

An Emulsion Easy to Take

Jamieson's Emulsion Cod Liver Oil with Hypophosphites is as pleasant to take and as easy to digest as fresh milk. No matter how delicate a stomach you may have, it's the one remedy to take for any disorder marked by loss of flesh. There's nothing its equal for persistent throat and lung troubles.

DEATHS

CAMPBELL.—At Pownal, at 1.30 this morning. Mrs. F. H. Campbell. Funeral notice later.

CAMERON.—In Charlottetown, Nov. 15, Charlotte Clarke, widow of the late John Cameron. Funeral from her late residence, 150 Prince St., Tuesday, the 17th inst., at 2.30 p. m. Interment People's Cemetery.

CHALLENGE

During the past few days of football activity there has been some chimerical talk on the part of the P.W.C. football team as to the ability of the Connaughts to cope with them on the gridiron; we take this opportunity of challenging them to play a game on Monday, Nov. 16, on Victoria Park, at 3 o'clock.—Secy. of the Connaughts.

GERMAN MEMBERS OF ROYAL FAMILY.

LONDON, Nov. 12.—The status of the two semi-British Dukes who are now fighting in the German army against England, the Duke of Cumberland and the Duke of Albany, will be donated in the House of Commons tomorrow on a question to be put by Swift MacNeil, Nationalist, who is anxious to know how Premier Asquith purposes to deal with them. Mr. MacNeil will urge that they be deprived of their British peerages and titles and their seats in the House of Lords. The Duke of Albany, who has also the title of Duke of Saxe-Coburg and Gotha, is a first cousin of King George. He was born in 1884 and educated in England and in Germany. He has a commission in one British and in several German regiments. His wife is a daughter of the Duke of Schleswig-Holstein. The Duke of Cumberland is a second cousin of the King. He was born in 1845, and is a General in the British and a Colonel in the Austrian army. He married a daughter of King Christian IX. of Denmark. The matter of the more favored treatment accorded to influential Germans in England will be raised by Harry K. Newton, Unionist, who proposes to question Home Secretary McKenna, as to why British naturalization was granted to Baron Bruno Schroeder, a banker, since the outbreak of the war.

"OLD SAINTS" WON

The football game between the ex-students of St Dunstan's College and the present S.D.C. team took place at Victoria Park on Saturday afternoon, the former winning by the score of 3-0.

It was announced the game was to be played at the A.A.A.A. Grounds, but on account of the rain of Friday night the field was unfit.

The game was characterized by much scrum work, both sides being about the same as regards "pushing" ability. The quarters made most of the runs, the halves not getting enough to do to keep themselves warm.

Chester McCarthy crossed the line for the ex-students for the only score of the game.

Mr James McMillan refereed the game in his usual satisfactory manner. When the game was over the old students, upon invitation from the former students, Rev. Dr Campbell, the rector, and others.

An excellent supper. At the conclusion of the meal all repaired to the library, where a smoker was held. Speeches were delivered by the former students. Rev. Dr Campbell, the rector, and others.

Mr James McMillan refereed the game in his usual satisfactory manner. When the game was over the old students, upon invitation from the former students, Rev. Dr Campbell, the rector, and others.

CENTRAL CHRISTIAN CHURCH

Rev. W. J. Whitehead preached an eloquent sermon at the morning service in Central Christian Church on the subject, "Heaven," which was well received by a large audience. Mr Whitehead has already made many friends and is becoming very popular among his people and the citizens generally.

In the evening an overflowing house of worshippers gathered for the service of the Evangelist Lowell C. McPherson, of New York, at the beginning of a series of Evangelistic meetings, which will continue each evening during the present week, with the exception of Saturday night. Evangelist McPherson's subject last evening was, "The World Without and Within," and he handled it in an eloquent and masterly manner, calculated to leave a lasting impression on his hearers.

The Bluesome Quartette sang several beautiful selections, which touched the hearts of all. They are certainly artists in their line. The meetings will begin at 8 o'clock sharp, and those who were not able to secure seats last evening will have an opportunity tonight of hearing this powerful preacher of the gospel. The subject to-night will be, "Why be a Christian?" There will be special music. All are invited.

DAILY SELECTIONS FOR READERS OF THE GUARDIAN

Furnished by W. S. Luson

THE CRAZE FOR WEALTH.

I look upon the craze for wealth that possesses nearly all classes in our time as one of the most lamentable spectacles the world has ever seen. The grand mistake we make is in supposing that because a little money is a good thing, unlimited means is the sum of all good, and that our happiness will keep pace with our possessions.

Very many of the great fortunes of our time have been accumulated by a process like that of turning all the streams into your private reservoir; they have caused a great many people somewhere to be short of water. The strong will predominate, the weak must succumb. "For whosoever hath, to him shall be given and he shall have more abundance; but whosoever hath not, from him shall be taken away even that he hath."

They have resorted to the methods of the robber and assassin.—John Burroughs.

KAISER WANTS TO SELL MARBLE PALACE

GENEVA, via Paris, Nov. 14.—Emperor William is offering his marble palace, the Villa of Achilleion, in Corfu, for sale. It was built in 1890-91 for the Empress Elizabeth of Austria, at a cost of \$5,000,000 and has since been improved. A syndicate of Germans and Swiss hotel men wished to buy Achilleion, a few years ago, but they were outbid by the Emperor.

The Emperor's decision to sell the palace, it is stated, is the result of the uncertain attitude of Greece towards Germany and Austria. It is said he fears confiscation of the palace, if Greece joins the Allies. A Swiss syndicate has been given an option on the place at a low price.

ONLY 90 HORSES LOST.

BALTIMORE, Nov. 14.—The local agents of the steamship Rembrandt declared today that the vessel was absolutely no reason to believe the fire on the steamer yesterday was of incendiary origin. The blaze started among the forage in the after part of the ship and might have been caused, the agent averred, by some carelessly throwing a lighted cigarette into the hay. Sixty odd horses were burned to death, 20 or 30 are suffering from the effect of smoke, but fully 700 are in sound condition.

MARRIED IN CAMP BEFORE MOVIE MEN.

LONDON, Ont., Nov. 14.—With the regiment being playing "It's a Long Way to Tipperary," and a thousand soldiers cheering, Miss Elizabeth Drouillard and Private Andrew Bryant, both of Windsor, were married in camp here on Thursday by Rev. Arthur Carlisle, chaplain of the regiment. At the conclusion of the ceremony a salute was fired. Several "movie" firms took films.

ALTER SIX-DAY RACE RULES.

NEW YORK, Nov. 14.—A one-hour finish of the leading teams was decided on for the six-day bicycle race at a meeting of the riders yesterday. The European rule, finally being decided on after much debating between the foreign and American riders. Instead of the usual one-mile finish, the leaders up to the last hour of the race will ride the last hour, the team leading at the end of every fifteen laps scoring as many points as the other teams in the race. The team totaling the greatest number of points at the end of the hour will receive first money.

FEAR CATTLE DISEASE HAS SPREAD TO RHODE ISLAND CHILDREN.

PROVIDENCE, R.I., Nov. 14.—Fears that the foot and mouth disease had spread to human beings were expressed by Federal and State authorities today. Four children of a Providence man who owned infected cattle were found to have sores in their mouths. A boy of fourteen, who had taken care of the cows had the most pronounced symptoms. The children have been examined by several doctors, but the nature of the disease has not been

EARL ROBERTS DIED IN FRANCE

(Continued from Page 1.)

entire army. For this he was made Lieutenant-Colonel, but his staff position remained unaltered. Not until he had been for three years Division Quartermaster-General of Bengal that he became full Colonel, and on the following day he was made Quartermaster-General of Bengal.

When the Afghan war broke out, Lord Lytton specially selected Roberts for the command of a column, and his brilliant generalship and distinguished bravery which Roberts displayed during the numerous actions of that war earned for him the eminence of Lord Lytton's choice. It was Roberts who captured the Afghan positions at Peiwar Hotel, who occupied the district of Khost and Cabul, and distinguished himself in the desperate battle of Charasia. It was Roberts who was selected by Field-Marshal Sir Donald Stewart to lead the dash for Kandahar. It was in recognition of these eminent services that he was created first Baron of Kandahar and Waterford.

In 1881 he was sent to South Africa, but the rising was settled before he got there, and the same year he was given the command of the troops in the Madras Presidency, which troops, like those of Bombay, Bengal and Onjab, etc., were amalgamated into one Indian army, with no presidential but divisional commands. After four years in Madras he was, with universal applause (Lord Wellesley's post), made Commander-in-Chief in India. But Roberts was not satisfied with resting in his administrative position. He was eager for fighting, and took over the command in Burma after the capture of Mandalay and directed the movements which in course of time reduced to practical obedience the old realm of Theebaw. That work done, he returned to India, intent on realizing the dream of his life, and making the north and north-west frontiers of the great dependency safe against invasion.

He was made Commander of the Forces in Ireland in 1895, and remained in that position until 1899, when, after the outbreak of the Boer war he was made Commander-in-Chief in South Africa. He relieved Kimberley in February 1900, took Commandant prisoners, and returned to England in 1900, laden with honours, and the highest honour that could be conferred upon him, the position of Commander-in-Chief of the British Army, and to this post he was elevated in 1901, after the death of Lord Roberts. He held the position until his retirement from active service in 1904. Since then Earl Roberts lived in comparative retirement, devoting himself to recreation and literary work. In July 1908 he was one of the guests of honour at the attendance at the tri-centennial celebration at Quebec.

When the present war broke out, Earl Roberts, although 82 years of age, offered his services to his King and country. He was appointed Colonel-in-Chief of the Indian "Colonial" troops, and it will be remembered, was present at the inspection, by the King, of the first Canadian contingent in 1914.

Earl Roberts died in 1859 of Nora Henrietta, daughter of the late Captain John Bews, who bore him two children. His only son, the Hon. Frederick Hugh Sheraton Roberts, was a lieutenant in the British army under General Buller during the Boer war, was killed after brilliant fighting at Colenso, before the Victoria Cross, which he had earned by presenting to the King, was bestowed after his death. The Cross was awarded to him by the King, and he was the rare privilege to wear it on the right side of his breast.

GERMANY SHORT OF LEAD TAKING METAL FROM PIANOS.

LONDON, November 14.—Besides the shortage of anaesthetics, already reported, there is considerable lack of lead in Germany, according to Dr. E. K. Johnstone, of San Francisco, an officer in the United States Medical Reserve Corps, who has just returned from a long stay in Belgium. Incidentally Dr. Johnstone says a high tribute to the German Government, which was afforded opportunities of studying comprehensively. He expressed doubt that the German had used the Red Cross to protect them when carrying on their attacks.

"There is no doubt that supplies of lead are running low in Germany owing to the stoppage of the mines in Galicia and Silesia," said Dr. Johnstone. A few days before I left Berlin a secret order was issued calling upon the music stores to turn over to the Government all lead in pianos and other musical instruments in which that metal is used.

The demand, which, of course, is being rigorously enforced, has aroused feelings of the deepest dejection in the music trade, which foresees an immediate ruin to itself. The shortage of anaesthetics is due chiefly, I think, to the German General Staffs belief that it could readily replenish its supplies from capturing French and Belgian medical stores, and as Germany does not produce the basic ingredients of either ether or chloroform the Red Cross is in bad shape in this respect.

SIR ROBERT BORDEN WILL RETURN ON MONDAY.

OTTAWA, Nov. 14.—Sir Robert Borden will return to Ottawa on Monday from Hot Springs, Va. The Premier has enjoyed a complete rest, while keeping in touch with all important developments in connection with the war and Canada's participation.

FRANCE WAR LOSSES ARE \$6,000,000,000.

PARIS, Nov. 14.—Six billion dollars represents the French losses in real estate, houses, furniture, workshops, mines, railroads, public roads and public monuments since the beginning of the war. This estimate the Temps says was

Quantity of turnips. ALLAN BOISNER, Auctioneer.

SERIOUS FOR THE SOUTH AMERICAN REPUBLICS.

OTTAWA, Nov. 14.—The French and British Governments have served notice on two South American Republics, Ecuador and Bolivia, that they must respect neutrality and if they break it by giving aid to Germany they will do so at their peril.

The protest goes a long way toward clearing up the mystery of how German ships have been coiled and kept informed in the Pacific. It is declared here that the loss of the British cruisers God Hope and Monmouth can be traced to information furnished to the German fleet from wireless stations in Bolivia and Ecuador. It is now learned that the German fleet has been coaling at the Galapagos Islands, which are the property of Ecuador.

General MacDonald states that there will be no trouble about equipping the second contingent. "The regiments as they stand are practically equipped now," he said.

KING VICTOR HELD BIRTHDAY REVIEW.

ROME, Nov. 14.—Wednesday being the anniversary of the birth of King Victor Emmanuel, His Majesty, as usual, observed the occasion by a review of the troops.

There was a great demonstration of the public, who, since the opening of hostilities, have not failed to take advantage of every opportunity to greet the soldiers with a patriotic outburst. The regular anniversary dinner was given by the Foreign Minister, Baron Sidney Sonnino, to the diplomatic corps. The Minister was confronted with some difficulties, but was able to avoid unpleasant incidents between the representatives of the belligerent countries.

The French Ambassador, Camille Barrere, was not present owing to indisposition, and the British Ambassador, Sir J. Tennant-Roddy, absent himself because of the Court mourning for Prince Maurice of Battenburg. The Foreign Minister, for the first time at these dinners included the warden of the diplomatic corps in the guests.

A MONCTON HOME FOR WAYWARD GIRLS.

MONCTON, N. B., Nov. 14.—Efforts are being made by the Moncton Sunshine Guild, in co-operation with the Salvation Army, for the establishment of a home for wayward girls here. Provincial and city authorities are being asked what aid will be given. The institution is to be open to all classes and creeds.

SECOND CONTINGENT.

OTTAWA, Nov. 14.—General the Hon. Sam Hughes has stated that since his return to Ottawa his time had been largely taken up with the host of contractors and others wanting to obtain orders and business from the Militia Department. He had decided that he could not spend so much time hearing them, and a new system was being devised for dealing with these matters in a different way.

The Minister intends to inspect the troops for the second contingent mobilizing at Kingston next Friday and to inspect the troops at Toronto on Saturday.

General MacDonald states that there will be no trouble about equipping the second contingent. "The regiments as they stand are practically equipped now," he said.

TWC MEN LOST.

ST. JOHN, N. B., Nov. 14.—In wild thunder, lightning, wind and rain storm last night, two men were washed overboard from the dredge *Don Braueric* in Courtney Bay, and lost. The body of one washed ashore and the other is missing. The other is Dalziel. No further particulars are yet known. Lightning struck several places in the city.

PRESBYTERY OPPOSES THE "WET" CANTEN

MONTRÉAL, Nov. 14.—The Presbytery of Montréal, at its meeting yesterday, had under consideration the question of the "wet" canteen at the Canadian Camp on Salisbury Plain, England. The following resolution was adopted, a copy of which is to be forwarded to Ottawa. "Inasmuch as it is the policy of the Government of Canada to prohibit all intoxicating liquors as a beverage from all military camps and inasmuch as the application of this policy in the training camp at Valcartier, Québec, has proved itself to be most generally satisfactory to the people of Canada, we have learned with regret that this policy is not recognized in the camp at Salisbury Plains.

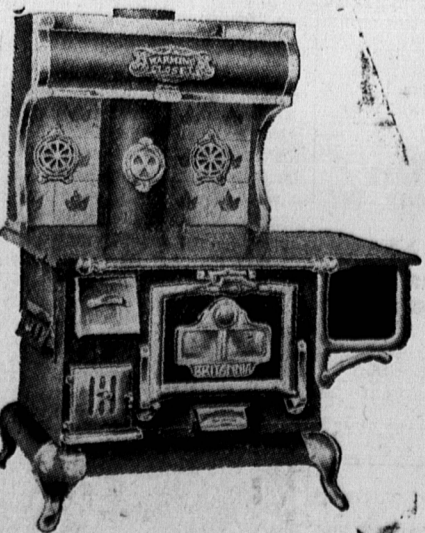

"This Presbytery, therefore would respectfully urge that our Canadian soldiers when at Salisbury Plains have a dry canteen, in order to secure the highest conditions of health and efficiency."

"Try Scott's Emulsion for that cold, for years it has been curing the severest cases of coughs and colds—it will cure yours. Price 50c. a bottle. The Two Macs, 149 Great George Street, Montreal."

"A fresh supply of the most delicious chocolates, manufactured by Moirs, Neilsons and Willards, received fresh today. Price 35 cents to \$2 a box. 60c per pound in bulk. MacKinnon Drug Co., corner Great George and Kent Streets. Montreal."

"A complete stock of Patriotic Records NOW at Miller Bros. 6544-11-16m31

Here's Extragood Value at Small Cost
