## So Bad With Nerves Would Lie Down and Cry

It is generally admitted that nerve troubles are more frequent than formerly and growing more so every day.

Wherever there are people whose health is poor, and their nerves shattered, they will find in Milburn's Health and Nerve Pills a tonic that will help to restore the deranged centres, and bring the nervous system back to its old time condition.

Mrs. K. M. Harvey, Bramber, N.S., writes:—I got so bad with my nerves I would lie down on the bed and cry. Most of the time it just seemed I could not help it and would not know what I was crying for. I used to feel as if I would go crazy I was so bad.

I tried several different medicines, but received no relief. I then took Milburn's Health and Nerve Pills, four boxes of them, and started to feel better after the first few doses. Now I feel better in every way.

**HARPER - COUGHLIN WEDDING**—A quiet but pretty wedding was solemnized early Thursday morning at the United Church parsonage, Charlottetown, when Grace Elizabeth, R.N., daughter of Mr. and Mrs. George H. Harper of East River, was united in marriage to Alexander Coughlan, son of Mr. and Mrs. William Coughlan of Emsdale. The ceremony was performed by Rev. Hugh Millar in the presence of immediate relatives. The couple was unattended. The bride looked very charming in a suit of navy blue with matching accessories. Immediately after the ceremony the bride and groom left on a honeymoon tour of the Maritime Provinces. The bride was a graduate from the Prince Edward Island Hospital in 1924, and has always been a favorite among her associates. Her nuptial was well shown when, on Monday evening previous to her marriage, she was tendered a shower by the pupil and graduate nurses of the Prince Edward Island Hospital at the home of Mrs. Gordon Leitch, city. Many costly and beautiful gifts were received. On Tuesday evening she was tendered a kitchen shower by her many Charlottetown friends at the home of Mrs. Ivan MacInnis. The popular young couple will reside in Charlottetown, and are followed by the best wishes of a host of friends. We wish them every happiness in their married life.

**PERSONALS**  
Miss Anna G. Hughes and Miss Helen Lawson, Charlottetown, were visiting guests at the Queen Hotel over the weekend.—Moncton Times.

## In Memoriam

**MRS. EPHRAIM MALONE**

It is with deep regret that we chronicle the death of Mrs. Ephraim Malone of South Melville who died at the City Hospital on May 15th. The deceased, who was fifty-eight years of age, had enjoyed a fair measure of health up to a few months ago when she was taken seriously ill and, despite all that careful nursing and the best medical aid could offer, she passed away fortified by the last rites of the church she loved so well. Mrs. Malone was possessed of a bright, happy disposition and this, coupled with a truly charitable heart, made her beloved by all with whom she came in contact. Much will she be missed in the community and in the parish of Kelly's Cross where she was ever ready and willing to lend a helping hand, but it is in the home where her absence will be keenly felt for she was a faithful wife and devoted mother.

Her funeral which, despite the bad condition of the roads, was largely attended by all classes and creeds, was held at her late home to St. Joseph's Church on May the 18th. The Requiem Mass was chanted by the pastor, Rev. Wm. McCabe. Assisting in the sanctuary were two former pastors, Rev. J. C. Pike of Rustico and Rev. A. H. Hertz of St. Anne's. Led by the latter performing the last sad rites at the grave.

The pall bearers were: Messrs. Frank Bradley, George Villet, Alph. Cameron, Peter Greenan, Peter Toole and James Flood.

Besides a sorrowing husband and an adopted son, Arnold Sampson, on whom she lavished a truly motherly affection, there are left to mourn their loss, her aged parents, Mr. and

**SO GOOD**  
dissolves gum

It is protected by Can. Patent No. 357976

Claims for gasoline improvements have been many and varied. But here is an improvement that has been granted a patent by the Canadian Government. That means definite recognition that the product has new, useful and improved characteristics.

A new solvent is now being added to Esso and 3-Star gasolines which dissolves gum and checks carbon formation that robs your engine of power. Instead of baking into hard, sticky deposits in your engine, these trouble-forming elements are blown out through the exhaust.

This solvent should not be confused with lubricating oils sometimes added to gasolines. Ample lubrication is provided by Imperial lubricants. The sole purpose of this exclusive solvent is to check gum and carbon accumulation in the engine.

No one can duplicate the new, patented formula of Esso and 3-Star. No other gasoline can duplicate the performance of Esso and 3-Star. Decide now to have a cleaner, livelier engine.

**YOU HAVE TWO CHOICES OF PERFORMANCE**  
The highest quality motor fuel Imperial Oil has ever made, containing a sufficient amount of tetraethyl lead to eliminate "knock" and "ping" and to give smooth power and cool running. Esso also contains the new Imperial solvent to keep your engine free of gum and carbon.

**3-STAR** This famous gasoline has long been recognized by motorists as a regular-priced gasoline of exceptional quality. Now it contains this new, exclusive gum-absorbent solvent which means more power, a cleaner engine than ever before.

**WOOD PANELS EXTEND AIR OF REFINEMENT**

Nothing gives a room an air of richness and refinement like wood panelling. The formal regularity of the squares and rectangles gives the wall a definite feeling of having been carefully planned in contrast to the haphazard use of other wall decorations.

The old custom so frequently seen in Colonial houses of panelling the side of the room where the fireplace occurs is now worthy of continuance. Its original object was to cover the massive masonry that usually surrounded the fireplace. But it became a decorative feature as well as a practical one; the mantle surrounding the fireplace opening became a part of the panelling scheme and frequently formed a central feature and focal point for the decoration of the room.

Panelling can be added to a modern house almost as easily as it could have been put in at the time of building.

**PAINFUL**

**"Bob" Edward To Have Memorial**

CALGARY, June 28.—(CP)—In the dust of a Calgary mason's shed stands a memorial to "Bob" Edwards, Western philosopher of the early days and editor of the "Calgary Eye Opener," a pioneer newspaper, of the plains.

Edwards died in Calgary Nov. 14, 1922, and for 15 years the large memorial stone has stood in the mason's shed not far from the Union cemetery where the editor's grave is marked only by the base of the unfinished memorial.

But the debt which stands against the "Memory Stone" may soon be liquidated. Southern Alberta Old Timers' Association plans taking up a subscription to pay off the cost
