IN CUBES

OXO Cubes are made by a new scientific process known only to the Liebig Company. In them are concentrated the rich extractives of beef combined with beef protein in the form of finely powdered fibrine.

There is no other article in the world which contains so much beef-goodness in so small a compass as a little Oxo Cube.

—St. Mark's Church, Lot 7, was the scene of a pretty wedding Tuesday, Nov. 14th, when Miss Alma B. Howard, daughter of Robert and Mrs. Howard, Cape Wolfe, was united in marriage to Patrick Griffin, son of Patrick and Mrs. Griffin, Glenora, Rev. Father Thibault officiating. The bride looked charming in a gown of lavender, peau-de-soie silk with gold headed chiffon and Persian trimmings, and wore a hat to match. The bride carried a bouquet of chrysanthemums with streamers of white ribbon and was attended by her sister Miss Belle, who was suitably attired in a tulle colored suit and wore a black picture hat. The groom was supported by his brother, Thomas A. Griffin. The groom's present to the bride was a gold locket and chain with Emerald setting and to the bridesmaid an Emerald ring. After the ceremony a reception was held at the home of the bride's parents. The gifts to the bride and groom were numerous and costly, including a well filled purse, showing the popularity of the young couple. **ANT-BRITISH FEELING RUNS HIGH IN GERMANY**

BERLIN, Nov. 21.—The statements made in the House of Commons by Capt. Walter V. Faber M. P., and others concerning the narrow escape from war between Germany and England over the Moroccan situation and the outbreak of the English press regarding the matter has stirred public feeling deeply here.

While the German newspapers print the news of it prominently, but few of the most responsible journals have thus far commented upon the matter. Their silence is a marked contrast to the angry outbreak of the Pan German organs, which loudly voice the indignation of that part of the public which is easily swayed by the jingoism. The anti-British feeling of this section of the populace, has been feverishly increased by the publication of the statement, that when the crisis was acute orders were issued to the British cruisers to be prepared to seek and sink the German torpedo boat destroyers. The expressions of anger at Great Britain are mixed with denunciations of the German Government itself.

"It is now obvious," says the Taegliche Rundschau "that Great Britain was preparing for war while our own Government was singing psalms of peace" apart from the fury of the extremists it is a grave fear that the spirit of Anglomania has received a great stimulus from the recent revelations.

Gentlemen,—In July 1905 I was thrown from a road machine, injuring my hip and back badly and was obliged to use a crutch for 14 months. In Sept. 1908 Mr. Wm. Yours sincerely,

**KING'S COLLEGE.**  
WINDSOR NOTES.

WINDSOR, Nov. 22.—The annual six mile run took place last week. Teams from the Sophomore and Freshmen classes alone entered. Paul Maxwell of the Sophs finished first followed 2 seconds later by Ken Campbell of the same class. Gos Harley, freshman, was 3rd, Gerald Jones, freshman, 4th, and Geo. Morrison, Soph., 5th. These three men gave the cup to the Sophomore class.

Football is over. After a pleasant though not astounding victorious season we can lay away our eggs and get to something else. This season King's will have the best hockey team she has ever had. John Harley, who headed the team so successfully last year, has again been appointed captain and has a good number to choose from. King's hopes to enter the Intercollegiate League this year. On Monday of last week Archdeacon Benson representing the M.S. C. C. addressed the students in the College Chapel on Missionary problems of the Canadian North West.

He referred particularly to work a School. In the absence of the President the Rev. G. R. Martell acted as Chairman. Among the presentations were a brooch of Victory metal to Mrs. Powell, another of the same kind to Mrs. Handsombody, a cane with a Victory metal band to Mr. Handsombody, and a watch to P. A. Buckle.

President Powell, who has been giving addresses on King's College in Nova Scotia and New Brunswick for the past 5 or 6 weeks, has returned to his duties at the College. He reports an increasing interest in King's. This interest has evidenced itself in liberal contributions to the "Forward to the University and the Collegiate Movement."
