One of the most dangerous and repulsive forms of Kidney Disease is

DROPSY

for which Dodd's Kidney Pills are the only certain cure. In Dropsy the Kidneys are actually *dammed up*, and the water, which should be expelled in the form of urine, flows back and lodges in the cells of the flesh and puffs out the skin. Remove the filth which plugs up the drain. Restore the Kidneys to health. There is only one Kidney Medicine

Charlottetown, Nov. 16th, 1904.

Have You One of Those Can't Taste, Can't Smell Colds?

If you have you had better get rid of it immediately. If you don't, that terrible and disgusting malady, Catarrh, is sure to take hold of you and make you miserable, and an object of repugnance to your friends. The best and quickest cure for your cold is

DR. WOOD'S NORWAY PINE SYRUP.

It contains all the virtues of the Norway Pine Tree, combined with Wild Cherry Bark and the soothing and expectorant properties of other excellent herbs and barks.

Mr. Harry Mosher, Mosher's Island, N.S., writes:—"We have used Dr. Wood's Norway Pine Syrup in our family for the past six years, and have always found it a reliable remedy for the cure of coughs and colds."

Many cases of substitution have been brought to our notice. Do not be humbugged into taking any other pine syrup which unscrupulous dealers say is just as good.

Dr. Wood's is the original, put up in a yellow wrapper; three pine trees the trade mark, and the price 25 cents.

"MR. MONEY-BURNER!"

REFLECT on this comparison.

A prime Canteloupe can be bought, in the country, for ten cents. Half of that same Canteloupe served in a swell city restaurant, with a farthing's worth of cracked ice, would cost you 50 cents.

Is the flavor any finer—the nutrition any greater—at a dollar, than at 10 cents?

Is a United States shoe any better in Canada, with a dollar added to its price for Customs duty, than that same shoe made in Canada, by the same process, from the same materials, on the same lasts, at a dollar less price?

Why does the United States Customs charge 25 per cent. on Canadian shoes imported into that country?

Because,—United States shoe men know they could not compete in value with the best Canadian made shoes if they had not such protection.

Well,—if that isn't the answer, what is?

"Far off hills look green" friends!

But,—no shoe made in America has better style, better material, or better workmanship, than The Slater Shoe, which is sold in Britain, France, Australia, Bermuda and the West Indies, in open competition with United States shoes.

And no U. S. shoe can be brought into Canada without paying 25 per cent. more for it than it is worth in the country that produces it.

Now take off your smoked glasses, and look this bare fact in the face.

Every genuine Slater Shoe is stamped on the lining (or the sole) with a slate-frame and the Makers' retail valuation, viz: $3.50 or $5.00.
