YESTERDAY'S STOCK AND BOND QUOTATIONS

MARKET GOSSIP

By John L. Cooley, Associated Press Financial Writer.)

NEW YORK, Aug 5—Stocks ploughed ahead with most commodities today, although activity in the share market was reduced. Profit-taking seemed to hold few if any terrors for the confidennt bulls who bid prices up sharply at the close after realizing sales had cut into extreme gains of 1 to 7 points made during the morning's upward excursion.

Farm implement shares took their cue from current gossip as to what would happen to commodity quotations should manufacturers be encouraged, through easily available credit channels, to stock up with samples. Case and international harvester, which a few weeks ago were plumbing the depths of despair, charged ahead with respective net gains of about 8 and 7 points, respectively. Sears Roebuck was also prominent, up 3⅝.

American Telephone, again a leader closed at its day's high, 101⅝, for a net gain of 3⅝. Market friends of the issue apparently assumed that expansion of communication facilities to take care of the broader market meant larger revenues; by the same token Western Union rallied more than 3. American Can, American Water Works, American Tobacco B, Allied Chemical, Santa Fe, Union Pacific, National Biscuit and Westinghouse closed roughly 1½ to 3 points higher. Oils made the most of rumors concerning a possible increases in crude prices.

Although turnover was reduced to 2,690,270 shares, the market remained in strong hands throughout the session, especially at the opening and closing. Brokers reported foreign purchasing orders were coming in freely, despite the feeling in more conservative quarters here that the rise might be getting top heavy. Europe was a liberal buyer of dollars and foreign exchanges weakened.

WINNIPEG

WINNIPEG, Aug 5—Disappointing export trade took the edge of what at the outset appeared to be another promising bull movement and wheat steadied in late trade to close with fractional gains. Values at the close were ⅞ to ⅝c higher.

October gained ⅞ to 59⅝; Dec ¾ to 60⅝ and May ⅝ to 65.

Foreign sales overnight were confirmed in the cables from Liverpool but the aggregate was small and pit trading did not reflect much activity on the part of shipping for export houses.

Bullish sentiment at Liverpool and Chicago proved a source of strength in the early trade. Reports that a pool was to be formed at Wall Street to advance the price of wheat appeared to be the basis of the change in sentiment. Export trade did not play any part in the forward movement.

Light offerings were the rule from Argentina and there appeared to be no pressure from Russia where the collections have been small and the new crop outlook discouraging.

A further improvement was noted in the demand for cash wheat with spreads fractionally higher for the top grades. Barley for export was the feature of the coarse grains section.

CHICAGO

CHICAGO, Aug 5—Buoyant as a result of eager purchasing, largely on the part of the general public, wheat mounted today to the highest prices reached this week.

The rise was in spite of heavy selling from houses with eastern connections, a development opposite to that of late when pressure increased on price upturns. Indications pointed to a good export business including some United States hard winter wheat.

Wheat closed unsettled ⅝-1⅝ above yesterday's finish, corn unchanged to ⅝ off, oats at ¼ decline to ¼ advance, and provisions unchanged to a rise of 20 cents.

BONDED WHEAT

NEW YORK, Aug 5—Bonded wheat closed firmer. Closing: Oct 54⅛; Dec 56⅝.

WHEAT

NEW YORK, Aug 5—The New York Times says the formation of a $30.000,000 pool to operate in wheat is reported to have been virituly accomplished.

The pool, the paper says probably will be managed by Arthur W. Cutten of Chicago, a prominent operator in the grain markets of the United States and Canada for years.

Conditions in wheat, the Times continues, are believed such that a substantial betterment in price can be brought about, especially after hedging operations are over which usually is around September 1. z

This shared interest with belief in many quarters of Wall Street that a wide spread programme for industrial revival is being formulated by governmental and financial interests. Gugene Meyer, Governor of the Federal reserve boards, has discussed with bankers the practicability of organizing a corporation to finance raw material purchases for industrial and manufacturing companies.

Montreal Market Sidelights

(Canadian Press)

Today's trading on the local market resulted in a further substantial advance by a representative group of issues. The trend was not uniformly upward, as the 12 net losses at the close indicates, but the advances were much more conspicuous than the declines, and the index closed .16 higher making a total recovery from the record low up to 5.67 points. The manner in which the market advanced today was again satisfactory. The market lacked the rather spectacular vigor by leading issues in New York, but on the other hand when profit-taking was due, the local list appeared to absorb it with less disturbance to price levels than was the case in the larger market. The demand for Brazilian was the feature of today's trading, while power, Canadian Pecific, Nickle and McColl were additional features.

MONTREAL, Aug 5—(By The Canadian Press)—Brazilian traction again gained leadership on the Montreal Stock Exchange today with a turnover of over 11,000 shares in a day of increased activity and constrong, following good reports from tinued firmness. The close was strong, following good reports from Wall Street, with prices generally from fractions to over a point higher than yesterday.

Brazilian opened the day at 9⅞, was quoted at 10⅝ at noon, and closed at 11½ for a gain of 1⅝. This erstwhile favorite of the Montreal buying public has for some time been left in obscurity, and its return to activity is significant as an indicator of returned public interest.

Montreal Power, Canadian Pacific and International Nickle were also active stocks. Power closed the day ½ higher at 33½. C. P. R. was bought heavily in the afternoon trading and was up 1⅝ at 16⅝ at the close. Nickle, after touching 9 in the forenoon, later sold off to 8¾, down ⅛.

Dominion Steel and coal B displayed exceptional activity and strength. The issue had a turnover of over 1800 shares and advanced a point to 2½. Shawinigan Power was up ⅛ at 13⅞. Consolidated Smelters up a point at 66½. Dominion Bridge up ¼ at 18¾ and B. C. Power A was up ¾ at 22½. National Steel Car was 1½ higher at 10. National Breweries lost a half at 16½. Steel of Canada ¼ at 18½, while Canadian Hydro Electric Preferred was off 2½ at 50. Other changes were fractional.

In the Bank, Royal Bank of Canada was ½ better at 157, while Banque Canadienne Nationale lost ¼ at 127¾.

Montreal Power Debentures were off ⅛ at 39⅝.

Total sales were 30,604 shares and $43,800 bonds.

Sterling closed at $3.96⅞ and United States funds at 14⅝ per cent premium.

Prices Will Be Reduced

(Canadian Press)

VICTORIA, Aug. 5. — Liquor prices in British Columbia, at least on Canadian products will be reduced instead of raised, it was learned at the Parliament Buildings today. Prospects for lower prices on old country brands are good, it was stated.

The liquor board has been in touch with overseas distillers and wineries with a view to lower quotations on Scotch and Irish whiskies and continental wines, with every hopes of success.

Reductions in the prices of Canadian whiskies and gins was made possible by lower quotations of Canadian firms, insisted upon by W. F. Kennedy, liquor commissioner. Similar negotiations are now pending with old country liquor firms and a general cut is expected in higher-priced liquors shortly.

'WINNIE THE POOH' DYING

LONDON, Aug. 5—"Winnie the Pooh", the world's most famous black bear, is dying of old age in London Zoo.

Winnie was the original of A. A. Milne's well known children's story and was so named because of her habit of rolling over, saying "Pooh" to visitors—even on one famous occasion to Queen Mary herself. She was born in Canada eighteen years ago and was presented to the Zoo by Princess Patricia of Connaught.

She was quite tame and visitors were allowed to feed her condensed milk and raisins, which she ate from a big tin spoon.

PRODUCE

(Canadian Press)

MONTREAL, Aug 5—Values of the pound Sterling went down again Monday, and cheese exporters were not so happy about it, as it eased the cheese market a little, but butter continued steady, giving further confirmation that the market is not dependent on the export level, at least temporarily.

The butter market was again quoted mostly 17⅝c to 17½c per lb. for carlots or L. C. L. lots of No. 1 to sell it for export, however, about one cent less would have to be taken. There were few sellers below the 17½c mark during the day. The announcement this week of stocks in leading Canadian cities revealing a substantially lower quantity held than last year, together with some speculative interest, has taken the market up and held at there regradless of export prices. Temporarily at least, the attitude was that, with the smaller butter production this year, and the smaller stocks, Canada may not have to export much, if any, more butter, needing what she has for next winter's use, when production goes off. Receipts picked up totalling 2,614 boxes.

The cheese market was quoted mostly 9⅝c for Ontario's and 9c for Quebec's, slightly easier than the previous day, due to the drop in sterling. Small export shipments for the next week were forecast. Receipts were 8,000 boxes; waak ago, 7,819; year ago, 3,479.

On the egg market varying prices continued the rule for carlot shipments depending on quality. Fresh eggs that have been held some days are generally quoted unchanged at 19c to 19½c for extras, 16c to 16½c for firsts, and 13c to 13½c for seconds. Newly arriving fresh eggs are commanding up to 20½c for extras.

The potato market was 40c to 50c per 80-lb bags for new Montreal grown stock, unchanged from yesterday.

CANADA MAY MAKE DEAL WITH IRISH

OTTAWA, Aug. 5— A new trate treaty between Canada and the Irish Free State guaranteeing wheat purchases in return for woollen and linen preferences is said to be nearing completion.

Argentine and Russian wheat is available to the Irish Free State through English houses, but the Free State is said to be anxious to make its wheat deals direct with Canada and Australia, with Canada being offered a larger wheat purchase guarantee than the sister dominion.

Discussions are said to be centring upon guaranteed purchase by the Free State of the bulk of its wheat requirements, in return for Canadian preferences on Irish woollens and linens.

CAT CURFEW

CHICAGO, Aug. 5—Cats in suburban Oak Park have to stay home nights.

The law specifies that they must not be allowed on any street or alley or other public place between the hours of 7 p. m. and 8 a. m.

Dudley C. Meyers, commissioner of public works resurrected the law, 25 years old, when he was harassed by complaints that goldfish in garden pools were being devoured.

WOMEN THRONG MICE SHOW

Women outnumbered men by 15 to one at the recent South of England Mice Show at St. Albans. They forgot all about skirts and crowded about the exhibit pens to see mice from all parts of the country brought to compete for 20 challenge cups and 44 special prizes. There were mice of almost every color, and few were valued at less than $50, while the price of one was $250.

Something to Suit Everyone Who Has a Stepper!

The Provincial Exhibition races this year which will be held August 23rd, 24th and 25th on the Charlottetown Driving Park grounds, are sure to attract attention from owners of race horses throughout the Maritime Provinces, because of the fact that it is the only Exhibition so far advertising a three day program of horse races and it is the only Exhibition which is complete in all departments and will be the biggest in the Maritimes beyond any question. Horse racing has always been a strong factor in connection with our local Fair and this year it is hoped to keep the quality fully up to the standard and provide as good contests as have been given in the past.

GENERAL CONDITIONS

The Charlottetown Race Track was entirely resurfaced the fall of 1929. It is now one of the fastest, best laid out and best cared for tracks, and surely the most beautifully situated of any in the Maritime Provinces. A great deal of effort will be made to keep it in applie pie order all through the period before the races and during the races so that no horse will become unsound or suffer injury and to enable them to make fast time.

Horsemen by wiring at our expense notifying us of their arrival will be met at train and their baggage transferred to the grounds without cost to them, also taken away without cost to them. Every effort will be made to make the Horsemen's stay pleasant and send them away feeling that they have been well treated.

All races to be raced on the three heat plan; 10% of each purse will be awarded to the winner. The remainder will be divided into three equal parts, one part to be raced for each heat. In the event of there being three heat winners they shall race a fourth heat to determine the winner of the event.

All purses divided 50, 25, 15 and 10. Entry fee 5%. Five per cent of the money raced for each heat will be deducted from the first and second horses, 4% will be deducted from the third horse and 3% from the fourth horse.
