
 for in most cases probably by
 British minefields, he said.

After D-Day in Normandy, Cana-
 dian naval vessels provided all
 close escorts for Atlantic convoys
 and one-third of the naval hunt-
 ing groups in the North Atlantic

Second Century Saxons

The Saxons were mentioned for
 the first time by Ptolemy about
 the middle of the second century.

**CURB
 BACK-ACHE
 In This Quick Way**

Many an old sufferer says that
 many an agonizing back-pain can
 be given relief fairly quickly with
 Nerviline. Massage vigorously and
 rub lots of Nerviline in quite deep-
 ly. Plenty of rubbing won't do any
 harm and will often help material-
 ly in the acute stages. Carry out
 this treatment every three hours,
 massaging from five to 15 minutes
 each time. In chronic conditions,
 massage 3 times a day. You will
 find that when applied to muscular
 aches and pains, Nerviline works
 quickly, and oh so effectively in
 bringing relief. Go to work on your
 backache today—use pain-relieving
 Nerviline—it exerts a fine control
 over many pains of the muscular
 and rheumatic type. Sold in 35c
 bottles at all dealers.

 VICTORY LOAN SALESMEN**

1st DIVISION—(right to left)
 J. A. Webster, Commander; Lieut. Michael E. Campbell, Gnr. Wm. A. Chandler, Capt. Frank F. Andrew (Capt. Andrew entered College the day before the loan and his place was taken by Geoffrey D. FitzGerald). Mr. FitzGerald served overseas with his two sons, one of whom made the supreme sacrifice. The salesman at the extreme left is J. A. MacIsaac.

2nd DIVISION—(right to left)
 P/O Geo. J. Rogers, R. E. Hyndman, Non. T. W. L. Prowse, (Div. Commander); Geo. D. MacRae and Lieut. J. Robert Morris.

3rd DIVISION—E. D. Nicholson, Commander
 (right to left) Lieut. Don M. Grant, Lieut. Wilfred F. Duffy, Major J. Thomas Davies and Ray A. MacDonald.

TO THE PEOPLE OF CHARLOTTETOWN—

Your Victory Loan Salesman reports that the large purchasers of Victory Bonds are increasing their subscriptions this year — they know it may be their last chance to get in on a good investment, but those who usually made smaller purchases are not responding as they should. No loan or campaign is a success unless every citizen gets behind it and supports it. This will no doubt be your last chance to buy a Victory Bond and in addition to your having a good negotiable investment you are lending your support to your country, your city and these loan salesmen will be greatly encouraged in their canvass. If you haven't taken a Bond, call your sales man or phone 1216 and he will call on you.
