HIS LIVER DIDN'T WORK

And Dreadful Headaches and Depression Followed—Cured by

FERROZONE

Mr. Lionel S. Lascelle of Strathcona had a trying time with liver complaint, but wisely used Ferrozone to him. He says: "My liver got sluggish and torpid, and made me feel about half dead. When I got up in the morning I was as tired as if I had slept at all. My head ached and sparks swam before my eyes incessantly. If I bent over or did any stooping work I would be in a perfect whirl in two minutes. I felt depressed and out of sorts, and only got relief from Ferrozone. It went right to work, and before long cured me. I feel ever so much improved in health since using Ferrozone, which I strongly recommend for the kidneys and liver."
Mr. E. E. Morciet of Springfield says: "For years I was subject to frequent attacks of liver complaint, and no remedy ever cured like Ferrozone. When my head ached fit to split, and I felt drowsy and sick, Ferrozone relieved quickly. I used Ferrozone two months after being cured, and haven't been bothered since."
When it comes to curing liver and kidney ailments you can't beat Ferrozone. It has a specific action on these organs, and at once puts them in a strong healthy condition. Ferrozone is the kind that just relieves—it cures, and cures thoroughly. Ferrozone prevents a return of further trouble, and costs only 50c. a box, or six boxes for \$2.50. All druggists or by mail from The Ferrozone Company, Kingston, Ont. Get a supply to-day.

Porcelain Inlay Work Now a Fact in Charlottetown.

Guarantee Dental Rooms in the Lead.
We are the first to introduce ACTUAL PORCELAIN INLAY work in Charlottetown. This is the highest class of work done in dentistry and practiced only by those in the foremost ranks. This work is rapidly taking the place of gold fillings and appeals strongly to those of refined tastes who dislike the appearance of gold. The inlay is made of porcelain baked to fit the cavity in a furnace specially adapted for the purpose. It can be made any shade desired so it is possible to match a tooth so nearly in color that only by the closest scrutiny is it possible to detect the inlay. This work is equally as lasting as a gold filling and much more pleasing to the eye of the aesthetic.

It is the most recent advance of importance in Dentistry.
Call and we will show you samples of the work. We know you will be pleased. A ten year written guarantee with all work.

LONDON HOUSE HARDWARE!

"There is a SOMETHING about VIM TEA that is to be found in no other tea," said a Saint John lady to a grocer the other day. She did not know exactly what or how to describe the difference, only there was a "something" VIM TEA had that other teas lacked. That something was a little more QUALITY.
