An English divine of the severe old school was travelling north. Just before he got to York he opened the car window with the result that he got a piece of cinder in his eye. Every now and then he had involuntary to wink. When he got to York he went into the buffet and asked for a glass of milk. He gulped it down, and then realizing that something was wrong, he said to the barmaid: "That wasn't milk I asked for."

"No, sir, rum and milk."

"But I asked for milk."

"Yes, sir, but you tipped me the wink."

IN MEMORIAM

THE LATE MR. CHARLES M. MCLEOD

The death of Mr. Charles M. MacLeod which occurred in Montreal on Sunday the 9th instant has called for more than ordinary regret, especially in his native Province, Prince Edward Island. He was in the prime of life, being in the 66th year of his age. The late Mr. MacLeod was born in Pownal and in 1887 went to Boston and perfected himself as a merchant tailor with the firm of MacLeod & Robertson. There he remained for fifteen years, and then he located in Moncton, N. B., and was elected Organizer for the Canadian Order of Foresters. His success in this work attracted the attention of the Mutual Life Insurance Co., of New York, and he was finally induced to connect himself with that Company, as one of their representatives in Canada. In this activity he commanded exceptional success, and few if any insurance men in Canada have written more insurance, individually than the late Mr. MacLeod. His death was the result of pneumonia. In his passing one of the friendliest of men, a man of parts, companionable, successful in his undertakings, and closely associated with the majority of the leading men of Canada, as well as hosts of others in every walk of life, has gone to his eternal reward. His body was brought home and on Good Friday, it was laid in the old churchyard at Pownal. The floral tributes were very numerous, some coming from far away Vancouver, and another from Mr. J. A. Johnston, formerly Manager of the Mutual Life Insurance Co., Halifax. A widow and a family of four boys and one girl are left to cherish his memory. In their mourning they will have the sympathy of thousands of friends, of the late Mr. MacLeod, all over the Dominion. It is Mrs. MacLeod's intention to shortly remove to Charlottetown where she will make her future home.

PATONS.

If Skin Breaks Out, Is Fiery, Itchy Or Rough, Use Sulphur

Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take it place.

Because of its germ destroying properties it quickly subdues the itching, cools, the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness.

You do not have to wait for improvement, it quickly shows. You can get a little jar of Mentho-Sulphur at any drug store.

POOR CAT!

Tommy's father was drawing his young heir's attention to the doubt in his mind that his pleasures were inclined to be selfish. He gave an illustration.

"Now Tommy, if the cat killed your white rabbit, is it for yourself or the rabbit you would be sorry?"

Tommy—"For neither, dad. For the cat."
