"CONCERT AND SOCIAL"

A most entertaining and profitable concert and social held under the auspices of the Rockbarro Ladies' Institute, took place at the school-house Tuesday evening. The evening was fine and warm and the attendance was consequently very large. The proceeds are in aid of some improvements to the school-house, the balance in aid of the Building Fund of St. Margaret's Church.

"AUCTION SALES"

There were very few auction sales in the early part of the fall, the best taking place not usually turning out very successful. Lately, however, a great many auction sales are taking place. (East). When there was much hay and straw offered the sales have been a great success. Farm machinery also sells well, owing, no doubt, to the prevailing high prices for these commodities. Live stock, however, in many cases, fail to sell at all. Prevailing prices at these sales for hay \$35; Straw \$16 on 12 months credit, approved bankable paper.

Fourteen Million Medals To Be Given For Service in War

The King expressed the hope that all ex-Service officers and men who attended ceremonies arranged for Armistice Day should wear their decorations and medals. Large numbers of medals were to be received by those entitled to them, and inquiries show that millions of medals have still to be sent out. It is doubtful whether the distribution of war awards will have been completed before 1924.

The Cause of Most Deaths

Stomach disorders are the indirect cause of most fatal diseases. Civilization is favorable to long life, so long as care is taken that the stomach functions normally. Unfortunately, coarse housing, too generous supply of food, too little exercise are some of the "blessings" of our civilization. As a result stomach trouble sets in—and stomach trouble is the basis of our ills.

Great Britain Asks Questions

LONDON, Nov. 28.—Answering the French note on the subject of France with the Turkish Nationalists Government Angora, which Great Britain has taken exception to some particulars of the British note were handed Friday night to the French ambassador here. It is understood the British expresses the desire for further explanation of the terms and purpose of a separate pact made by France with the government of Mustapha Kemal Basha.

A New Peril

Cold weather "Don'ts" of late past have been increased this year with a new one by the ventilating experts. It is that you make sure your garage is properly ventilated or your relatives may have to call an undertaker. Deadly carbon monoxide, a poisonous gas given off by automobile engines in motion, has taken a big toll of human lives in the past. In the case of chauffeurs or car owners who failed to realize that working in a poorly ventilated or closed garage with the engine running was really as foolish as "blowing out the light" in the good old days.
