### MAKES CREDIT FOR BILLS PASSED

Official of Electric Boat Co. Succeeded In Having Legislation Passed Favorable to His Firm.

(By Sam Befedsoe Associated Press Staff Writer)  
WASHINGTON, Sept. 6.—A boast by an official of the Electric Boat Company that he had placed two members on the powerful House of Representatives rules committee and engineered through Congress a \$3,000,000 company claim against an uproar in the Senate caused an uproar in the Senate.

John K. Joyner, the firm's chief credit in a letter written to the House representative, Frank H. B. Carse, president of the Electric Boat, in December, 1928, for the election to the rules committee of Representatives Port of Massachusetts, and Joseph Martin of Massachusetts, both Republicans.

Port is out of Congress, but Carse is still a member of the House and Rules Committee. "All our legislative efforts have been fruitless."

"The cruiser bill is passed, the submarine appropriations have been passed, and as I sincerely hoped you the day we lunched together in New York I did manage to get over a number of handshakes and jumping some hurdles to get the second deficiency bill through, and in so doing we succeeded in getting our claims through."

Letters from officials of the United States-owned Electric Boat Company, who were on the stand for the third day, disclosed also that this foremost submarine building concern had agreements not only with Vickers, Ltd., of England, but also with leading shipbuilding concerns throughout the world.

### British Premier Loathe To Leave Newfoundland

(C. P. Cable By Guardian's Special Wire)  
SPRUCE BROOK, Nfld., Sept. 6.—In this quiet and picturesque settlement, Britain's Prime Minister Ramsay MacDonald and his daughter Isabel loitered today, loathe to leave so restful a spot. On board the private Newfoundland government railway car "Terra Nova" they were enjoying a holiday in comfort. On Saturday the wheels will roll and they will be carried on to Grand Falls, busy inland town.

### Forest Fires In Yarmouth Co.

(C. P. By Guardian's Special Wire)  
YARMOUTH, N. S., Sept. 6.—Seriously handicapped by lack of water, firefighters were waging battle against two serious forest fires in Yarmouth County tonight. Forest Ranger F. G. Cook reported that the village of Chequocton was being forced to cart salt water in barrels mounted on ox teams in an attempt to check the blaze.

### Ald. Wilson Was Native Of Cardigan

SOMERVILLE, Mass., Sept. 6.—Alderman George W. Wilson was buried today at one of the largest attended funerals here in many years. Mourners included Mayor James E. Hagan, colleagues on the board of aldermen, all other city officials, and members of the lodge of Elks, lodge of Moose and Clarendon Club. Flags on all public buildings were at half staff and City Hall was closed during the time of the services. Business in City Square was practically at a standstill. A solemn High Mass of Requiem was celebrated at 9 o'clock in the St. Clement's church of which he was a member and burial was in Oak Grove cemetery, West Medford.

Alderman Wilson, who lived at 37 Ossipee Road, West Somerville, died in the Somerville hospital following an operation for acute appendicitis. He was born in Cardigan, P. E. I., 46 years ago, the son of Mr. and Mrs. William Wilson, who are still living. He had been engaged in the furniture moving business here for 25 years and was serving his first term as an alderman. He was prominently mentioned as a candidate for mayor at the city election.

He was a Past Exalted Ruler of Somerville lodge of Elks; Past Dictator of Somerville Lodge of Moose and president of the Clarendon Club of West Somerville. He was married 10 years ago to Miss Sarah Gillis, of Somerville, besides whom he leaves his parents, a brother, Allen J. Wilson of Newton, and a sister, Mrs. Frank Higgins of Cambridge. (Alderman Wilson visited his native province this summer.)

### NOTED FRENCH STATESMAN VISITS LAND OF ACADIA

MONCTON, N. B., Sept. 6.—Count de Caux of Paris, France, who was a member of the official French delegation attending the celebrations in connection with the 40th anniversary of Jacques Cartier's discovery of Canada and who arrived at Charlottetown, P. E. I., on the French liner "Champlain" with the delegation to take part in the proceedings in that city, has arrived in connection with the Canadian National Railways from Charlottetown. He plans to spend a month among the Acadians in the Maritime Provinces gaining information for a book which he plans to publish. He is connected with the Journal des Debats, an influential newspaper published in Paris, France, and it is the intention to conduct a column in that newspaper on the Acadians in Canada. The distinguished visitor was met on the station platform by His Honor Judge A. T. LeBlanc of the Supreme Court of New Brunswick, who

### FORMER POLICE COMMISSIONER IS DEAD

Brig.-Gen. Bingham, Friend of Late Theodore Roosevelt, Will Be Buried In Village Cemetery at Chester, N. S.

(C. P. By Guardian's Special Wire)  
CHESTER, N. S., Sept. 6.—In compliance with his request, Brigadier-General Theodore Bingham, former commissioner of police in New York and an outstanding American engineer, will be buried in the little village cemetery overlooking the rolling Atlantic.

Death came today to the 76-year old retired police official at his summer home here. Shortly after arriving this spring he was seized with illness and his condition grew gradually worse. His only son, Rutherford, was at his bedside when he died.

Brigadier-General Bingham came into national prominence in the United States when in 1906 he was appointed New York Police Commissioner during the clean-up campaign instituted by his close personal friend, the late President Theodore Roosevelt.

### Canadian Bar Assn. Discuss Kidnapping

(C. P. By Guardian's Special Wire)  
MONTREAL, Sept. 5.—Kidnapping and its proper punishment occupied the attention of the Canadian Bar Association at its annual meeting here today. A round table conference a motion recommending the criminal code be amended so as to permit judges to impose the lash in sentences under five years was carried. When the matter came up in the convention as a whole the lash recommendation was dropped and the association went on record as recommending the criminal code be amended in order to give the courts jurisdiction to impose more severe sentences in kidnapping cases.

Judges and lawyers from all parts of the Dominion took part in the debate on kidnapping. Hon. A. W. Roebuck, K.C., Attorney-General of Ontario, appropriately enough in view of the recent Labatt abduction case, occupied the chair when the question came up formally before the meeting of the association on the recommendation of the committee of administration of criminal justice that lashes be imposed for the crime.

### BANK'S FUNCTIONS

Long and bitter debate featured passage of the Bank of Canada Act through the last session of Parliament. Although it was generally agreed by all parties that a central bank was essential to Canada's financial activities there was a sharp division of opinion over the form it was to take. Several full dress debates ended in divisions that found the Liberal and Progressive groups voting together in favor of an amendment that would make the new bank an entirely government owned institution. The central bank will be a bank for banks and governments and will have no individual depositors or borrowers. It will have sole right of issue

### Appointed Head Of Central Bank

Graham Ford Towers, Assistant General Manager Of Royal Bank, Will Be First Governor Of New Institution—Has Had Brilliant Career As Banker & Economist.

(C. P. By Guardian's Special Wire)  
OTTAWA, Sept. 6.—The Dominion Government today appointed one of the youngest of Canada's leading bank executives to head the new central bank now in process of establishment. He is Graham Ford Towers, assistant general manager of the Royal Bank of Canada, who will celebrate his 37th birthday in a few weeks.

Appointment of Mr. Towers as governor of the Bank of Canada was announced by Hon. E. N. Rhodes, Minister of Finance, upon whose shoulders rests the responsibility of initiating and establishing the new institution. Born and educated in Montreal, Mr. Towers joined the Royal Bank 14 years ago as an economist and secured experience in foreign banking through his subsequent activities as inspector of branches in Cuba. His career here in Canada has advanced and he has published a volume on "Financial Foreign Trade" which brought him considerable acclaim in financial circles.

In accordance with the legislation authorizing establishment of the Central Bank, Mr. Towers' term of office will be seven years after which he will be eligible for reappointment. He will leave shortly to visit European central banks to gain experience, and knowledge of assistance to him in his new work. It is anticipated the Bank of Canada will be in operation shortly after the new year. It is the intention of the government that a deputy governor will be secured from some other central bank within the Empire so that in its initial stages the Bank of Canada may have the services of one high executive with practical experience.

### Weather Delays Harvesting In Prairie Provs.

(C. P. By Guardian's Special Wire)  
MONTREAL, Sept. 6.—In the Prairie Provinces harvesting has been delayed by unsettled weather, but threshing is now under way again in most districts, according to the weekly crop report of the Bank of Montreal, issued at head offices here today. Harvesting is well advanced in the southern and central areas of the three Prairie Provinces, the report continues. Frost damage has affected the grades in the north. Estimates place the western wheat crop at slightly above last year's yield. The yield of coarse grains is very light and pasturage is poor. In Quebec crops generally are in satisfactory condition and with favorable weather conditions average yields are in prospect in most sections. In Ontario threshing of spring grains reveals a better than average yield with quality good. Estimated yields of roots, apples and peaches are much below average. In New Brunswick and Prince Edward Island crops continue to make good progress. In Nova Scotia yield will be materially below average due to lack of moisture. In British Columbia the yield of grain is about average. A particularly heavy second crop of alfalfa is practically harvested and three fruits are ripening satisfactorily.

Detailed reports of Maritime Provinces: In New Brunswick barley, wheat and oats are now being harvested and indications point to an average crop of good quality. Potatoes are in good condition and promise an average yield. Other root crops are maturing satisfactorily. Apples will be light. Pasturage is fair. In Nova Scotia indications are that the potato crop will be below average, other roots are in fair condition. A normal crop of apples is expected. The cutting of oats is under way and it is anticipated the yield will be light. Pasturage is poor. In Prince Edward Island an average crop of cereals is being harvested. Potatoes are doing well. Pasturage is good.

### Editor Shot And Killed

(A. P. By Guardian's Special Wire)  
MINNEAPOLIS, Sept. 6.—Howard Fullford of Minneapolis, former editor of the "Saturday Press" and the "Pink Sheet," local weekly publications, was shot and killed here tonight. Two men in an automobile pulled abreast of Fullford's machine as he was driving to his home. One man leaned out the window, shoved out a shotgun and fired at Fullford's coupe. The charge splintered the windows of the Fullford car and he was struck in the head.

### YOUNG NAZIS Battle In South Carolina Takes Toll Of Six Lives

52,000 Youths From German Labor Camps March Past Der Fuehrer In Two Hour Parade.

(By Louis F. Lochner Associated Press Foreign Staff)  
NURNBERG, Germany, Sept. 6.—Adolf Hitler stood bare-headed in the hot sun for two hours here today while 52,000 tanned young Nazis from the German labor camps marched past, their shiny spades at present arms.

Der Fuehrer, in full view of all the tens of thousands of invited guests, stood alone by his limousine, stretching his hand out in the Nazi salute as regiment after regiment of the "soldiers of labor" passed. The parade, another spectacular demonstration of mass loyalty, was held in connection with the annual party congress here.

Government officials, Nazi leaders and spectators lined the historic market place—now "Adolf Hitler Platz"—for the review, cheering enthusiastically as the labor camps came.

### Premier Bennett Reaches Paris On Way To Geneva

(C. P. By Guardian's Special Wire)  
PARIS, Sept. 6.—Prime Minister R. B. Bennett of Canada reached Paris tonight en route to the League of Nations assembly at Geneva, and left interviewers with the impression that he has yet to make up his mind on the attitude he will take towards admitting Soviet Russia to the League.

Russia's entry to the League is considered a foregone conclusion, but Mr. Bennett would not say one way or the other what attitude he would take. A usually well-informed authority on Canadian affairs told the Canadian Press: "It is quite possible Mr. Bennett is maintaining an open mind regarding the election of the Soviet to the League. Things look different on the spot, and Mr. Bennett may not make up his mind until after a careful weighing-up of the international situation as seen from Geneva."

### Revising Officers Appointed

(By Guardian's Special Wire)  
GLASGOW, Scotland, Sept. 6.—Two persons were killed and 40 injured today in a collision between two passenger trains just outside the Central Railway station here.

### Battle In South Carolina Takes Toll Of Six Lives

Strikers Retreat After Losing Six Of Their Number In Battle On Mill Grounds—Army Of Idle Workers Has Now Reached 360,000

(By Richard L. Turner, Associated Press Staff Writer)  
WASHINGTON, Sept. 6.—The titanic United States textile strike expanded today to an accompaniment of gunfire, tear gas and bludgeoning while federal mediators sped to Washington to undertake the difficult task of ending the industrial warfare.

Ten were dead; score upon score injured; additional scores jailed. Thirty-five thousand more mill workers left their looms to join the picket lines. The total on strike was estimated by independent surveys to have reached 360,000. Troops were on the march in North Carolina. Flying squadrons of strikers operated with success both there and in New England. A pitched battle between pickets and non-striking workers resulted in six deaths, all strikers, in the tiny South Carolina town of Hanea Path. One striker was shot at Greenville, S. C.
