

THE QUEEN'S COUNTY GUARDIAN

Head Offices in New Prowse Block--Ch. lottetown.

J. F. Gallagher, Mrs. Gallagher Rev. S. D. McPhee will preach at and family leave this morning for St. Andrew's church, Orwell, on their new home in St. John. Sunday 10th at 3.30 p. m.

There will be service in St. Thomas' Church, Long Creek on tomorrow morning, at 11 o'clock and in St. John's church, Crapaud, at 7 in evening.

Miss Edith Gorman, City, has graduated from the Shorthand and Typewriting department of the Union Commercial College and has been awarded an Honorary diploma.

The death occurred on Thursday last at Murray Harbor, of Mrs. A. D. McLeod, at the advanced age of ninety-three. Murdoch McLeod, of Moncton is a son of the deceased lady, and was present at the funeral which was held on Sunday last.

The body of William Ellis, who died at Watertown, Mass., recently from a paralytic stroke, was taken through to Bladeford, P. E. I., for interment today. The remains were in charge of Mrs. Frank E. Childs of Waltham, Mass.—St. John Star May 6.

There was quite a fair market yesterday. The price of butter has somewhat decreased and sold at from 30 to 34 cents; eggs brought 15c and 16c, while chickens ranged in price from 70 cents to \$1.10 per pair. Lobsters met ready sale at 12 cents per pound.

The steamer Kilkeel which has already visited this port this spring, arrived at the Halifax ferry Tuesday afternoon with only the portion of a cargo. The steamer was in collision with the government ferry steamer Scotia at Port Musgrave. The Kilkeel was leaving the wharf and the captain of the Scotia mistook the red light on her for the light on the wharf and crashed into the port bow of the Kilkeel. The Scotia was not damaged, but several plates of the Kilkeel were dented and twisted. Owing to the accident the Kilkeel was not able to carry a full cargo she steamed around to Evans wharf, where repairs will be effected.

Quite a novelty in the realm of Maritime journalism is afforded by a neatly printed newspaper called The Enterprise News. A copy of the first issue has been received by The Guardian. It is published at St. John's, N. B., "every once in a while" from the offices of the Enterprise Foundry Co., Sackville, N. B. The purpose of the paper is to afford the publishers an opportunity to discuss with present and prospective customers things which are of importance to everyone interested in the purchase and sale of stoves. There are some bright things in the paper besides business talk, and it should be a welcome visitor to those interested. A copy will be sent to any one applying.

The Halifax Mail says—"At the annual meeting of the Book Committee of the Methodist Church Eastern Section, Rev. Stephen F. Huestis, D. D., tendered his resignation. The doctor's half century of active official connection with the church closes Wednesday. The members of the Book Committee present at today's meeting were—Rev. R. W. Weddall, chairman; Rev. George Steel, Bedeque, P. E. I., secretary; Rev. Dr. Sprague, St. John; Rev. Thomas Marshall, Charlottetown; Professor Hinton, Sackville, N. B.; J. D. Chipman, St. Stephen, N. B.; Rev. A. Hocklin, Dartmouth; A. M. Bell, Dr. H. Woodbury, Robert Blaine, with the editor and book steward. The Rev. Mark Fenwick and Rev. Arthur Mews, of Newfoundland, are also members, but are not in attendance. What will the Methodist Book Room be without Dr. Huestis? What, indeed? It will be many a long day before his long familiar face ceases to be missed."

A correspondent in this Province writes as follows to the Truro News—"I read a piece in the Truro News about three fox farms in Prince County, P. E. Island. Now, Mr. Editor, I have a little knowledge about how the business is run. Robert Tuplin of Black Banks, of Lot 11, is proprietor of a fox ranch near where I live. Mr. Tuplin started in business about 11 years ago with one pair of foxes, and now he has somewhere in the neighborhood of 65, all black; no other color is of much value; red ones are of no value at all. He has them separated into six or seven pens, and they are so tame they will come and eat out of their keepers' hands, or follow him around like dogs. They are fed on a variety of food; sometimes cooked meat, at other times raw; also the milk of three cows once or twice a day, with soft bread soaked in it. There is also a fox ranch at Tignish, owned by Joseph Dalton; also another at Alberton, owned by Oulter & Son.

Persons having a parcel for the Y. M. C. A. rummage sale, which takes place Thursday May 14 will please telephone Mr. Archibald, and it will be called for Thursday next.

J. T. Hopwell has arrived from Halifax to join the staff of the Canadian Bank of Commerce in this City. He takes G. D. Sutherland's place. Mr. Sutherland was transferred to Halifax a few days ago.

Edmund Burke, the Canadian singer returning to Canada on the Empress of Britain, on a flying trip between engagements, has been re-engaged to next season in the Royal Opera of Holland as premier basso, says a despatch from London, Eng. Under brilliant auspices he will create the important bass roles in several of the operas. Several London engagements have been cancelled in consequence, and he expects to sing a long engagement in Germany after the season in Holland. He has also sung in Algiers, and is enthusiastic over the prospect of opera in English in England and America. Mr. Burke says: "I believe there is a glorious opening for English-speaking singers. I have sung in English, French, German and Italian; naturally Italian is the easiest for vocal work, but I think in future the public will demand the English language which, if properly studied, is beautiful." Mr. Burke is a nephew of the late Richard Burke, formerly of West Royalty, and a first cousin of Mr. Burke of Carter & Co., Ltd., of this city.

Capt. Geo. W. Johnson left St. Augustine, Florida in his newspaper boat on Wednesday, May 6, on his way to New York. He will go up the North River to its head, where a haulover will be taken to Pablo Beach, stopped over night, leaving there the next day, via Pablo Creek to Mayport. Leaving Mayport the next day, the route will be to Fernandina, Brunswick, Savannah, Port Royal, Beaufort, Charleston, George town, Southport, Wilmington, N. C., Wrightsville, Swansboro, Moorehead City, Beaufort, up Core Sound to Portsmouth, on Pamlico Sound, up the sound to Manteo, on Roanoke Island, across Albemarle Sound to Elizabeth City, through the Dismal Swamp Canal to Portsmouth, Norfolk and Newport News. Up the Chesapeake Bay to Annapolis, Baltimore to Elk River, where the Delaware and Chesapeake Canal will be taken to the Delaware River. Up the Delaware to New Castle, Philadelphia, Camden, Trenton (Via canal), New Brunswick, Princeton, Perth Amboy and Kill von Kull to Elizabeth, Bayonne, and then up the Hudson to the canal leading into the Harlem River and to the house of the Nonpareil Rowing Club. This route may be subject to change owing to weather conditions and there is likelihood to be many stops over night at various places not mentioned. The heading of the Charlottetown Guardian shows distinctly on the forward decks and washboil, and goes to make up the boat, a description of which has already appeared in The Guardian. The promoters of the trip state that the boat will be put on exhibition in this City. John Mance will be advance agent and manager.
