

Egypt's Greatest Treasures

Palm and olive oils are the most important treasures ever discovered in ancient Egypt. They were valued more than gold or jewels in Cleopatra's day because of their virtue as beautifying cleansers. Modern women get the same result by using Palmolive Soap. The scientific blend of these rich oriental oils gives the smooth, creamy cosmetic lather of Palmolive.

Palm and olive oils—nothing else—give nature's green color to Palmolive Soap

If Skin Breaks Out, Is Fiery, Itchy Or Rough, Use Sulphur

Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness.

You do not have to wait for improvement. It quickly shows. You can get a little jar of Rowles Mentho-Sulphur at any drug store.

PERSONALS

Mr. James Linton, who has been spending the winter in Georgetown, has returned to his home at Georgetown.

We regret to have to report the very serious illness of Mr. James Rourke a prosperous farmer living near Montague. This is a serious blow to this family especially at this season of the year.

We regret to learn that Mrs. William Webster of Montague is not as yet fully recovered from her tedious illness, being laid up for upwards of two months. The warm weather we hope will have the effect of restoring her to her former health.

To see our esteemed friend Mr. Robert McMillan of Montague, again his jovial self, is a pleasure indeed. Mr. McMillan was laid up for a long time with bronchitis, due in a measure to the damp weather.
