SUFFERED WITH RHEUMATISM FOR SEVERAL YEARS

Saskatchewan Man Completely Relieved by Dodd's Kidney Pills.

Hundreds of men in Canada have been relieved of their aches and pains by Dodd's Kidney Pills. (Special)—That rheumatism is caused by disordered kidneys and that Dodd's Kidney Pills will relieve it, is again proved by the case of Mr. John Chesney, a well-known and esteemed resident of this place. "I have suffered with rheumatism for several years. One box of Dodd's Kidney Pills has given me complete relief. I am happy to be able to say a good word of your pills to all my friends." It is astounding how many people go on suffering day after day with aches and pains, rheumatism and backaches. They suffer because they are not aware of the fact that they can get relief. Strengthen the kidneys, which are the source of the trouble and these pains vanish. Dodd's Kidney Pills act directly on the kidneys. They heal and strengthen them so that they do their full work of straining all the impurities out of the blood.

"Auto-Intoxication," and what it is

"Proper Food and Exercise," by ARTHUR A. McGOVERN Former physical director, Cornell Medical College

BEFORE starting upon a talk about auto-intoxication and how to correct it, it should first be understood just what auto-intoxication is. One of the reasons that there are so many chronic sufferers from intestinal toxemia is that the majority of sufferers labor under the misapprehension that it is a disease that can be cured by patent medicines and good home remedies. While some of these may give temporary relief, they ultimately cause the condition to become more serious.

Auto-intoxication is not a disease—it is no more a disease than weak eyes are and it is ridiculous to try to cure it with medicine. Try and cure weak eyes with "colored pills" and see if you get any results.

A toxic condition is not a germ ailment, hence not a disease. It is caused by sluggish elimination and faulty diet. Think of what you eat every day—as a matter of course. It will prove food for thought and you will wonder why it is everywhere is not flat on his back with stomach trouble.

Many of the concoctions we put into the stomach break down the tone of this organ. It is forced to separate the good from the bad, retain the nutrition and eliminate the poison. When the intestines cease to do their duty in throwing off poisons, then you troubles commence. You may take your patent medicines—they may for a time relieve the intestinal muscles by doing the work for them but leaves them in an even weaker condition than they were.

All artificial stimulants of that sort for those troubled with auto-intoxication I would suggest that they first consult a physician so that he may make a complete diagnosis of their organic condition to ascertain if the sluggishness is caused by the absorbing of poisons. If it is, the following exercises and diet will promote better elimination by stimulating the abdominal muscles and toning up the circulation.

- 1—Lie flat on your back, hands at the sides, palms down, feet together. Swing right leg over to the outside of left leg, keeping the hips to the floor. Do this ten times, repeating with the left leg.
- 2—Lie flat on your back, hands to your sides, circling left leg and right arm, ten times, repeat circling right leg and left arm.
- 3—Arms and legs in the air, circle both arms and both legs away from each other.
- 4—Squat down, bringing left leg out to the left side, keeping knee stiff and leg rigid, right hand to the floor for support. Do this exercise ten times, repeating with right leg.

"Eczema on My Face Completely Relieved"

Miss Winifred Ernest, Box 46, Blockhouse, N. S., writes:

"Ever since I was a little child, I suffered with eczema on my face. At times my face was completely covered with large sores, and I tried nearly every kind of medicine that I heard of with no results. This lasted for over twenty years, until one day I asked the advice of my druggist, who bade me give Dr. Chase's Ointment a trial. After using the Ointment for a few days, the sores began to heal, and soon I was completely relieved of the disease."
