Central Guardian Communion Service At Bradalbane

SPECIAL DANCE tonight for college students at Brighton Club, Wagner's Orchestra. 8863. FUNERAL NOTICE - The funeral of the late Mrs. Susanna McWade will take place from the residence of her son-in-law Thomas Koughan, 52 Weymouth St. this morning at 9 o'clock by motor to St. Theresa's for interment. The service was conducted by Rev. R. H. Stavert. At the Communion service Mr. Stavert was assisted by Messrs. Murdoch Harvey McKenzie, J. J. Graham and John T. Murray, elders. Six new members were received into full communion with the Presbyterian Church in Canada, three on profession of faith and three by certificate. The addresses given by Mr. Stavert were very helpful and the service was a very impressive one. At the evening service Rev. D. E. Drummond, D. D., chairman of the General Board of Missions was present. Rev. R. H. Stavert conducted the service and a very fine address was given by Dr. Drummond. All were delighted to have had the privilege of hearing Dr. Drummond at the Communion service. Mr. George Jackson, student catechist was assisted by Mr. John Fleet, student catechist at Clifton and by Rev. R. H. Stavert. All the services were well attended and the Communion season was a very helpful one to all.

South Shore Farmers Will Market Tuber Crop By Schooner

The meeting in Hampton Hall on Saturday evening, the prime object of which was to find means for handling the surplus potato crop of that district was very largely attended with Mr. John H. Myers, Minister of Agriculture, at whose instigation the meeting was called, in the chair. The geographical disadvantage to which the farmers of Hampton and Victoria were subjected in transporting their surplus crop of potatoes to Charlottetown in the shipping season was exhaustively discussed and it was the opinion of all present that action should be taken to overcome lack of railroad facilities. Mr. Wilfred Boulter, secretary of the Potato Growers' Association was in attendance and delivered an address and offered suggestions on the question before the meeting. One point which was ascertained was that the S. S. Harland which was chartered for the season could only make a limited number of trips and not handle the crop to be marketed. After considerable discussion, a committee of three - Mr. John H. Myers, Hampton, and Messrs. Edward Boswell and Verner Moore of Victoria - were appointed and instructed to deal with the whole question of shipping to Charlottetown by schooner, preferably equipped with a motor from Victoria. If such could be effected, it was shown, the tubers could be transported directly to the city and could be transferred to the large steamers at discretion, thus removing the now necessary truckage to the nearest railroad station - in many cases a distance of fifteen miles. There was no discussion of prices, freight rates and matters of like import. As shipping from Bonshaw can not be contemplated until suitable storage space is obtained it was decided to approach the Federal Members of Parliament with a view to constructing a warehouse at that port. When this business was concluded, Mr. S. G. Peppin, Experimental Farm Inspector, delivered an interesting and instructive address on the best method of applying fertilizer, seed treatments, spraying methods, digging and grading. A lively discussion ensued and numerous questions were asked and at the close of the meeting a vote of thanks was tendered the speakers.

Presbytery Meeting

The Presbytery of Prince Edward Island met at the induction of 7:30 o'clock on the evening of Friday, July 29 for the induction of Rev. W. M. Morrison into the pastoral charge of Alberton and West Point. On account of the Presbyterian Church being under repair the meeting was held in the Baptist Church. In the absence of the moderator Rev. M. Scott Fulton, Rev. W. Bruce Muir, ex-moderator presided and opened the session meeting with prayer. Those in attendance from the presbytery were Rev. W. Bruce Muir, ex-moderator, Rev. R. H. Stavert, clerk, Rev. Andrew Brown, Rev. W. M. Morrison, Rev. Fred Williams and Messrs. Fred Clark, W. C. Lawson, John Agnew, J. F. Proffitt and William Montgomery, elders; Rev. D. J. Fraser, D. D., principal of the Presbyterian College at Montreal and Rev. J. K. Fraser, D. D., of Renfrew, Ont., sit and to correspond. Rev. Andrew Brown was appointed to preach the sermon in place of Rev. Quincey A. McDonald who was unavoidably absent. At the induction service Rev. R. H. Stavert, moderator of the Alberton session presided. Rev. Andrew Brown preached the sermon. Rev. W. Bruce Muir inducted the minister-elect. Rev. D. J. Fraser gave the charge to the newly inducted minister and Rev. J. K. Fraser addressed the people. Short addresses of congratulation to Rev. W. M. Morrison and to the people of the congregation were given by Rev. W. Bruce Muir, Rev. Andrew Brown, Rev. Fred Williams, Rev. R. H. Stavert and Mr. John Agnew. The service throughout was a very impressive one. The several addresses were of a high order. This was especially true of the addresses of Rev. D. J. Fraser and Rev. J. K. Fraser. It was agreed that there should be printed and that copies of them be circulated among the members of the Presbytery. Just before closing a hearty vote of thanks was moved by Mr. Fred Clark and seconded by Mr. W. C. Lawson and tendered by the acting moderator Rev. W. Bruce Muir to Rev. R. H. Stavert for his efficient services as moderator of the Alberton session. This was very fittingly acknowledged by Mr. Stavert. After the induction service was over the Presbytery dealt with several other items of business among these was a petition from a number of representatives of Harrington, Marshfield and Mt. Stewart asking that these three preaching places be organized into one pastoral charge. The prayer of this petition was granted and it is hoped that in the not far distant future an ordained man shall be secured for this field. The clerk reported that Rev. Chas. S. Jeans had accepted the call to the Summerside congregation. The arrangements for the election in the latter part of September were left in the hands of the moderator and clerk of Presbytery acting in conjunction with the Summerside session. After some time had been spent in discussing several matters of minor importance the Presbytery adjourned to meet at the call of the moderator and clerk and was closed with the benediction by the acting moderator, Rev. W. Bruce Muir.

Meat and Tobacco For Old London Worth Millions

LONDON, Aug. 29 - The Port of London, notorious for self-contentment. To few eyes and understandings does it reveal its vastness, its world supremacy. But after an observation of the traffic of the Thames and riverside industry, conviction began to creep into the minds of members of both Houses of Parliament and members of the Port of London Authorities on a recent visit when the steamboat turned to the new King George V. Dock, and thence progressed to the Victoria and Albert Docks. The long vistas of ocean-going vessels were deeply impressive when viewed from the deck of the little inspection craft, though they indicated, of course, but a part of the work of the Port. To give an idea of another part, the visitors were taken over the new Lord Ritchie department, where the distribution of meat has been immensely advanced by modern devices. Over 70 per cent. of all the meat imported into the United Kingdom is handled in London; and the cold storage accommodation is equal to over three and a half million carcasses of mutton. It appears, however, that the proportion of imported meat to the whole of the meat eaten in the country is apt to be exaggerated, as London consumes very much more chilled meat than the rest of the country. A curious feature is a decrease in rabbits from Australia, which before the war amounted to 30 millions a year, and now have fallen to fewer than ten millions. The reason is that Australia has found more profit in rabbiting than in rabbiting. Lord Ritchie, the chairman of the Authority, gave some particulars of the port in an after-luncheon speech. Last year the tonnage reached close upon 50 millions; and, whereas the tonnage of all other British ports sank, that of London increased by 4.7 per cent. The value of the imports and exports in 1925 (the last year for which figures are available) amounted to 745-1-2 million sterling. Two items were singled out for mention - the store of iodine, worth £2,385,000, practically the world's supply; and that of tobacco, valued at 50 millions sterling.

Pride Of Detroit Leaves For Germany

CROYDEN, Eng., Aug. 29 - The Pride of Detroit, the round the world plane took the air at the aviator field here at 8.32 o'clock this morning, with Munich, Germany, about 600 miles distant as the destination. The flight is the second leg of the globe-circling air tour being undertaken by Edward P. Schlies and William S. Brock. They completed the first leg of 2,035 miles from Harbor Grace, Nfld., to Croyden, Sunday morning after being in the air 25 hours 21 minutes. (This plane flew over Charlottetown on Friday last.)

12-YEAR-OLD BOY AUTHOR INVITED TO RIDEAU HALL

OTTAWA, Aug. 27 - Robert Carver North, 12-year-old boy author and traveller, is to be presented to His Excellency the Governor-General and Lady Willingdon at Government House tomorrow. The youthful adventurer has had one book for boys published on his experiences in the James Bay country. This summer he travelled nearly 800 miles with Bishop Anderson of Mooseone on the Albany and English Rivers, and is now on his way home to Walton, New York. Young North's great-grandfather, Jonathan Carver, was one of the original explorers of Wisconsin in 1766-68.

SHANGHAI, Aug. 29. - The national (southern) troops have fallen back from Nanking ostensibly to prepare positions behind the city, leaving only a few troops in the river metropolis to meet the northerners crossing the Yangtze according to wireless reports received this afternoon.

BUGS AND BIRDS

A French naturalist has estimated that if all birds were to disappear, man could live on the earth only nine years. For without birds, all plants, trees and vegetables would disappear; worms and bugs would eat them root and branch. When that happened, the cattle and the sheep would not have enough to eat and they would all die. Mankind, unable to survive on fish, or the insects themselves, would perish miserably in a horrible crawling, creeping world. A noted ornithologist estimates that in 60 years, bird life in this country has dwindled 75 per cent. Thirteen species of migratory birds, have been entirely exterminated, and 30 more are travelling the same road. As birds decrease, insect hordes increase. This must be reversed.

THE ELEPHANT IS THE ONLY living representative of the prehistoric mastodon and mammoth.

Burglars Defy Burglar Alarm

LONDON, August 29. - Chief Constable Wensley, head of the Criminal Investigation Department, Scotland Yard, has practised what he has preached and installed the most modern anti-burglar devices in his own house at Palmers Green, North London. Nevertheless, the burglars defied them all. Taking a small ladder from an outhouse they entered by a flight, and carried off a large quantity of valuable curios, which have been collected by Mr. Wensley over many years. They also took Mr. Wensley's medals, including that which was awarded him for his share in the celebrated "siege of Sidney Street", in the east-end of London, when a band of Anarchists were exterminated with the help of Guardsmen from the Tower. "I hope they will be sportsman and return my medals to me," said Mr. Wensley. "They cannot be of any value to the thieves, and they are naturally much valued by myself."

Trans-Atlantic Flyers Forced To Return

LONDON, Ont., Aug. 29. - Encountering a heavy rainstorm while flying over Lake Ontario, Captain Torrey Tully and Lieutenant Medcalf, in the "Sir John Carling" on the first Canadian attempt at a trans-Atlantic flight were forced to return to London at 11 a. m. eastern daylight saving time. The flyers who left London at dawn were reported over Streetsville and Oakville, just west of Toronto, on their eastward journey but while skirting the north shore of Lake Ontario found conditions so bad that they were forced to return to the flying field outside of the city. The intrepid aviators were attempting a London-to-London flight for a prize of \$25,000.

New Record Made In Junior Fours At Halifax Regatta

HALIFAX, Aug. 29. - While the Micmacs of Dartmouth won the senior event in the Maritime Rowing Championships Saturday, the junior four-oared scull, the North West Arm Rowing Club carried off the honors of the day, winning the junior and intermediate four-oared and establishing a new record in the former, 9:20 1-5, beating the former record held by the Lorne Club, 9:25 1-2. Six John oarsmen were content with one second place when Jack O'Connell, St. Mary's easily won over Jack Ward, of the Saint John Rowing Club, in the senior singles and Ronald Ingraham, Saint John of the same club, was forced to give up after leading his opponents around the course. The junior singles, Ingraham suffered cramps and was taken from his shell when he was unable to complete the race.

To Form Dominion Aviators League

(Special to the Guardian) OTTAWA, Ont., Aug. 29. - A meeting will be held at the Chateau Laurier on Thursday under the chairmanship of Major-General J. H. MacBrien to form a Dominion Aviators League. The service throughout was a very impressive one. The several addresses were of a high order. This was especially true of the addresses of Rev. D. J. Fraser and Rev. J. K. Fraser. It was agreed that there should be printed and that copies of them be circulated among the members of the Presbytery. Just before closing a hearty vote of thanks was moved by Mr. Fred Clark and seconded by Mr. W. C. Lawson and tendered by the acting moderator Rev. W. Bruce Muir to Rev. R. H. Stavert for his efficient services as moderator of the Alberton session. This was very fittingly acknowledged by Mr. Stavert. After the induction service was over the Presbytery dealt with several other items of business among these was a petition from a number of representatives of Harrington, Marshfield and Mt. Stewart asking that these three preaching places be organized into one pastoral charge. The prayer of this petition was granted and it is hoped that in the not far distant future an ordained man shall be secured for this field. The clerk reported that Rev. Chas. S. Bill Sharon Joins McAllister Stable

SUSSEX, Aug. 29. - Dr. D. H. McAllister, who left Sussex last Sunday with Mrs. McAllister and Miss Dorothy, returned to Sussex yesterday. Dr. McAllister, who had not enjoyed his usual good health lately, went to Boston to consult specialists and has returned very much improved. While away the genial doctor took time to look over the noted horse, Bill Sharon, 2:04 1-2 which was at one time purchased by Tommy Murphy, the well known horseman, for \$25,000. John Finnegan, who acts as fitter for the doctor, arrived in Sussex last night in charge of Bill Sharon. The doctor does not intend to race Bill Sharon this fall, but he will in all probability be sent exhibition miles in Moncton and at the exhibitions in St. Stephen and Fredericton. Dr. McAllister is satisfied that next year Bill Sharon will give all the free-for-alls in the New Brunswick and Maine circuit a tough argument.
