Mrs. Ayers was scanning a well-known society paper. Presently she came to a portrait of herself. "I say," she said proudly to her husband, "just fancy this paper calling me one of fashion's butterflies."

The husband gazed critically at the portrait. "Hm!" he mumbled. "From the way you go through your clothes, I should think one of fashion's moths would be a more suitable description."

**SLIGHT ACCIDENT.**—On Saturday Mr. Merritt Dawson of Summerside met with a slight accident when at his work in the mill of Messrs. **SUDDEN DEATH OF MR. JOHN A. CAMERON OF INDIAN RIVER.**—The sudden death of Mr. John A. Cameron, a well known resident of Indian River, came as a shock to his neighbors and friends. Mr. Cameron had gone to bed on Friday night in his usual health, but on Saturday morning when his daughter went to his room, she found that he had passed away evidently in the act of getting out of bed. The deceased, who was 73 years of age, had not been feeling well for some days but was about as usual and had been to the polls to cast his vote on election day. It is thought that he had suffered a slight stroke as he had been stricken once before in that way. Mr. Cameron was born in Lot 11 but had lived for many years in Indian River where he had farmed very successfully. He was a very prominent citizen and was held in the highest esteem by a large circle of friends and was noted for his many kindly actions. It is a curious coincidence that his wife predeceased him just 14 years ago last Monday, on their wedding day. Mr. Cameron will be sorely missed in the community, where he had lived a long and useful life. There are left to mourn three sons, Ulysses in Vancouver, B. C., Alonzo of Kensington and Clarence, manager of the Provincial Bank at Tignish, and two daughters, Mrs. Lesley Ramsay with whom he resided and Miss Irene, at home, three brothers and

## PLANS FOR SMUGGLING SWEEP TICKETS

**LONDON, August 10.**—A gigantic smuggling organization has been set up to introduce tickets for the next Irish sweepstake into every country in the world, in defiance of the police, according to rumours circulating here.

Already several months before the Manchester Handicap, the race on which the sweepstake is organized, the machinery of the smugglers has been put into motion, it is said.

No more are the tickets to be distributed by haphazard methods. Secret agents will handle the distribution of the tickets, while highly-paid couriers have received orders to set out on long journeys carrying with them their banned booty of sweepstake tickets. Plans are reported to have been worked out for hoodwinking the police of a dozen countries. No loophole has been left in the preparation of subtle strategies for evading postal authorities.

## DAVID ARBING

The death took place at the Prince County Hospital of David Arbing, late of Freetown, on Monday, July 27th, at the ripe age of 88 years. Although of such an advanced age, he was ill for only a few days previous to his death. He was born at North Wiltshire in 1844, and about the year 1862 moved to Freetown.

In 1870 he married Miss Lavinia Stinson, who died in 1879. To them were born three children, Frederick, now in California; Bartley in Michigan, and Melinda, who died in 1904.

In 1864 he joined King William Orange Lodge and has been a member in good standing ever since. In 1875 he was converted under the ministry of Rev. Joseph Seller and immediately joined the Methodist Church and for many years was a lay preacher and an active worker in the Sunday School. In 1880 he became a charter member of Rising Sun Division and was its first Worthy Patriarch. In 1890 he was elected to the office of Grand Worthy Patriarch, of the Grand Division of P. E. I. and filled his term of office with a good measure of success and satisfaction to that Division. He did much hard work in connection with temperance in company with the late Jesse S. Burns and always loved the old order of the Sons of Temperance, to which he devoted much time and energy in its interests and propagation. He was a firm believer in and advocate of the prohibition of the liquor traffic and an uncompromising opponent of license in any form or under any circumstances. In 1906 he lost an eye and in the following year his right arm was taken off by the train. Although incapacitated, he continued to be active and a great reader. He was especially conversant with the Holy Bible and a great expositor of its teachings. In 1908 he went to California and lived with his son until he returned to the Island in 1916 and lived with his niece, Mrs. H. R. Crockett.

The funeral was held at Freetown United Church on Wednesday, Aug. 26th and was largely attended by old friends and neighbors from the vicinity.

traffic is providing new outlets for farm products. The visitor evidently prefers the best in quality and insists on having it supplied fresh. This demand is making itself felt in connection with almost all farm products, but this year it is particularly noticeable, according to the Markets Intelligence Division of the Dominion Live Stock Branch in connection with the heavy demand for fresh lamb and mutton. Despite the fact that there has been a fairly heavy marketing of lambs, and that these have had to compete with considerable quantities of imported frozen lamb, the tourist
