production costs there will be open warfare on the King Government, even as those who favor trying out the new tariff.

The election announcement has caught the progressive organizations of the western provinces in various stages of political mobility. Alberta has retained its U. F. A. organization intact which can and will strike in the coming campaign. Saskatchewan farmers have practically rebuilt their political machinery, and have launched a new party, so far more provincial than federal, but organizing to function in both spheres when the time comes.

Budget Sounds Alarm

In Manitoba the Progressive political organization has been permitted to wane, at least federally, since 1926. The Dunning budget has sounded a new alarm and the first step has been to circulate the remaining 350 U. F. M. locals and ask them to make an intensive study of the tariff changes, keeping in mind the fiscal doctrines laid down in 1921.

The Manitoba organization was at its zenith of efficiency in 1921 as the result of elections in that year indicated. Enthusiasm of its members was kept at the peak so long as Sir Lomer Gouin and Hon. Walter Mitchell, high progressive Liberals, were among Mr. King's Quebec supporters. When Mr. Fielding quit as Minister of Finance there followed a series of budgets from the late Hon. J. A. Robb, which tended to lower tariffs and naturally less Progressive opposition. Progressive activities lessened although in 1925 the organization existed, even though there was less antagonism to Liberal policy.

In 1926 Session

In the session of 1926, both the budget and the speech from the throne were so favorably regarded, that Progressives said both might have been ditched by the 1921 leaders of the movement. Both documents contained commitments for completion of the Hudson Bay Railway, favorable settlement legislation and lower tariff. This brought a high degree of co-operation because Government policy was in line with the 1921 program.

Save for one other factor this has been the general trend for nine years. About 1923 organization of commodity co-operatives became intensified on the prairies and western farmers looked to the possibility of higher prices through marketing agencies. This movement removed from the field of rural activity a number of capable organizers, among them Colin H. Burnell, now president of the Wheat Pool, and in the same period some of the co-operatives, particularly the poultry, egg and dairy interests, looked protectionwards for increased prices.

In 1921 Fight

If the meantime the Progressives discontinued their educational propaganda, although they reasserted their doctrines at successive conventions.

The poll of the 350 U. F. M. locals may not be complete before this year's election, but its importance is not to be overlooked. The present rural Federal members, with two exceptions are the same members as were in the fight of 1921. The two changes are in Springfield, where Dr. E. D. B. Bisset, Liberal, replaces Hon. R. A. Hoey, now Minister of Education in the Bracken Government, and E. A. McPherson, K. C. Portage La Prairie, who represents the seat held by Harry Leader in 1921.

Czechoslovakia has only 95,000 unemployed, many of whom are idle temporarily

Norway is working to have all labor difficulties at any time settled by arbitration

South Africa's shortage of native labor is growing

LOBSTERS AND HERRING PLENTIFUL—The lobster catch this year so far is as good if not better than that of last year, which was considered a very good season. The prospect of continued good lobster fishing is very bright if no bad storms come to break up the season. The catch of herring is much above that of former years.

EGG MARKET—Egg production on the Island is heavy, receipts showing a slight increase over last week with quality just fair and percentage of extras about fifty per cent. Wholesalers quotation remains same as last week at extras 26, firsts 23, seconds 20, jobbing prices, extras 30-31, firsts 27, seconds 25. Five cars were shipped last week, three to Montreal, two to Quebec. Small shipments were made to Halifax, Sydney and St. John.

RECEIVES APPOINTMENT—D. M. Gass, commercial and traffic superintendent of the Truro branch of the Maritime Telegraph and Telephone Company, has been appointed to the position of commercial and traffic superintendent for the company in P. E. I. Mr. Gass has been located in Truro for the past three years and will be succeeded by W. E. Grant, chief clerk at the Sydney exchange. Mr. Gass is replacing Mr. Foster Doyle who is to be transferred to the head office at Halifax, and will come into his new position on or about June 1.

PERSONALS

Miss Mary McAulay, R. N., who has been visiting her parents, Mr. and Mrs. J. McAulay, left yesterday morning on return to Boston.

Misses Grace Lamont, Hilda MacNeil, and Helen Morrow, St. Catharines, were among the passengers on the "Nancy Lee" to Charlottetown on Friday.

SUDDEN DEATH—The sudden death occurred suddenly on Saturday morning of David Compton, C. N. R. car inspector. The deceased worked up until 1 o'clock Friday afternoon in apparently good health. He was to report for duty early Saturday morning but shortly after the trains departed word was received of his death which it is supposed was caused by heart trouble. The deceased who was forty years of age, entered the service of the C. N. R. in 1920 as car inspector, a position he held until his passing. He is survived by a widow and five children, the oldest of whom is only fourteen years of age.

CHURCH ARMY—Captain Bewley of the Church Army officiated at Mattins in St. Peter's Cathedral yesterday morning and preached a splendid sermon from the words "All my springs are in thee" being a part of the 7 verse of the 87th Psalm. In the afternoon Captain Bewley went to Cherry Valley, where he officiated at evening in Christ Church taking as his text the words "Jesus the hope of the world". Work is progressing on the Church Army Van and it is hoped it will arrive on the Island before the end of May. Captain Bell, of Toronto, will be in charge of the Van and will be assisted by an officer, who is now on his way from England.

INSTITUTE MEETING—The Mayfield Women's Institute met at the home of Miss Marion Moffatt on the evening of April 29th, eleven members and one visitor being present. The meeting was opened in the usual manner by the president, Mrs. Warfield Orr. The minutes of the last meeting were read and approved. Reports from the sick and school committee were then heard and new committees appointed as follows: School, Mrs. Gordon Houston and Miss Martha Brown; Sick, Mrs. Warfield Orr and Mrs. Louis Toombs; Luceh, Mrs. Harold Toombs and Mrs. Gordon Houston. Two bills were then handed in for approval. This Institute has agreed to help out with the linen for the Sanatorium. Discussion on plans for the renovation of the Mayfield Hall took place but the matter was finally tabled until the next meeting. The Institute is taking steps to procure a sand-table for the school. The collection for the evening amounted to \$2.15. Mrs. Frank Houston invited the members to her home for the May meeting, roll call to be answered with "Sing, say or pay."

MARRIED AT FREDERICTON JUNCTION—A wedding of interest to a large circle of friends was solemnized Wednesday night at the home of Mr. and Mrs. Fred Saunders, Fredericton Junction, when their daughter, Ada Caroline (Daisy) was united in marriage to Louis Raymond Wedge, formerly of Summerside, P. E. I., but now located in Fredericton as a member of the New Brunswick Provincial Police, the ceremony being performed by Rev. Hugh Westrup. The bride was given in marriage by her father and wore a dress of white crepe de chine and carried a bouquet of roses and carnations. She was attended by her sister, Miss Ruby Saunders, who wore a dress of lettuce green georgette and carried a bouquet of carnations. The groom was supported by Donald S. Higgins of Fredericton. Following the ceremony a buffet luncheon was served to 25 invited guests. The house was prettily decorated with spring flowers and the bride's table was centered with a three tier wedding cake. Many gifts were received by the young couple, who are popular with a large circle of friends. Mr. and Mrs. Wedge will reside in Fredericton.—Fredericton Gleaner.

ATTENTION—K. of C. meeting, Monday, May 12th. Special Agent Wells will address the meeting. 3717-5-10-21

BENEDICTION SUNDAY—Benediction was sung at the Sacred Heart Home yesterday afternoon at 3:30 by the Corpus Christi Choir for the benefit of the residents.

R. O. P. HONOR ROLL—In the April issue of the Canadian Guernsey Breeders' Journal, in an article on the R. O. P. Honor Roll, mention is made of the fact that the three year old Belinda Spring Rock, owned by Miss Marjorie Harper, daughter of Mr. and Mrs. George Harper, Charlottetown, now holds sixth place in all Canada. This is a splendid record, and one that reflects credit upon this Province.

PERSONALS

Miss Mary McAulay, R. N., who has been visiting her parents, Mr. and Mrs. J. McAulay, left yesterday morning on return to Boston.

Misses Grace Lamont, Hilda MacNeil, and Helen Morrow, St. Catharines, were among the passengers on the "Nancy Lee" to Charlottetown on Friday.

CHURCH SERVICES

THE BAPTIST CHURCH

Yesterday, Mother's Day was fittingly observed in the service of the Baptist Church, music, sermon and floral decorations expressed with emphasis the central idea of the occasion. The floral decorations were very beautiful, contributed by various members of the congregation as well as some of the classes of the Sunday School.

EGG LAYING CONTEST

Notes on the Prince Edward Island Egg Laying Contest for the Week Ending May 8, 1930.

Mr. Everett Howatt's W. L. pen 19 led the contest for the week with 62 eggs, 70.5 points; Mrs. J. F. Easton's W. L. pen 16 were second with 61 eggs, 67.7 points, and Mrs. J. H. MacPhail's B. R. pen 8 were third with 63 eggs, 67.4 points.

Mr. James Tuplin's B. R. pen 9 still leads the contest with 141 eggs, 182.1 points; The Kensington Baby Chick Hatchery, B. R. pen 9 is second with 148 eggs, 186.5 points, and Mr. James Tuplin's pen 10 is third with 128 eggs, 167.4 points.

The pens leading in total production are:

1st, Kensington Baby Chick Hatchery, B. R., 1087 eggs, 1165.7 points.

2nd, Mr. A. L. Rogers, B. R. 1025 eggs, 1084.1 points.

3rd, Mr. James Tuplin, B. R. 934 eggs, 1024.5 points.

4th, Mr. Preston MacLeod, R. I. R. 953 eggs, 1022.1 points.

The production for the week was 1076, or 76.8 percent, and to date 17379.

Young people of Guatemala are adopting European styles in dresses. Saxony now has 1,543 singing societies with 56,198 members.

Fashionable women of Guatemala have taken a fancy to envelope hand bags of high-quality leather.

P. W. C. Baseball

The second game between the Badcats of II yr-B and the Roughnecks from the rest of the college was played on the College Campus last Saturday. The 'cats' came out on the long end of the score winning to the tune of 18-9. Ayers again did the hurrying for the 'Cats' although he was changed in the eighth to McLean. Filliter did the pitching for the losers till the eighth inning when he was changed and McDonnell put in. The score was 8-6 at the end of the sixth inning but the 'Cats' then sent seven men around. The Roughnecks tried hard to catch up but their efforts proved futile. Filliter and McLeod both hit homers to right field, the first one with nobody on, the second one with the bases full. Following is the line-up:

BADCATS	ROUGHNECKS
Catcher	W. McDonald
Dabe Lidstone	N. Grant
Pitcher	Windy Filliter
G. Ayers	W. McDonald
J. McLeod	
1st base	G. Bennet
2nd base	Stan McLeod
3rd base	K. Beer
Bud Howatt	Sludge Rogers
R. field	Pec-Wee McDonald
N. McLeod	G. field
W. Crozier	D. McDonald
L. field	N. Grant
J. Denny

Errors 11	17
Strikeouts 10	8
Runs 18	9

WILL VISIT THE MARITIMES THIS YEAR

"Maple Leaf Special" From California Will Carry Island Visitors Direct to Charlottetown.

The Maple Leaf, that bright and popular magazine for Maritimers published by Mr. M. A. McInnis, a former Islander, in Oakland, California, has arranged with American and the Atchison, Topeka & Santa Fe Railroad and the Canadian National Railways to operate an excursion train, "The Maple Leaf Special," from California to various points in the Maritime Provinces this summer. The train leaves Oakland on Sunday evening, June 29th. An effort will be made to assign a car to each of the Maritimes, the "Prince Edward Island car" operating through to Charlottetown.

The following information in connection with the proposed excursion was received from the editor of the Maple Leaf by Mr. D. B. McDonald, Summerside:

D. B. McDonald, Esq., Summerside, P. E. I.

My dear Friend:

When your telegram was received here the Maple Leaf was about ready for the mail, and as the information you desired was given in the first article, I did not think an urgent reply was necessary. If our's was a round trip special, you would have received a prompt reply.

Our's is a one way excursion, the excursionists remaining with friends or relatives for weeks or months. Those going to the Island will be there all during July and perhaps August. I hope to be one of them, accompanied by my eldest daughter, Margaret. She has been told so much about my native home from Michael Jr. and Mary, that she wants to see for herself. The writer of children's stories in The Maple Leaf, Carolyn Blakelee (Mrs. C. B. Humphreys), is hoping to make the trip also. She is a native of Nevada.

The strict immigration laws may prevent some from going to the provinces. I will make inquiries regarding this matter at our immigration office here. It will affect only those who are not yet citizens of the country.

I appreciate your interest in our proposed excursion and assure you that every effort will be made toward success. The railroads have commenced to receive reservations, but the majority of those who intend to go will wait until June to secure their place in the cars.

Sincerely yours,

M. A. MCINNIS

"Kant-Namous" Ladies Win Over The "Not-Afrads"

ST. JOHN, May 10—Imperial alleys last evening took on all the appearances of the annual New Brunswick Balke-Collender candle-pin bowling tournament, in this instance, however, there being waged but a single contest, and between members of the fair sex—albeit none the less attractive a trundling offering. Supported by an applauding gallery, the Saint John Kant-Namous, illustrious and nimble rollers, took the measure of the touring Not-Afrads, of Charlottetown, P. E. I., in the opening engagement of a two-game series to be concluded tonight.

The final score was 1367 to 1235, Kant-Namous taking all four points and the ladies rolled the candle-pin game, familiar of the trundling past-times to Saint John pinner. When the two fives meet this evening at 8 o'clock they will roll a five-pins, the duck-pin game which has established itself in such popular fashion this year on the Island.

Saint John went into the lead early and managed to take all four points, but were pressed from start to finish. The visitors showed plenty of ability and when they next display their duck pin adroitness as a windup to the local invasion, they will prove mighty tough antagonists for the Kant-Namous.

The Island girls have journeyed far from their home alleys and left Monday, playing twice at Halifax where they took the Maritime Telephone ladies into camp, both styles, and dropping into Moncton where the Hub Aces proved their undoing in a contest at each pin selection.

After meeting local aggregations, for in addition to the match tonight the Not-Afrads have managed to sandwich in a special fixture against an all-star men's team this afternoon at 3:30 o'clock, they will depart for home.

Between trains, at Moncton Monday, they are billed to face the ladies' team of the C. N. R., at the K. of P. alleys, at candle-pin.

INTERNATIONAL NICKEL

The statement of earnings of International Nickel Company of Canada for the first quarter of 1930 will be held before the directors at their meeting in New York next Monday afternoon. The figures will probably be made public on Tuesday morning. While good, the statement is not likely to come up to earlier general expectations, as naturally the company's sales of nickel were affected to some extent by the business recession as well as the falling off in the demand for copper.

Production of the Freed Mine has now reached 3,400 tons daily as compared with 2,000 tons in March. The construction program is being maintained ahead of schedule. The copper refinery is expected to be ready for operation by the end of September.

COPPER

The New York report that export sales of copper yesterday amounted to 6,750,000 lbs as against 1,500,000 lbs on the preceding day is the first concrete evidence of the effect of the lower price of the metal on outside demand. When the reduction in price was affected a few days ago it was hoped that the price had been made low enough to encourage buying on a larger scale. The increased sales yesterday were consequently an encouragement to those who hoped that the price would not have to be lowered still further. The development is of particular importance because of the increasing part played by the red metal in the earnings of several of the most prominent mining enterprises in Canada.

BOWLING

CHURCH LEAGUE

Tuesday night Trinity won the first play-off match from United by 135 pins.

C. MacDonald, Trinity, scored all individual honors, rolling the highest single and three string scores of 333 and 785.

Commercial League.

At 8:30 Holman's Ltd., defeated Prowse Bros. by 150 pins.

P. McInnis of Prowse Bros. rolled the high single of 265 while G. Toombs of Holman's Ltd., had the high total of 707 pins.

Following are the scores and line-ups:

Trinity

N. J. Clow	158	183	248
W. MacDonald	226	217	183
C. MacDonald	196	183	206
P. McInnis	215	173	158
G. Toombs	176	183	188

United

A. MacEachern	128	138	168
J. D. Webster	309	179	248
T. Wayne	214	107	187
A. Matheson	307	162	215
J. A. Bentley	332	142	217

Holman's Ltd

A. Affleck	144	228	145
H. McCallum	180	154	173
G. Toombs	350	264	203
J. McInnis	123	124	202
R. Johnson	175	257	192

Prowse Bros

W. Whitlock	222	302	180
A. Henry	189	150	110
F. Adams	137	174	158
P. McTague	151	141	168
P. McInnis	268	170	230

At the funeral of A. W. Gtmg.

founder of a large store in London was a replica in flowers of the unfinished Gamage building, sent by the employees.

Turning of some of Australia's vast wool crop into broadcloth for upholstery for automobiles locally produced, is being tried.

MONTEAL STOCK EXCHANGE

Market reports furnished by Greenshields & Co., Montreal, to Stewart Jones & Co., 88 Great George St., Charlottetown.

MARKET REVIEW

BRAZILIAN TRACTION

Brazilian Traction's 1929 annual report will be available in about three weeks. The annual meeting will be held around June 20th. Fixed charges against earnings will be less for last year than in 1928 owing to the redemption about mid-year of 46,000,000 bonds. It is confidently believed that 1930 earnings are now assured of fair increase over 1929. The January dip below a year ago was due mainly to the drop in exchange which has since recovered entirely and there is confidence in Rio de Janeiro that the shares will hold present levels.

INTERNATIONAL NICKEL

The statement of earnings of International Nickel Company of Canada for the first quarter of 1930 will be held before the directors at their meeting in New York next Monday afternoon. The figures will probably be made public on Tuesday morning. While good, the statement is not likely to come up to earlier general expectations, as naturally the company's sales of nickel were affected to some extent by the business recession as well as the falling off in the demand for copper.

Production of the Freed Mine has now reached 3,400 tons daily as compared with 2,000 tons in March. The construction program is being maintained ahead of schedule. The copper refinery is expected to be ready for operation by the end of September.

COPPER

The New York report that export sales of copper yesterday amounted to 6,750,000 lbs as against 1,500,000 lbs on the preceding day is the first concrete evidence of the effect of the lower price of the metal on outside demand. When the reduction in price was affected a few days ago it was hoped that the price had been made low enough to encourage buying on a larger scale. The increased sales yesterday were consequently an encouragement to those who hoped that the price would not have to be lowered still further. The development is of particular importance because of the increasing part played by the red metal in the earnings of several of the most prominent mining enterprises in Canada.

WOMEN WILL SOON VOTE IN S. AFRICA

CAPE TOWN, S. Africa, May 10—(By The Canadian Press)—An article in the Cape Argus on women's new importance in politics makes interesting reading: It may seem premature as yet to speculate what the women's vote will ultimately mean. There are some who predict chaos; others can see the hastening of the millennium. The more moderate view is that no revolutionary reforms will be effected. The consensus of opinion seems that women will not vote as women, but as individual citizens. On the other hand, there is no doubt there are certain feminine traits that have already been felt in the countries where women have a voice, and these will also find expression in South African politics.

CANADIAN NATIONAL TO BROADCAST SPECIAL ANNIVERSARY PROGRAMME

When CNRT comes on the air Thursday, May 15th, it will mark the completion of six years of broadcasting in Toronto by Canadian National Railways. It was on Friday, May 16th, 1924, that the first programme was presented there. For several years Friday evening was known in radio circles far and wide as CNRT's night, and this was altered only some two years ago to Thursday, in order to tie in with other C. N. R. stations then forming a network.

WOMEN ASK FOR EQUAL OPPORTUNITIES AND EQUALITY BEFORE THE LAW

They have never put forward the theory that men and women are absolutely equal. In fact they argue, that if men and women were identical the same, then the job of ruling could safely be left to men alone. It is the need of the woman's point of view in all questions that they stress. What exactly is this woman's point of view and how does it differ from the man's? This is the question that is arresting the attention of the statesmen of the country.

ESSENTIALLY WOMAN IS AN IDEALIST

She would make humanity more human. The emancipated woman is today exercising her powers towards the realization of world peace. She
