NATURE HAS PROVIDED. A remedy for every ache and pain, and science through ceaseless activity and experiment is constantly wresting the secrets of her domain. A new and wonderful discovery has recently been made by means of which tens of thousands will be freed from pain. Nervine, or nerve pain cure, represents in every concentrated form the most potent pain relieving substitutes known to medical science, and strange to say, it is composed of substances solely vegetable in origin. Polson's Nervine is the most prompt, certain and pleasant remedy in the world. Sold in 10 and 25 cent bottles by all dealers in medicines.

LAURIER RUNS IN MANITOBA. MONTREAL, May 7.—It is learned on reliable authority that Sir Wilfrid Laurier has consented to run against Mr. Lariviere in the constituency of Provencher, Man., at the coming general elections.

The Premier's idea is that if Provencher, the strongest French Catholic constituency in Manitoba, elects him, it will be conclusive proof that he has settled the Manitoba school question.

HIS HONOR, LT-GOV. MCINTYRE Who will open the Legislature this afternoon.

A Criticism.

Mr. Egerton Young, of Canada, in a recent lecture to a London audience told the following "true" story:—"Sam," said a preacher to his negro coachman, "what did you think of the sermon?" "Well, Massa," replied the negro, scratching his woolly pate, "I thought you went by a lot of good stopping places."—Pall Mall Gazette.

The audience which assembled at the Y. M. C. A. parlor last night to hear Rev. Dr. Morrison's lecture before the Natural History and Antiquarian Society upon "The Indians of America," was so large the upper hall had to be brought into requisition. Those who had anticipated an intellectual and educational treat were more than abundantly satisfied, for the Reverend and learned lecturer presented such a fund of learning and research and covered so extensive a ground, his effort can only be justly described as one of the most learned lectures ever delivered in Charlottetown. Dr. Morrison detailed the various grounds for a reasonable belief that the Indian tribes of the Americas came across the Pacific Ocean from the east, but so extensive was the evidence adduced by the lecturer in favour of his theory the subject had to be left far from being exhaustively concluded. We learn with pleasure that the Doctor has promised to continue its treatment in a contribution to the Society's proceedings next season. The lecture was well illustrated by drawings and maps and was received with much enthusiasm by the intelligent audience. Among those who contributed to the after discussion were the President of the Society and Messrs. Charles Palmer, Percy Pope and Clark. Dr. Morrison gratefully acknowledged the vote of thanks. This lecture is the last of the winter series under the auspices of the popular Natural History and Antiquarian Society.

THE WEATHER.

WASHINGTON, May 7. (Special).—Fair showers, fresh northerly to easterly winds.

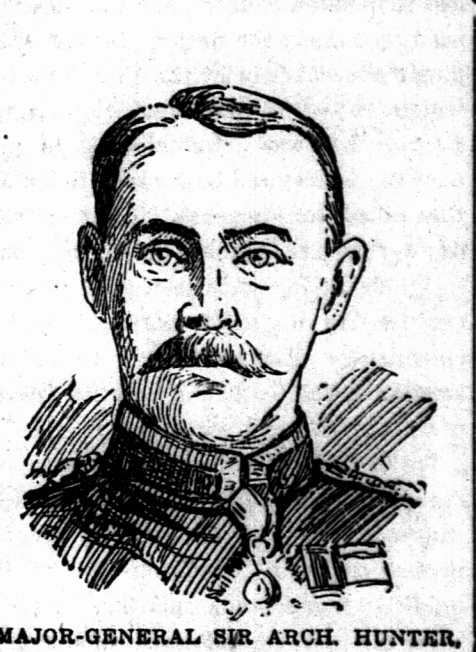

The regular monthly meeting of the School Board was held last night. The teachers' reports for the past month show the enrollment to be 1346. The average attendance 1129. The percentage of attendance 83. The number of cases of tardiness reported 199. The number of truants 9. The number of visits by teachers to parents 194. The number cases corporal punishment 30. The number fell below average in grading 54. The number of requests to leave school before close of the session 140. A petition was received, signed by about 100 citizens asking to have instead of the one session as at present two sessions, forenoon and afternoon sessions with an interval of 1 1/2 hours, for dinner, mental and physical recreation. It was ordered to be on the table until next regular meeting of the Board. Arbor day was set for Friday next. The hour of meeting of the Board was changed from 7.30 to 8 o'clock. After the passing of a number of bills the meeting adjourned.

The annual general meeting of the Phoenix Cricket Club last evening was one of the most enthusiastic in the history of the club. The business-like attitude of the members present, and there were not a few, and the fact that eleven new members were added to the membership roll would seem to portend a good seasons's work. Everybody was enthusiastic and determined to do everything possible to make the old game flourish again in our midst. There is no reason why it should not, and we are fully convinced it will, if a hustling corps of officers, especially those upon whom the active work will devolve, means anything to the destinies of a cricket club. The players themselves say they feel it in their bones that the present will be a record season for the game and surely they ought to know. Enthusiasm is the watchword for success every time, and when you find a whole club in-oculated with its virus something is bound to move. The officers elected were: Patron.—Mr. Justice Hodgson. President.—Sir L.H. Davies (re-elected). Vice-do.—W. F. H. Carvell (do). Sect-Treas.—J. M. Sullivan (do). Capt.—Lt.-Col. Longworth (do). Field Sect.—M. J. Johnstone. Ex-Coun.—Messrs E. Heartz, Dr. J. P. Murray and Wm. Murray Jr., with Vice President, Captain and Secretary-Treasurer.

LORD ROBERTS MOVING ON

MAJOR-GENERAL SIR ARCH. HUNTER.

CANADA'S SAD WAR LOSSES. TORONTO, May 7. (Special).—The Globe published an official list of the Canadian casualties since the war began, showing 56 deaths and 103 wounded.

ROBERTS MOVES ON GRANDLY. LONDON, May 7. (Special).—The capture of Wynburg is confirmed and the main advance to Pretoria continues with precision and rapidity.

Roberts is at Smalldean Junction 65 miles north of Bloemfontein.

CAPTURE OF WYNBURG—AUSTRALIAN BRAVERY. The Boers at Wynburg abandoned a Maxim gun.

The Australians made a brilliant charge at Vet River, driving the Boers from their position.

The Boers are now in full retreat towards Kroonstadt and have destroyed Zand River bridge and many smaller ones.

ROBERTS AGAIN PRAISES CANADIANS. Lord Roberts again warmly praises the

Commandant Botha.

Mr Louis Botha, the new Commandant General of the Boers, is a comparatively young man—not more than forty-two—and was little known outside of his district till the present war. He comes of a Natal Dutch family, and speaks English well.

COMMANDANT BOTHA.

With Lukas Meyer and others he went to the assistance of Dinizulu, and afterwards settled in the new republic, living near Vryheid. He has always been an out-and-out opponent of President Kruger, and especially opposed the dynamite and other concessions. Unlike many of the Volksraad members, Botha is not at all loquacious, and spoke seldom in the Raad; but when he did so he was invariably on the side of progress. In fact, he was elected as a progressive member in opposition to a Krugerite candidate.

CAPTURE OF WYNBURG

Roberts Praises Canadians Again—Hunters' Victory ---Naval Brigade

Canadians and other colonials for their gallant work. GEN. HUNTER DEFEATS THE BOERS.

Generals Hunter and Paget have joined hands near Warrenton after defeating the Boers, who left 13 dead on the field besides several prisoners. They fought from ridge to ridge over a front of four miles.

THE NAVAL BRIGADE HONORED. London has never seen such a demonstration as to-day was given the Lady-smith Naval Brigade heroes.

The Prince and Princess of Wales and Goschen were among the distinguished personages who welcomed Capt. Lambton and briefly addressed them.

The parade through the streets was one continuous cheer.

IN RECOGNITION OF GALLANTRY. OTTAWA, May 7. (Special).—Sir Alfred Milner telegraphs that Cape Town contributes nearly \$2,000 in three days for the fire sufferers out of gratitude for Canadian help and in appreciation of Canadian gallantry in the war.
