"THE WORLD OF SPORT REVIEWED"

Seventy thousand persons saw Scotland defeat England by the narrow margin of 3-0 in an International Rugby football fixture at Edinburgh, Scotland, last Saturday. Scotland had previously defeated Wales by 11-3 in an International fixture with that country.

Ernie Green of Vancouver rolled twelve consecutive strikes for a perfect score of 300 at that city this week. Only once before in the history of Vancouver has such a feat been accomplished by a tenpin expert.

Frank Campbell of McGill University won the annual Mount Royal cross country ski race of the Montreal Ski Club, covering the difficult course of seven miles last Saturday in fifty-two minutes, forty seconds, over three minutes faster than his nearest competitor.

Oxford University defeated Cambridge in the 65th annual intercollegiate sports held in London early this week, eight first places to three.

It is seven years since Oxford has defeated Cambridge and this year's win was helped by the presence on the Oxford team of three former American university stars who secured five first places.

The best performance of the meeting was the one mile run won by J. F. Lovelock of New Zealand in 4:18 seconds.

In the intercollegiate games between McGill and Boston Universities held at Boston recently, McGill track team defeated Boston University 42-2-3 to 34-1-3 points.

Phil Edwards, great negro distance star of McGill University, was beaten in the two events he started in. Phil is one of the world's greatest half mile runners and former Olympic star.

Bill Carr of Arkansas, who won the 400 metres at the Olympics in world's record time, has been so seriously injured recently in an automobile accident that it is unlikely he will ever be able to run again.

Twenty horses, nine of them owned by Americans, were scheduled as starters in the Grand National Steeplechase to be run off at Aintree, England, yesterday. There is a tremendous amount of betting on this event including the Irish Sweepstakes.

## Skaters Smashed Nine Records At School Sports

### West Kent Again Led In Points At Annual Classic. Competition Was Keen, Finishes Close

Nine former records were broken in thrilling and close finishes at the Provincial Interscholastic Ice Sports in the Forum last evening, and every other record on the programme was seriously threatened. An increasing interest in speed skating among school athletes was everywhere evident. West Kent School carried off the lion's share of the points, accumulating 79 in all, and incidentally remained custodians of the Mayor Prowse Trophy for another year. James Rattenbury and Eldon Darrach of West Kent were the high individual point-getters, with 16 and 15 points to their credit respectively. Prince Street School garnered 43 points, and Queen Square 32. Representatives from Summerside High, Kensington, Rochford Square and the Model School placed in a number of events. Summerside nosed out West Kent in the relay race.

Blanket finishes seemed the rule of the evening, and in general the contestants finished in a group. Not infrequently the winner reached first position by a final and desperate burst of speed in the last few yards. The large number of spectators were driven to a frenzy of excitement as skaters sped round the oval course at dizzy speed.

## Royals Turn Back Red Indians In Second Tilt 2-1

### Junior Moncton Team Bow To Montreal Squad In Second Game Of Series Losing Round By 5-4 Count — Maritimers Impressive In Defeat.

(Canadian Press)

FORUM, Montreal, Mar. 24.—Despite a desperate rally in the dying seconds of the game, Moncton Red Indians, Maritime Junior Hockey Champions, were nosed out 2-1 here tonight by the Quebec titleholders, Montreal Royals, who took the round in an Eastern Canada semi-final series 5-4. By virtue of their win tonight the Royals advance in the Memorial Cup playdowns, and will meet either Ottawa Shamrocks or Newmarket Redmen in the Eastern Canada final.

FIRST PERIOD

Royals started off with a rush and in the first few minutes tested Claude Burke in the Moncton nets that the rule prohibiting Canadian amateurs playing with certain American teams was passed.

Arnie Butlerworth, who very nearly came to Charlottetown last spring as a member of the Abbies hockey team and who last year was such a star player with the Dalhousie Rangers, has been covering himself with glory as a member of Pere Marquette University hockey team. In a recent game in which the score was six-two, Arnie scored three goals and three assists.

We note that our old friends Joey Beaton and Hymie McArthur played with Saint John Beavers Tuesday night against Halifax Wolverines. Joey assisting Stevie Estabrooks to a goal, which was the only one scored by the Beavers. Joey's younger brother, who is developing into a good right winger, also played with the Beavers that game. In a recent game with the Commercial League Halifax, he scored three out of the six goals.

"Daddy" Bubar and family leave today for their home in New Glasgow where they will receive a warm welcome from many hundreds of friends there. Their leaving will be regretted by the fans and public alike to whom "Daddy" has been a popular hockey hero all winter, while Mrs. Bubar has made many friends also.

Joe, Hymie and Ferguson also assisted Frederick to a 2-1 win over Halifax Wolverines on Wednesday night. Joe scored both goals for Frederick.

A letter received in Charlottetown from "Chuck" O'Connor, Ables Coach, dated Ottawa, March 18th says: "Arrived home safe after seeing Montreal Royals play, also saw finals between Rideaus and Shamrocks. Rideaus won the championship three-one. After seeing these teams play believe Moncton."

SECOND PERIOD

Len LeBlanc went off for tripping Bissell soon after the period opened. Immediately after Peter Martin put the Montreals two up when with a neat low effort, taking the puck from a pass, Martin wheeled sharply and shot from 15 feet out, the puck sailing into the net under Burke's arm. LeBlanc came back shortly after Martin's goal.

"Red" Boudreau sailed down the ice alone but Seguin cleared his shot. Innis and Bissell were waved to the penalty bench for scuffling near the Moncton goal after a mix-up in front of Burke.

Yvon Gould tested Seguin with a hard drive on a pass from Dickie. Taugher was sent to the penalty

bench for holding Innis. Martin ragged the puck while Taugher was off but stalled too long and a goal-mouth face-off was called. The Royals, however, took the puck out of danger.

The Montreals were holding the Maritimers in their own territory. Burke stopped a hot shot from Munday. "Copic" LeBlanc led a three-man attack up the ice but Seguin safely cleared.

Stiff body checking handed out by the heavier Royals was slowing up the Moncton boys.

THIRD PERIOD

Rene Boudreau snared a good pass from Babe LeBlanc and flung a fast drive at Seguin who had to jump to save. Ingram was through the defence a moment later but the Royals goaler cleared easily.

Busher Munday received a penalty for tripping Ingram and while he was off the Indians pressed hard but were unsuccessful. Ingram got away a beautiful shot as he tore in from the right.

Pete Martin got a trip to the penalty bench for boarding Ingram. The Maritimers sent up five men in an effort to take advantage and hemmed the Royals in. Martin returned and immediately led a rush with Doyle that forced Burke to jump for it.

Indians Force Play

The Indians staged a smashing attack when Taugher was penalized for slashing Boudreau. Except for the odd dashes when they broke away, the Royals were forced back on their own defence. Malenfant was on top of the Montreal goal but Seguin stopped the shot.

Hayes received a penalty for tripping Dickie and led by Harold Ingram the Maritimers smashed to the attack. Rene Boudreau snatched a clean pass from Len LeBlanc but Seguin stopped the drive. Buster

## Capitol Sisters And Granite Sisters Tie

The Capitol Sisters and Granite Sisters played an exhibition game of hockey in Summerside rink on Friday evening. The play was fast and featured by the excellent stops of both goalies. The game ended two all. The Capitol sisters, who are new in the field of hockey, praised the Kensington team for good clean play.

The visitors were entertained at the home of Mr. and Mrs. J. J. Gaudet to supper after the game, returning about midnight to their homes. S.

EVER SINCE I'VE USED ROSEBUD THERE HAS BEEN PEACE AND QUIET AROUND THE HOUSE

YEH! MY WIFE USED TO TALK ABOUT THE SMELL OF TOBACCO TOO, UNTIL I STARTED ROSEBUD - NOW ALL IS WELL

ROSEBUD THE PIPE'S PERSONAL PAL

"No arguing it's the Best"

Don't smoke "down cellar" — Smoke Rosebud... Maritime pipe smokers have found that the ladies, too, appreciate the pleasing fragrance of Rosebud Cut Smoking Tobacco. A mellow, satisfying smoke in any pipe at any time... blended to the exacting Maritime taste.

## WINS GRAND NATIONAL IN RECORD TIME

### Kellsboro Jack Clips 4 4-5 Seconds Off Course Record. Over 150,000 Persons View Race.

AINTREE, Liverpool, England, March 24.—(C.P.)—With 30 hard jumps and the remainder of the field behind him Jockey David Williams tore past the finish line on the English Thoroughbred Kellsboro Jack this afternoon to win the 94th renewal of the Grand National Steeplechase in record time.

Kellsboro Jack broke the course record set by Grakle in 1931 of 9:32 4-4 seconds after a brilliant race in which the keen-footed bay gelding by Jackdaw out of Kellsboro Lass was up in the van all the way round. For most of the second circuit Kellsboro Jack was in front and his last threat was removed at the last jump when Felorus Jack, who had edged into a brief lead, fell.

The winner, owned by Mrs. F. Ambrose Clark, United States horsewoman who is well known on Canadian tracks, started at odds of 25 to one against. He finished three lengths in front of Major Noel Furlong's Really True with Salter, owned by George Whitelaw, another neck back. Of the field of 34, only 18 finished, and all of the leading favorites were among those who failed to complete the course.

The favorite Golden Miller, at 9 to 4, returned without a rider. Gregalach, winner in 1929 and second choice today, broke a blood vessel in the jump at Dreaded Beecher's Brook. Heartbreak Hill, third choice, threw his rider in front of the stands first time around.

But the failure of the favorites was nothing new to old Aintree, which in almost a century of Grand Nationals has rarely seen a better run race than that today. The weather was glorious and the going was perfect. More than 150,000 persons, including the Prince of Wales, were in attendance.

CHALLENGE

We the Royalty Married Men do hereby challenge the Royalty Single Men to a friendly game of hockey to be played at the Forum on Saturday evening from 8 to 9 o'clock. The lineups: Single Men: D. Holmes, J. Connolly, L. Campbell, V. White, G. Davey, J. Cudmore, L. Wheatley, W. Wheatley, A. Roper, J. MacCallum. Married Men: W. MacCausland, C. Walker, A. Spillet, J. McDonald, H. LeFurgey, P. Connors, C. Smith, P. McKay, A. Robertson, E. Shaw, H. MacCausland, A. R. Cudmore, Mgr.

## DOWN THE BACK STRETCH

Fred Egan, who met the late Thomas J. McKinney three years ago and engaged as trainer of his race horses, was bequeathed \$25,000. In the will and \$125 a month for life. Fred campaigned Raider (3) 2:02 for Mr. McKinney last year and was training a number of colts for him when the auto accident occurred which caused the death of Mr. McKinney.

Summerside is all agog with horse racing, particularly the past two or three weeks, nothing else being talked of in sporting circles. We are glad to note this interest in the western metropolis and hope that they will have many good performers for the summer's racing.

A writer in "Hoof Beats" a recent horse publication sponsored by the Trotting Horse Club of America, says "W. H. Dickinson, proprietor of Connecticut Stock Farm, Hatfield, Mass., recently sold the trotting stallion Bellini Scott 2:09 1/2 by Peter Scott, 2:05—Eva Belline by Bellini 2:13 1/2, to William McKay, Kensington, P. E. I. Bellini Scott is one of the best bred stallions ever sold to the Maritime Provinces and without question he will be well patronized in that section where there is an intense interest in breeding and racing."

Ida Aubrey by Captain Aubrey 2:07 1/2, is the dam of the fashionable sire Red Aubrey (3) 2:05 1/2, one of the greatest three year old trotters of a few years ago. Ida is the dam of five trotters in the 2:10 list, which is a record to be proud of.

Horse racing will again be featured at the Provincial Exhibition, Regina, Sask., this season. Last year the trotters and pacers were given the go-by and the runners substituted, but the complaints were so long and loud that the management realized the mistake and are correcting it.

Jack Kennedy, Southport, is the owner of a filly dropped by Bonique 2:05, this week. The youngster is sired by Kaimuk 2:15 1/2 by Peter the Great. With his breeding and speed inheritance he should make things fly in the future.

It is estimated that there are 17,144,000 horses in the U.S.A. and that prices for these are higher today, measured in terms of farm products than at any time in the past fifteen years, says the Horseman and Fair World.

"The U.S. Department of Agriculture says the most sensible farm relief would come through increasing the use of horses and mules and production of them. The decrease of horses and mules in the past twelve years has thrown from twenty-five to thirty millions of acres of land, some say forty millions, into the production of wheat, corn, oats, dairy products and meat animals and has helped swell the surplus to the present price breaking total."

"Shifting land from food production into maintenance of animal power takes it out of competition. The farmer gains through higher prices on their farm products and has cheap power home raised."

John L. Dodge, druggist, of Grovetown, Ga., the most successful small breeder in the world today, has worked several of his three year old trotters miles ranging from 2:10 1/2 to 2:12 1/2 in recent weeks.

The weather in France took a most unusual turn this season and several trotting meetings which were to be held at the Engheim Course near Paris, the latter part of February, were cancelled on account of heavy snow.

American trotters continue to win in Italy, all the great stakes during February being won by former stars from this side.

The total amount of French trotting purses paid out in 1932 is practically the same as that paid in 1931, amounting to 24,443,930 francs. A franc is equivalent to about four cents, so that vast sum would boil down to about a million dollars our money.

Extra dry champagne, Edouard Aube Reims, which is one of the fairly good brands, is quoted at 125 francs, about \$6 for a dozen bottles in Paris. This is the lowest we have ever heard tell of that delectable exhilarating beverage being marketed at.

The Japanese do not permit horses to race in that country unless they are bred there and importations are only encouraged for breeding purposes. Trotters from America, thoroughbreds from England and Arabians from Arabia.

We have been asked by some of our readers to furnish a list of two minute trotters and pacers and have very much pleasure in doing so.

TROTTERS

- Peter Manning 1:56 1/2, b g by Azoff.
