BASIC SLAG

(Sometimes known as Thomas Phosphate Powder)

The two sources of Phosphoric Acid, the element of fertility lacking to the greatest extent in the cultivated soils of the Maritime Provinces, are Basic Slag and Acid Phosphate, or Superphosphate. These two Fertilizers both contain from 250 to 300 lbs of available Phosphoric Acid to the ton.

BASIC SLAG

Contains in addition to the Phosphoric Acid from 800 to 1000 lbs of Lime. In the form in which this Lime exists it does not burn up the humus in the soil like burnt Lime. It is calculated that 95 p.c. of the soils of the Maritime Provinces are sour and the effect of an application of Basic Slag is to correct this acidity.

BASIC SLAG

In addition to the Phosphoric Acid and Lime contained in Basic Slag there is also present a quantity of iron, the effect of which is to aid bacterial growth in the soil, a matter of the highest importance.

BASIC SLAG

Also supplies magnesia and manganese, which in conjunction with the other elements present, especially Lime, will prove a great aid to the farmer in rendering available the crude potash contained in the soil and making him independent of potash which in former times was supplied at enormous cost from Germany.

BASIC SLAG

Is the only phosphatic fertilizer in which all these valuable elements are combined. Do not overlook the fact that when you buy a ton of Basic Slag you get as much available Phosphoric Acid to the ton as in any other fertilizer and in addition you have the benefits of the other elements referred to herein.

Prof. Cumming of the Agricultural College, Truro

In the annual report of the Dept. of Agriculture for Nova Scotia, for year 1914, writes, referring to their experiments in connection with commercial fertilizers as follows:

"In our experience with roots the best results were obtained from Phosphoric Acid, either in the form of Acid Phosphate, or Sydney Basic Slag. The addition of Muriate of Potash did not materially increase the yield. The heaviest yields of mangels were in the plots treated with Slag instead of Acid Phosphate. In the turnip fields Basic Slag gave better results than Acid Phosphate. Where potash was used on this land there was no advantage"

IT PAYS to buy in this province P. W. C. REOPENS.—The Prince of Wales College will reopen at 2 p.m. tomorrow (Tuesday) and the Model School at 9 a.m. as usual.

PATRIOTIC BRIDGE AND DANCE—Those taking part in the Patriotic Bridge and Whist tonight, are requested to be in their seats ready to play at 8 o'clock sharp. 6494.

A WORTHY EXAMPLE.—McLeod Bros. of Dartington has given \$250 to the Patriotic Fund and the Red Cross Society respectively on condition that Brookfield raises an equivalent amount. The district is busily subscribing and no doubt the additional \$500 will soon be in the coffers of these two praiseworthy Funds. The example set by the McLeod Bros. is what might be followed with advantage by wealthy individuals and firms in other districts.

MRS ROBERTSON DEAD.—Principal S. N. Robertson of Prince of Wales College will have the sympathy of many friends in the bereavement he has sustained by the death of his mother Mrs. Isabelle Robertson, who passed away Friday evening. She was 62 years of age and had been in failing health for some time. The remains were removed from her late home, Upper Prince Street Saturday to her former home in Cape Traverse where interment will take place today.

A PATRIOTIC FAMILY.—Mr. and Mrs. John McLeod of Brighton have to be proud of the part their family is taking in the great war, no fewer than six of them being actively engaged in their country's cause. The names are as follows: John Russell, member of the Signalling Corps in Belgium. Arthur Gordon, in the Irish Fusiliers, having enlisted in Vancouver, B.C. Keith Hamilton, a Signaller with the Light Horse, Kenneth Warburton, in the 5 Heavy Siege Battery, Miss Clara Scott, graduate nurse from McGill University, in a hospital in France. Miss Winnifred Grace, graduate nurse from a Chicago University, now in hospital work in Cairo Egypt. The Guardian extends its congratulations to the patriot and patriotic families and hopes many families in the Province will ere long have a similar proud record to publish.

EXCHANGE OF PULPITS.—There was a general exchange of pulpits in the City Churches yesterday morning and evening, except in the case of Grace Methodist Church at the morning service, when the Pastor Rev. Mr. Littlejohns, addressed the 105th Regiment, preaching an eloquent and very thoughtful sermon on the "Super-man." The service was largely attended, and the soldiers, attached to the church by the Band of the 52nd Regiment which rendered appropriate and excellent music for the occasion. At the First Methodist Church in the morning Rev. G. C. Taylor spoke on "A New Year's Message" and in the evening Rev. Dr. Bennet, at Grace Church in the evening the preacher was Rev. Dr. Fullerton. Rev. Dr. Bennet occupied the pulpit at St. James in the morning and in the evening, Rev. D. McLean. At Zion Church in the morning Rev. D. H. Fulton was the speaker and Rev. R. G. Fulton, in the evening also preaching in the morning at the Central Christian Church. At the evening service in the Central Christian Church Rev. F. J. Littlejohns was the preacher. Rev. Dr. Fullerton preached at the Baptist Church in the morning and in the evening Rev. G. Taylor, while at the 7 o'clock service at the Peoples Church Rev. Mr. Wilson gave a splendid address. There were no changes in regard to St. Paul's and St. Peter's. The services were on the whole well attended and the singing was excellent.

WEAK FROM GRIPPE

HOME MISSIONARY TELLS HOW SHE RESTORED HER STRENGTH.

"I am a Home Missionary, was weak and run-down after a hard spell of LaGrippe. I had headache, indigestion and pains in my chest, and was tired all the time. A friend asked me to try Vinol and the result is I am free from those troubles and I feel well and strong and able to go to work again." Mrs. Hattie Johnson, Towanda, Pa.

The reason Vinol was so successful in building up Mrs. Johnson's health is because it is a genuine remedy which contains peptonate of iron to enrich and revitalize the blood, the nourishing properties of beef peptone and the healing medicinal extractives of fresh, healthy cod's livers, all combined in a delicious native tonic wine, without oil.

We wish every person in Charlottetown who is suffering from a weakened, run-down, debilitated condition, would try our Vinol on our guarantee to return their money if it fails to benefit them.

WEDDING BELLS.—On Wednesday Jan. 5th at the home of the bride Miss Marie Purdy and Mr. J. M. Crabbe, both of this city were united in marriage by the Rev. Mr. Murphy. The bride was attended by her sister, Miss Belle and the groom was supported by his brother-in-law Mr. Leah Jenkins. The young couple will reside in Charlottetown, and their many friends are wishing them a long and happy wedded life.

SHORT COURSE IN AGRICULTURE.—Definite arrangements have been made to hold a Short Course in Agriculture at Leary commencing on the evening of January 13th. The Hall will be comfortably heated and every accommodation arranged so that all may benefit. Special arrangements will be made for the judging of grain and weed seeds. Live Stock, Poultry and Fertilizers will also be discussed. Everyone interested is invited.

RECEIVES APPOINTMENT.—Mr. William Dalziel of Georgetown, son of Mr. John Dalziel of the P. E. I. R., has been appointed Captain of the Imperial Light Infantry. Mr. Dalziel is a son-in-law of Mr. and Mrs. John McLeod of Charlottetown.

MILITARY PARADE.—About 225 men of the 105th Regiment under Colonel R. H. Campbell marched to Grace Methodist Church yesterday morning when Rev. Mr. Littlejohns, delivered an eloquent sermon on the origin of the present war, his subject being "Christ the Super-man." He took as his text the words "If any man is in Christ he is a new creature." He first explained the idea of the German philosopher, Nietzsche, to which is meant by the higher type of man, which he describes as "a species of man that will be evolved in the process of time, the man of will power embodied in Napoleon. The preacher then showed that Heitche's philosophy was responsible for the German programme of war. They believed that the "Superman" was destined to influence the world and therefore accepted the "matted fist" as their ensign. The Super man is the Christ and the preacher exhorted his hearers to mount their lives according to the great Master's. The sermon was a masterpiece and was listened to with concentrated attention. The church was absolutely crowded, the congregation being unusually large. During an interval in the sermon Mr. Percy Barlow very acceptably sang an excellent solo. The musical programme was also very well rendered. The 52nd Regiment Band accompanied the men to church.

GERMANS CLAIM FURTHER SUCCESSES

(Special to the Guardian.) BERLIN, Jan. 9.—The bringing down of another Allied aeroplane at the Dardanelles, by a Turkish aviator is reported in an official statement from the Turkish War Office, dated January 7. Received here to-day from Constantinople. The communication, says Lieut. Hodlike shot down east of Yalova, a British Farman aeroplane. This was followed by the destruction of a French Farman aeroplane yesterday. Turkish aircraft have shelled the enemy position at Seddul-Bahr and the aviation station on the Island of Imbro. There have been heavy artillery duels near Seddul-Bahr.

KAISER ILLNESS ONLY RUMORS

LONDON, Jan. 7.—All direct advices from Berlin have characterized the illness of the German Emperor as slight, and the only reports intimating that his condition is any way serious have come from Paris, Rome, Copenhagen and similar places. None of these have given definite sources of information, and, in most cases, as a matter of fact, the statements have been frankly given as merely rumors.

Doctor Explains Best Treatment To Avoid Grippe

HOW TO AVOID GRIPPE.

Keep the bowels in good order. Take plenty of fresh air. Avoid passing from one extreme temperature to another. Keep away from persons suffering with grippe.

HOW TO CURE GRIPPE.

Take a good purgative. Keep the bowels working. Go to bed and stay there until recovery keep windows open.

This is the broad advice of the acting medical superintendent of the Montreal General Hospital given to The Star which requested it since the grippe epidemic sweeping the United States may visit Montreal.

The wave of disease is working Eastward. Two weeks ago it was in the western part of the United States. It is still most virulent in the Middle West now is in the throes of grippe, 100,000

MARRIED MEN COST COUNTRY TWICE AS MUCH TO KEEP AS SINGLE MEN

LONDON, Jan. 8.—The advocates compulsory service for single men were furnished with an additional argument by the official statement for the dependants of one thousand unmarried men accounts only to 267 pounds sterling weekly, as compared with 870 pounds for the same number of married men.

Local doctors cannot predict whether or not the epidemic will touch this city. Cases here do not yet touch the epidemic stage, but the comparative ignorance of science regarding the germ that carries grippe renders it impossible for medical men to do more than give warning of the way to avoid the trouble, and how to treat it when it develops.

WHAT CANADA PAYS!

SOLDIERS PAY AND ALLOWANCES, CONDITIONS OF ENLISTMENT PROVISION FOR WIVES, MOTHERS AND CHILDREN

Canada is determined that her sons shall be as well paid and their families as well cared for, as a grateful and wealthy country can afford. The scale of pay for Overseas Service, the allowances from the Patriotic Fund, and the Pensions, are on a more liberal basis than those of any other country engaged in the war.

SCALE OF PAY

Table with columns: RANK, Pay, Field Allowance, Separation Allowance. Rows include Sergeants, Corporals, Private, Buglers, Drummers etc.

The men are, of course, fed and clothed by the Government. The Separation Allowance is the sum paid by the Government to the wife of each enlisted man, or to the widowed mother if the son is unmarried and is her sole support. This is in addition to part of his pay which is reserved for her. One-half of a soldier's pay is withheld by the Government and paid to his dependents. This ensures that at least \$35.00 per month is paid by the Government to the wife of each soldier.

THE PATRIOTIC FUND

The Patriotic Fund has been created to assist those dependents of a soldier who need more help than the Government gives. From this Fund the following sums are paid if the need exists:—

Table with columns: Wives, Children of widowers, Mothers of unmarried men, Children of married men according to age and number in family. Values range from \$5.00 to \$10.00 per month.

Ladies representing the Patriotic Fund pay regular visits to families of men on Overseas Service, and give friendly advice and practical help in case of need. Many employers have pledged themselves to give preference to returned soldiers when engaging men.

PENSIONS

The Canadian scale of pensions range for private soldier, from \$75.00 per year for certain minor injuries to \$204.00 for total disability. In case of a death \$22.00 a month is paid to the widow, and \$5.00 a month for each child. A widowed mother whose son was her whole support receives \$22.00 a month.

CONDITIONS OF ENLISTMENT

Age—18 to 45 years. Height—5 feet 2 inches minimum

HOW TO ENLIST

Apply to CAPTAIN CAMPBELL or to any recruiting officer MAJOR LEIGH, CAPTAIN COOK, LIEUTENANT MOORE or write for information to
