The Whippet Sedan is the best of the nine cars I have owned.

said this owner

The above extract is taken from one of the great number of unsolicited testimonials we have received regarding the merits of the Whippet.

The enthusiasm of Whippet owners throughout the country for their respective cars, is rapidly becoming a by-word among motorists.

And they have every reason to be enthusiastic.

In the Whippet there is a combination of quality features found in no other car of its price class. For instance: Four-wheel brakes, silent timing chain, full force-feed lubrication, unequalled economy—and stamina proven by millions of miles of driving in the hands of its owners.

Your nearest dealer will be pleased to have you inspect the various Whippet Four and Six models. Plan on going today.

Whippet Four prices from \$625 to \$810. Whippet Six prices from \$815 to \$985. All prices f.o.b. Factory, Taxes extra.

DON'T suffer headaches, or any of those pains a tablet of Aspirin can end in a hurry! Physicians prescribe it, and approve its free use, for it does not affect the heart. Every druggist has it, but don't fail to ask the druggist for Bayer. And don't take any but the tablets that are stamped with the "Bayer Cross."
