RETURNED TO CHARLOTTETOWN—The many friends of Mr. and Mrs. James Calder will be pleased to learn they have returned to take up their residence in the city. It is twenty years since they left for Newcastle N. B. where they remained three years and then proceeded to Sydney C. B. where Mr. Calder developed a lucrative tailoring business. In addition, Mr. Calder took a prominent part in musical and Masonic circles; in that connection organizing a mixed Masonic choir of fifty voices which proved the lending organization of its kind in C. B. It is Mr. Calder's intention to settle in Charlottetown, and his many old friends are pleased to welcome him and Mrs. Calder again to our midst.

RETURN FROM ALBERTA—Completing the long jump from Pincher Creek, Alberta, part of which he covered by rail and a portion by car, Mr. Ivan Reddin, now on the staff of the Doherty Oil interests arrived home Monday night. Mr. Reddin has been with the Doherty people ever since the drilling operations on Governor's Island. When the company left here in 1927, he proceeded with it to the Pincher Creek territory, where he has been located continually. Mr. Reddin commented on the fact that the Imperial Oil Company is commencing operations near New Glasgow, N. S., and there is a strong possibility that the Doherty people may re-institute work on Prince Edward Island. The company still has Plotou Island in its holdings, and also rights in this province. It is understood that the Doherty Company was offered a large sum for its privileges here, but refused to accept it. When the Doherty Company finishes the boring now in process, the Alberta organization is scheduled to transfer to Germany. Mr. Reddin is accompanying them. "Ivan" is looking exceptionally fit, and is being heartily welcomed by his native city by a host of friends and well-wishers. He is remaining only a few days.

During the month of July a total number of 1,595 cars crossed the straits to the Island, which is an increase of 432 cars over the same month of last year.

WELCOME RAIN—The heavy rain on Monday night was a welcome boon to our farmers and also to the city dwellers. The high wind which followed the downpour did no damage of which The Guardian is aware. It is pleasing to note that the Island does not suffer any extremes in temperature, nor has it been plagued with drought or flood, so often read of as happening in other parts. Let us be thank full that we have rain to water our crops and freshen the air; sunny days to promote growth and enjoy the brightness of the Garden Province.

FAREWELL Composed Oct. 5th, 1920, on leaving Canada.

Adieu! fair Canada adieu! Thy friendly shores I leave behind Never, perchance again to view. These scenes so pleasing to my mind.

Land of my birth, I say, good-bye— Home of the brave and free; With aching heart and tearful eye I say farewell to thee.

Adieu! you snow topped mountains bold, That rear your heads unto the sky To pleasant streams and prairies hold

I loath to say good-bye Heav'n bless this honored land so dear

May peace and plenty be her part. This humble tribute kindly bear, From lips that cannot speak the heart.

Western Guardian - ADDITIONAL STAFF TO THE REGISTRY OFFICE AT SUMMERSIDE.—There are at present in the Summerside Registry Office four clerks, the latest addition being Mr. T. Ephraim Phillips of Tyne Valley. Mr. Calvin D. McCallum has been there since the illness of the registrar, Mr. George B. McNutt. There is no doubt that the increased staff is a piece of political expediency, as in the recent election campaign every means was resorted to by the Provincial Government to secure the election of Mr. A. E. McLean. The work in the registry office at this season of the year cannot justify the salaries of four clerks.
