BRITAIN ACTS CAUTIOUSLY IN SHIP BOMBINGS

MCCALL CONFESSES TO KIDNAP - SLAYING

Defers Drastic Action To Halt Insurgent Raids Exert Diplomatic Pressure To Halt Widespread Aerial Attacks On Merchant Shipping.

ANNOUNCE CHANGES IN 11 CHARGES

CHARLOTTETOWN, N.B., June 10.—(C.—) The report of the Settlement Committee, brought before the Committee of the United Church here late this afternoon after night and day work, revealed changes in 11 charges, five of which were given time to call. Seven men were permitted to work in the West, and three ministers remained unseated. The final draft as approved was: G. G. Stones, Annapolis Royal; R. Wallis, Aylesford.

A Rancher-Earl Grows Up

Several years have passed since Frederick George Moore, Perivall as a youth acquired an earldom and a ranch after his father died in Alberta. Happily married to his Canadian-born cousin, the Earl of Ermont, now 24 years of age, has returned to England where he says he hopes to take up flying. Our photo shows the couple as they arrived at Southampton recently in the Empress of Britain, the Countess expressing a strong wish to canter along London's famous Rotten Row.

WARNS NATION PREPARED FOR ANY INVADER

Precautions Taken For Final Elections In Czechoslovakia Sunday.

BY WADE WERNER Associated Press Foreign Staff PRAHA, Czechoslovakia, June 10.—(A.P.)—Major Rudolf Broz of the Army General Staff assured the nation today that Czechoslovakia bristles with machine-gun nests awaiting any invader. He gave a broad outline of Czechoslovak defences in a broadcast as the Government prepared large scale precautions against disorder Sunday in the third and last of a series of municipal elections. A new phase of discord in the nation's tangled minority problem developed when Sudeten German (Nazi) members of Parliament raised "constitutional, political and economic" objections to a proposed public collection under private auspices to help finance national defence.

Plans to Practice In Native City

JOSEPH A. MacMILLAN, M. D. C. M.

Son of Mr. and Mrs. T. M. MacMillan, Charlottetown, who received great distinction at the annual convocation exercises of McGill University on May 26th last. Dr. MacMillan was awarded the Holmes Gold Medal for the highest aggregate in all subjects forming the medical curriculum, the Lieutenant Governor's Silver Medal for the highest standing in public health and preventive medicine, and the Jeanie Forsyth Prize for high standing in surgery. Dr. MacMillan's primary education was received at Queen Square School and after graduating he entered St. Dunstan's College. In 1926, at the age of eighteen years, he graduated from St. Dunstan's and obtained his B.A. degree "cum laude." For the next three years he was a student of theology at Laval University in Quebec City. He was also a member of the staff of Cheverus High School, Portland, Maine, for three years. "summa cum laude." Thence he went to McGill, achieving outstanding success as above noted. Next year Dr. MacMillan will enter at St. Mary's Hospital, Montreal, and will then return to his native city, Charlottetown, to practice. His many friends extend him hearty congratulations and good wishes for a successful medical career.

CASE TURNED OVER TO STATE PROSECUTORS

Child Killed Accidentally Claims Prisoner In Detailed Confession.

(By The Associated Press) MIAMI, Fla., June 10.—J. Edgar Hoover, director of the Federal Bureau of Investigation, announced today that he had turned over to state prosecutors today a confession that he kidnapped and killed James Bailey Cash, Jr. Hoover named the 21-year-old truck driver as the single-handed kidnapper and killer, said the police investigation was closed and turned the case over to state prosecutors today less than two weeks after the crime. The F. B. I. Chief said the eight-page confession was signed shortly before the victim's parents attended funeral services for their five-year-old only child.

LONDON, June 10.—(CP)—The British Government held back from drastic measures against Spanish Insurgents tonight in the hope diplomatic pressure still might check their widespread aerial attacks on merchant shipping. There were increased demands for action, however, and renewed attacks on Prime Minister Chamberlain's foreign policy. Mr. Chamberlain and Foreign Secretary Viscount Halifax continued their Whitsun holidays but they are returning to London this weekend. A cabinet meeting will be held Monday to review possible measures drafted by technical experts and prepare to face opposition attacks when the House of Commons resumes its sessions Tuesday. The cabinet's decisions and the Government's disclosures to Parliament probably may depend largely on whether the insurgent planes continue their attacks on British ships during the weekend.

TRUCKMEN TO RESUME WORK TODAY

Motor truck drivers employed on the 40 Road paving project resume work today, it was learned last night. The request of the men, on strike for two days, had been granted. Mr. L. B. McMillan, deputy minister of Public Works and Highways said and they would be paid on the ton mile basis for gravel and asphalt hauling. Since the project started more than a week ago they had been paid on a per hour rate and complained that on the long haul the pay was not enough to clear expenses and provide for truck depreciation. The 47 truckmen on the project quit Wednesday afternoon and the work remained at a standstill while negotiations were under way with Hon. J. P. McIntyre, minister of Public Works and Highways and Mr. Johan Harman, chief engineer for the Storms Construction Company which has the paving contract. The per ton mile rate for payment is similar to the rate used on former years. It would depend on the truckmen what rate was used on the remaining paving projects which are scheduled for the province this summer. Mr. McMillan said. On short hauls the men might prefer the per hour rate, he thought.

Federal Budget To Be Brought Down On Thursday Next

OTTAWA, June 10.—(CP)—Finance Minister Dunning announced in the House of Commons today he will present his budget next Thursday. "All being well," the Minister said, "I hope to present the budget Thursday." While details of the budget are guarded closely, the general impression here is that because the budget is being brought down next week this indicates it will not contain the provisions of the new United States-Canada Trade Pact being negotiated in Washington. It will be a statement of financial affairs of Canada for the fiscal year ending March 31. While Mr. Dunning probably will be able to come near to balancing the budget, his forecast in the last budget speech of a \$35,000,000 deficit, it is expected there will still be a deficit of about \$14,000,000.

Nazi Press Blasts Czechoslovakia

BERLIN, June 11.—(Saturday)—(AP)—The entire Berlin morning press broke out today with bitter front page attacks on Czechoslovakia. Emphasis was placed on Chancellor Hitler's words of warning against ill treatment of Germans living beyond the borders of Greater Germany. Some of the headlines were: "Czech sadism rampant; Sudeten Germanion (the German) under the minor whip of Praha soldiery"; "Praha soldiery carries on to extreme; Czech militia ravages Sudeten German"—organized criminal bands; "Czech terror becomes unbearable," said another.

BARN BURNED AT ST. AVARDS

A small barn at St. Avars, owned by Mr. Percy Gay was destroyed by fire last night. Included in the loss was a horse which was badly burned that it was killed. City Firemen responded to a call for assistance when a bucket brigade found the flames making headway on the roof of the barn. A long line of hose was laid from a hydrant near the jail on the City limits to the scene of the fire and the flames brought under control. Chemicals were used by local firemen while the hose line was being laid. One side of the roof of the barn was badly scorched, although the fire did not burn through in any place while the residence of Charles Jackson, on the other side of the barn was also slightly scorched. The origin of the fire could not be learned last night. Local firemen were called at 9:45 and were out almost an hour and a quarter.

Government Attacked

Attacking what he called the "supine attitude" of the Government, W. R. Spence, general secretary of the National Union of Seafarers, declared many of the organization's 60,000 members were suggesting the shelling of an insurgent Spanish port in reprisal. He said the Government's adoption in bombarding the Spanish Government port of Almeria a year ago following the bombing of a German battleship. Defenders of the Government's caution argued, however, that British ships trading with Government Spain entered the latter's ports at their own risk. They thus differentiated between General Franco's present attempt to cut off supplies intended for the enemy by backing ships within territorial waters, and submarine piracy on the high seas last year which was stopped by an international naval patrol.

Charges Gross Partisanship Re Employment

(Sixty British ships have been attacked and 70 British seamen killed and wounded since the Spanish civil war started nearly two years ago. An insurgent aviator bombed the British-owned port of Gandia, in Spanish Government territory, again Friday and returned to Alicante to sink the British freighter Thorpehaven, which was first attacked Tuesday. Destructive raids on the British freighters Stanray and Isadora in Spanish waters were among attacks reported Tuesday and Friday. France fully backs British attempts to find a sure weapon against these losses but indications tonight were that the Government would move cautiously in a difficult situation.

Charges Gross Partisanship Re Employment

OTTAWA, June 10.—Sharp words flew across the chamber of the House of Commons today and Deputy Speaker Fred Sanderson was kept busy replying on points of order and directing the withdrawal of offensive statements as Conservative Leader Bennett continued his attack on the administration of Government works at Kingston. Conditions surrounding these works were "scandalous," said Mr. Bennett. "They stink to Heaven." Labor Minister Rogers, who was directly under fire, claimed Mr. Bennett was seeking to make him appear a "villain and a blackguard" but Mr. Bennett denied any such intention. He completely absolved the Minister of any personal blame for the conditions existing at Kingston but did suggest he had failed to overcome a powerful political machine. At one stage J. A. Bradette (Lib. Cochrane) asked Mr. Bennett where he got his information. The opposition leader replied interruptions sometimes displayed ignorance and sometimes were impertinent.

PETITIONS FOR EMBARGO

OTTAWA, June 10.—(CP)—An embargo on the export of war materials to Japan was asked in a petition submitted to the House of Commons today by Grant MacLeod (C.P.—Vancouver North). He said it was signed by A. A. MacLeod and 3,293 other persons.

Plane Crash Kills Eight Army Men

DELAVER, Ill., June 10.—(AP)—A storm-tossed United States Army bombing plane burst into flames and plunged into a farm field today, scattering the broken bodies of its full crew of eight soldiers over the rain-sodden prairie. The huge craft, caught in the onslaught of lightning, thunder, rain and buffeting winds, crashed to the ground with terrific force. Larry Youle, who witnessed the tragedy on his father's farm, reported the big bomber exploded, bounced high in the air and strewn bits of debris over a half-mile area.

Delay Construction Of Fair Arena

(C. P. by Guardian's Special Wire) AMHERST, N. S., June 10.—The new arena for the Maritime Winter Fair would not be constructed until the spring of 1939 it was decided here today. Decision was reached when C. F. Bailey, Fredericton, president of the Maritime Stock Breeders Association conferred with Secretary Manager A. J. MacKenzie, Truro, N. S. and other officials. Along with the advice the building could not be completed in time for the 1938 fair, it was learned minor financial difficulties had developed that could be eliminated only by a session of the Nova Scotia Legislature.

City Firemen Assist In Saving Nearby Dwellings

A small barn at St. Avars, owned by Mr. Percy Gay was destroyed by fire last night. Included in the loss was a horse which was badly burned that it was killed. City Firemen responded to a call for assistance when a bucket brigade found the flames making headway on the roof of the barn. A long line of hose was laid from a hydrant near the jail on the City limits to the scene of the fire and the flames brought under control. Chemicals were used by local firemen while the hose line was being laid. One side of the roof of the barn was badly scorched, although the fire did not burn through in any place while the residence of Charles Jackson, on the other side of the barn was also slightly scorched. The origin of the fire could not be learned last night. Local firemen were called at 9:45 and were out almost an hour and a quarter.

Right Of Militia Members To Join Fascists Discussed

TORONTO, June 10.—(CP)—The right of members of the active militia to join the Canadian Fascist Party was the subject of considerable discussion in Toronto tonight. Five non-commissioned officers and men of the Seventh Toronto Regiment, Royal Canadian Artillery, attended in uniform a Fascist meeting here Monday night at which Adrien Arcand, Party Leader from Montreal, was speaker. An investigation into the men's attendance at the meeting is being conducted by the officer commanding the regiment but today at Ottawa defence authorities expressed ignorance of any order issuing from Ottawa which permitted or forbade members of the active militia joining the party. Col. F. E. Odium, officer commanding the Toronto Scottish Regiment, said here today one of his company commanders told a meeting here Monday night that he had been told by the Fascist Party and the militia at the same time, but that on order from Ottawa overruled this. At the same time Sergeant E. C. Miller of the Royal Canadian Artillery, one of the members of the regiment who attended Monday Fascist meeting, said an informal inquiry at the armories "established our privileges. If we wish to be members of the Canadian Nationalist Party."

Will Investigate

The British cruiser Penelope, now on such an international patrol, was ordered to Gandia to investigate the bombing of that port. Foreign Minister Georges Bonnet, of France was said to inform Sir Eric Phipps, British Ambassador to Paris, that France would cooperate with London in "extreme measures" to halt the Mediterranean attacks on at least 15 neutral ships in two weeks. Bonnet, it was reported, considered the Spanish problem "urgent." Experts of five ministries sought ways and means of restoring respect for British lives and property. Admiralty, War Office, Air Ministry, Foreign Office and Board of Trade representatives held a series of conferences to draft suggestions for submission to Mr. Chamberlain and Lord Halifax.

EVERY POSSIBLE THING WAS ONCE IMPOSSIBLE

Chengchow Reduced To Ruins As Japanese Drive On Hankow

(By The Associated Press) SHANGHAI, June 11.—(Saturday)—Japanese bombs and the Chinese "scorched earth" policy had reduced Chengchow today from a once prosperous railway centre to a city of ruins. Chinese still held the city, junction point of the east-west Lunghai and north-south Peiping-Hankow railways, against the Japanese drive for the position to strike south against Hankow, one of China's provisional capitals. The exact status of the battle for the centre remained unclear, however, as the two sides gave conflicting reports. Japanese said they had severed the Peiping-Hankow Railway at three points south of Chengchow, cutting off any Chinese retreat south toward Hankow and facilitating attacks on the railway junction. Japanese added their thrusts toward Chengchow were progressing without great difficulty. Chinese reports on the contrary said heavy fighting was in progress with flanking attacks along the Lunghai effectively halting the invaders. They said their forces recaptured Palaha Station, 13 miles east of Chengchow, after a 24-hour battle. Chengchow itself was reported almost a complete ruin as the Chinese carried out their "scorched earth" policy of leaving as little as possible for their enemy. Meanwhile in Anhwei Province east of Hankow, Japanese intensified their naval offensive on the Yangtze river in an effort to blast their way up the stream to the provisional capital.

Resume Flights Late Next Month

MONTREAL, June 10.—(CP)—Big Imperial Airways planes again will thunder across the Atlantic to Canada probably late next month, according to its next Commander G. Fowell of Imperial Airways, who conferred today with Montreal harbor officials regarding mooring facilities at Boucherville across the river from Montreal where flying boats alighted last summer.

Social Creditor's Margin Increased

(By The Canadian Press) REGINA, June 10.—Rebeck of votes in the constituency today gave F. J. Herman, Social Credit, a majority of 46 over Hon. C. M. Dunn, minister of highways, in the Saskatchewan election. Election of Mr. Herman was conceded general night and so far no decision has been made as to petition for a recount by Mr. Dunn's agents. Mr. Herman was first given a majority of four.

Texas Town Is Swept By Tornado

ABILENE, Tex., June 10.—(AP)—The Abilene News reported tonight that the town of Clyde, a few miles east of here, was destroyed by a tornado. All lives were cut. The 1930 census gave the town in Calahan County West Texas, a population of 760 persons.

France Moves To Conclude Military Pact With Turkey

(A. P. by Guardian's Special Wire) PARIS, June 10.—The French Cabinet paved the way today for a military mutual assistance pact between France and Turkey. The projected Turkish-French pact would be similar to the Russo-French treaty. Since contact between France and Russia in case of war would be through the Dardanelles, which Turkey overlooks, French officials feel they need the pact with Turkey. Germany if it assumed would block the northern route to Russia. Turkey's renunciation of the Dardanelles pact is a step to

VIOLIN OF MATCHES

BERLIN — A violin maker near Berlin has constructed an instrument of normal size from 2,071 single match sticks. The violin is said to yield a fine tone.

Maritime east — Moderate southwesterly winds; fair and moderately warm.
