COURAGE

Arthur Hugh Clough

Say not the struggle nought availeth,
The labor and the wounds are vain.
The enemy faints not, nor faileth.
And as things have been they remain.

If hopes were dupes, fears may be liars;
It may be, in yon smoke concealed,
Your comrades chase e-en now the fliers,
And, but for you, possess the field.

For while the tired waves, vainly breaking.
Seem here no painful inch to gain,
Far back, through creeks and inlets making,
Comes silent, flooding in, the main.

And not by eastern windows only,
When daylight comes, comes in the light,
In front the sun climbs slow, how slowly,
But westward, look, the land is bright.

TO THE POINT

The colonel was delivering an address to junior officers up for examination. He dwelt with much emphasis on the fact that each officer should devote the intervening time to preparing for the final examination. "The examination papers are now in the hands of the printer. Are there any questions to be asked." Silence prevailed. Suddenly a voice from the rear quietly inquired, "Who's the printer, sir?"

He's With Us Again.

"Well," said the Perfect Pest. "I've got my garden all planted, I've put in—" And so on for half an hour. "What're you putting in this season?"

"Me," said the Noxious Nut, who had stopped listening after the first ten minutes: "Oh, a few oysters, a little chickweed and some electric light bulbs."

"Wha-at?"

"I'm planning on a crop of oyster, egg and electric light plants."

Man of His Word.

"I'm a man of my word, and I must have $10 right away."

"What's the idea?"

"I borrowed $10 from a friend and I promised to return it today. I must keep that promise. Will you lend me the ten?"

"When will you pay it back to me?"

"Two weeks from today."

"Is that your pay day?"

"No, but in two weeks I can borrow ten more from Bill. That's what comes from keeping your word."

ECONOMY

An Austrian, a professor at Heidelberg University, left the following instructions in his will:

"I desire a third-class funeral, same to cost not more than eight florins, thirty kreutzers, because I do not like to spend a lot of money on things from which I derive no pleasure."

Nothing But Praise

"I have nothing but praise for the new vicar," said a member of the congregation to the verger, after the morning service.

"So I observed when the plate was taken round," said the verger.

According to Teacher.

Mother—Where did you get that nickel?

Willie—You gave it to me for the heathen.

Mother—Then why did you keep it?

Willie—Well, teacher said I was a heathen.

"Take that gum out of your mouth and put your feet in."

WINONA SHOWS CLASS SATURDAY WINNING FROM BARNEY GOOGLE AND SHEIK

Winona, the Mahar-Essery 18 foot yacht, sailed by John Lund upset the dope somewhat Saturday in the battle for the Currie Cup, by sailing home a winner over her nearest rivals Barney Google and Sheik in one of the best races this season. A perfect sailing breeze prevailed throughout the whole afternoon and the trim little yachts although "shook out" had all they could lug especially the little Emerald J. which gamely faced the elements, finishing with nearly all her rigging blown asunder.

The race Saturday was the third of a series of five for the above mentioned cup. The series is to be won on the point system, that is with eight yachts entered each receives a point for entering, the winning boat a point for every competitor beaten and so forth; a complete standing of which will appear later.

The following is a chart of the race Saturday, told in a nutshell: The course 4½ mls—twice

Yacht	Start 2.30	1st Buoy	2nd Buoy	3rd Buoy	1st Buoy	2nd Buoy	3rd Buoy	Home Time
Barney G	1st	2.38¼	3.11¼	3.23¾	3.45¼	4.17	4.30¼	4.43¼
Winona	2nd	2.38½	3.09½	3.24	3.45	4.16½	4.29	4.43
Byng Boy	3rd	2.39	3 11	3.25¾	3.47	4.18½	4.33¼	4.46¼
Emerald J	4th	2.39¼	3.12	3.29½	3.52	4.22	4.41	4.58
Sheik	5th	239¾	3.09	3.24¼	3.46¼	4.17½	4.30	4.43½

The Swallow, Pollywog, Miss Charlottetown and Lofty entered but did not start.

OFFICIALS—A. F. Campbell, F. McDonald, H. Barres.

Folding napkins, towels and table linen in thirds lengthwise, instead of quarters when ironing, gives a much hardsomer appearance.
