"You're darned right I signed G.S."

I didn't join the Army to see Canada... I signed up to fight - to go overseas - to do the work of a real soldier!

That's why I'll wear the GS badge on my arm.

It's a decoration - something any man can be proud to wear - because only those willing to do their full share of service are permitted to wear it.

And when the boys come marching home again I'll be with them - one of the GS soldiers who have helped to put Victory on the map - one of the men whom all Canada will honour.

You bet I'll be proud of my GS Badge!
