The King vs Chester McDonald, Souris, indicted for assault on a police officer and prison breaking. The King vs James A. McEwen, indicted for extortion by threat. A pleasing event occurred when Mr Justice Hazard was presented with an address congratulating him upon his elevation to the bench. The Grand Jury of which Charles Waye, St. Peter's was foreman, visited the jail during the day and in their report stated that they found everything in a satisfactory condition. They recommended that the jail be painted and the fence white washed.

You Should Tremble And Shudder

When an unscrupulous druggist offers you a substitute for DR. FOWLER'S Extract of Wild Strawberry. If you are suddenly attacked by DIARRHOEA, DYSENTERY, COLIC, CRAMPS OR PAINS IN THE STOMACH, CHOLERA MORBUS, SUMMER COMPLAINT, or any LOOSENESS OF THE BOWELS, do not experiment with some new and untried remedy, but get out that has stood the test of time. For 65 years this wonderful medicine has been used in thousands of homes in Canada, and has given universal satisfaction. When you want a bottle of "Dr. Fowler's" insist on being given what you ask for, as those no-name, no-reputation preparations may be dangerous to your health. Mr. J. The residence of D. Grant and Mrs. Smith, Hall Mine Road, was the scene of a pretty wedding on the evening of July 5th when their daughter Elizabeth, (Lily) was united in marriage to Francis Hedley Auld of Saskatoon, Sask., by Rev. A. F. S. Smith. The ceremony took place in the drawing room, which was tastefully decorated with evergreens, orange blossoms and floral bells. The bride, who was given away by her father, wore a gown of ivory satin with white point lace and a simple trimmings inlaid with seed pearls. The sad news came by telegraph that Miss Dora Harris, daughter of Mrs. T. J. Harris, had passed away Tuesday morning at the Rectory at Port Mulgrave. The deep sympathy of many Charlottetown friends will go out to Mrs. Harris and her sons in their great sorrow. Dora had been ill before leaving Charlottetown more than two years ago, and since that time, with her mother, she has been living with the Rev. Charles Harris at Port Mulgrave. In her long illness she has had tenderest and incessant care. At one time bright hopes entertained for her ultimate recovery but in God's providence the other course was willed, and for some time past it had been realized that the earthly life was drawing to a close. The body will be brought home to Charlottetown for burial and the funeral will probably be held tomorrow.

There passed peacefully away at his home in Burlington, on July 3rd, an aged and respected resident Joseph Davison in the ninety-second year of his age. He was born in Scotland and came to this Province when but a boy with his parents. Deceased was wide and favorably known being Postmaster of Burlington for over fifty years. He was twice married both of his wives predeceased him. The funeral service at the house was conducted by Revs. B. J. Rattee and Johnston and at the grave by the Rev. E. J. Rattee. His remains were laid to rest in the Gedy Memorial cemetery, French River and were followed by a large concourse of people. He leaves to mourn two brothers—Frederick and Andrew of Burlington, one sister Mrs. James Bigger, Bradalabes, besides a large circle of relatives and friends.

An event of more than usual interest in the late Methodist Conference, held in this city, was the recognition of the jubilee year of the Rev. Dr. Cowperthwaite. He has just completed his fiftieth year in the ministry, having entered his ranks in 1861. Twenty nine years of his itineracy was spent in the provinces of New Brunswick, Nova Scotia and Prince Edward Island. During his residence of twenty one years in Newfoundland fifteen having been spent in the city pastorate. The Conference of 1911 gave him a supernumerary relation, and he retires from his pastorate to spend the evening of life in such service for others as health and strength will permit. Dr. Humphrey Pickard Cowperthwaite, name after the late Dr. Pickard, and principal of the Mount Allison Boys' Academy and first President of Mount A. University, was born in Sheffield, N. B. He was graduated at Mount A. in the class of '67, took his M. A. in 1870, and his D. D. degree from the University of Toronto in 1907. He was a son of Dr. Cowperthwaite paid a visit to his native province.—St. John's, Nfld, Ex. July 7.

The home of Malcolm Nicholson of Hopedale was again saddened by the death on the 3rd inst. of their daughter, Mrs. Mary A. at the early age of twenty-five, having come to her home from Quincy, Mass, where she had taken sick some time ago. She was accompanied by her brother John A. and sister Mrs. Gillis who, in common with her mother, had had entered the hope that under the influence of her native air and with a loving mother's tender nursing she might regain in a measure at least her wonted health and vigor but an over-ruling Providence would it otherwise as that but a few short weeks had elapsed till she was called to the Home above to enter more fully upon the service of the God whom she loved and whose word she found to be a light to her feet and a lamp to her path, for when bodily pains were at its worst her chief relief was found in the words of the Great Physician and longed to be with Him which is far better. Much sympathy is felt for the bereaved parents who but recently have been called upon to mourn the sudden death of a beloved son but they are consoled by the hope that they are not lost but gone before. The services at the home and grave, which were appropriate and impressive, were conducted by the Rev. John Gillis of Strathalbyn.

The races at Tunnel Track, Cape Traperse, yesterday proved to be the most exciting meet of its kind this season. A train load of excursionists left the City by special train and over one thousand spectators were present. The day proved an ideal one and everybody returned home feeling satisfied that they received their money's worth.

The race of the day was the 2.19 class in which Meadowvale, Queen Marie, and Pretoria fought like trojans for first honors. The later horse was not in her usual form and through an accident was greatly handicapped. She was scoring badly and in the third heat did not get away with the other two at the word go. Her driver was disappointed and allowed Golden Carr to drive over the course to secure third money. On the first turn, the overdraw gave way and the mare fell to the ground and Golden took the part of an aviator for a few seconds. Luckily the horse received no serious injuries and her driver escaped with a few bruises. He took five heats to decide the winner, Meadowvale doing the trick by a nose length in the fifth heat. Every heat in this race, caused excitement to run at top notch and all admitted it to be the greatest race ever held in the provinces. The other classes were won by Pretoria and Mr. Frisbie is to be congratulated for the splendid program mapped out.

Tunnel Track has always been noted for exciting races but yesterday's meet eclipsed all previous records. When next year's event comes round the spacious grounds will no doubt be too small to accommodate the gathering. Tunnel Track is admitted by drivers and owners to be one of the fastest if not the fastest, in the Maritime Provinces. Regrets were expressed for the non-appearance of Bonanza, Princeton, owned by T. C. Edgett, City. Unfortunately this horse, on Tuesday afternoon, tumbled and fell back over the bike sustaining such injuries that it took one and a half hours before he regained consciousness. It was necessary to phone for Dr. Black, Crapaud, under whose skilful care the animal came around. Latest accounts are most favorable and before the Montague meet he may be fully restored to his usual track condition. The following are the summaries:—

REPORT OF COM. ON STATE OF ORDER. Cape Wolfe, July 14, 1911. G.W.P. and Representatives:

Your Committee on the State of the Order her to report:— While it affords us pleasure to meet the representatives here assembled we fully agree with the G. W. P. that a greater attendance would afford a greater pleasure. Though we regret the loss of many of our associates who were in the fight when Grand Division met with Star of Hope Division above twenty years ago we trust that their example will encourage those that remain to carry on the work for the promotion of every good. Though the past few years have been fruitful in the spread of temperance principles both from a legal and moral standpoint, the work is not completed and many difficulties are in the way. We agree with the G. W. P. that we should have legislators in sympathy with social reform.

That the unrestricted importation of liquors into this Province is the greatest hindrance to making a sober community. The Government owes us the legislation required to remedy this evil. That unscrupulous doctors and druggists, for a money consideration, dispense liquor indiscriminately, the fool's willingness to part with his money satisfying their phantom consciences.

That the existence of a club into whose meeting place the members can hire the youth of the town to treat them to intoxicating beverages is an invasion of the law and a disgrace to the town where such moral fealty is permitted.

That no Inspector should be appointed without the sanction of the Temperance people, and that the officer who forfeits their confidence should forfeit his office. That all druggists should be required to send Provincial Treasurer a quarterly report, containing specific and full statements of the purposes for which liquors were sold. We should know why so many prohibition documents are defective, why so many informations are not acted on and why fines when levied are not collected. Machinery for catching tin can operators should be perfected. To

many second and third offences are treated as first offences. Submitted in L. P. and F. S. McEachern, W. T. Costain, James Hoggood.

The stock judging class held by Prof. McRae of the Live Stock Department at Mount Albion School was well attended. All ages were represented from young boys up to John Stewart, who is ninety-four years old and as smart as ever. Quite a nice row of aged cattle faced the judge, first place being given to a cow owned by Benjamin Jenkins. A pure bred Jersey cow, soon due to freshen, owned by Wm. H. Stewart, was much admired. Seven two year old grade Ayrshire heifers, the property of the Strathcona Farmers' Institute, were very favorably commented on by Mr. McRae and all look forward to some good records from them in the future.

After the stock judging class Mr. McRae gave a talk on the sheep industry. Some things which he said are well worthy of being better known. He said it was a great mistake for farmers to wash their own wool as the good factories did not want it, in fact would not buy it at all if washed, for the reason that it has to be sorted into several grades as much as from five to ten depending on the breed of the sheep. Mr. McRae showed by a chart what part of the fleece was number one, number two etc. Now when a fleece was washed on the farm all grades were mixed up. Another thing was not to tie the fleece with binder twine but with its own wool as twine would not take dye like wool. And the most important part of all was that in washing wool from thirty-five to fifty and as high as seventy per cent with Marino wool was washed away. The difference in price would not nearly pay for the loss besides the labor. In closing he advised every farmer to keep a few sheep also to try and do something to abate the dog nuisance.

The Only Food You Can Eat Three Times A Day For A Lifetime

Bread is the only food you can eat, day after day and year after year, and relish and digest. You can't eat one kind of meat or one kind of cake or one kind of any other staple or delicacy for any length of time. Every food contains certain compounds which the digestive system adapts to its needs. The fact that the system will digest and assimilate bread, shows that bread is nature's food, the one perfectly balanced food.

Bread and milk is the diet of babyhood—toasted bread is the first solid allowed the sick and convalescent—and bread, in its manifold varieties, is the "staff of life", that best and cheapest food for young and old. So, eat plenty of good homemade bread made of

"Beaver" Flour

and the problem of economic living is solved. "Beaver" Flour is the famous blended flour that is equally good for Bread, Cake and Pastry. It contains the rich nutriment of the finest Manitoba Spring Wheat combined with the flavor and delicacy of Ontario Fall Wheat. It is a bread flour and a pastry flour—as good for one as for the other, and best for both—and makes the bread that you can eat and enjoy and live on, three times a day for the rest of your life. YOUR GROCER has it or will get it for you. Ask for "Beaver". DEALERS—Write for prices on Feed, Coarse Grains and Cereals. THE T. H. TAYLOR CO., LIMITED, 100 CHATHAM, Ont.
