**MOTOR PARTY**—Among those who motored from Charlottetown yesterday to the Souris Exhibition were Mr. Frank Andrews and his sister, Miss Margaret Andrew, of Minneapolis, his daughter, Miss Muriel, and Mrs. Frank Andrew, Mr. Andrew's car, is a Studebaker and is one of the most comfortable and smoothest running cars in the province. The trip going and coming was delightful.

**ATTEMPTED INCENDIARISM**—What appears to have been a malicious though evidently idiotic attempt to burn St. Dunstan's Cathedral was discovered on Monday morning. Two burned out paraffin candles were found lodged in obscure corners of two of the main pillars of the church. The placing of them so carefully seems to preclude the theory of childish carelessness. The paraffin candles used are not in use in the church and there must have been brought there for some purpose. It is supposed that some very ignorant person during the exhibition had set them there under the supposition that the base of the pillars were of wood. The matter has been referred to the Fire Warden for investigation.

**Just a minute, please**  
**ARE** you chummy with your watch?  
 Will it go—and keep going—where you go; will it stand jolting and banging and heat and cold and rain and dust and fog—will it be cheerful and dependable if it gets mixed up with the tools on your auto, or the fishing tackle, or the hunting outfit?  
 The Ingersoll Maple Leaf is a good chum, a bully pal. Usually a more expensive watch is temperamental and a bit delicate, unhappy under unusual conditions, peevish if it isn't treated tenderly.  
 The Maple Leaf is a hard-boiled sportsman, built for rough going, a trusty, lusty comrade you can take where you choose and know he'll keep up his end. That's the kind of a little guy he is!  
 And you can buy this sturdy chum for \$3.25—or for \$4.00—if you want his face to light up in the dark for you.

**MRS. MAY COULD NOT WORK**

**MADE WELL AND STRONG BY LYDIA E. PINKHAM'S VEGETABLE COMPOUND**

Columbia, Pa.—"I was very weak and run down and had dragging down pains and pains in my back. I could not get around to do my work and had to sit down and rest often during the day. I saw Lydia E. Pinkham's Vegetable Compound advertisement in the paper, and read the testimonials, so I thought I would try it. Now I am healthier than I ever was in my life, and can recommend it to any woman who suffers as I did."—Mrs. ELIZABETH MAY, R. F. D. No. 1, Columbia, Pa.

The reason Lydia E. Pinkham's Vegetable Compound is so successful in overcoming woman's ills is because it contains the tonic, strengthening properties of good old fashioned roots and herbs, which act on the female organism. Women from all parts of the country are continually testifying to its strengthening, curative influence, and the letters which we are constantly publishing from women in every section of this country prove beyond question the merit of this famous root and herb medicine.
