Washing Compound.

We have secured the agency for the Island of the above named Washing Compound which has been pronounced by the ladies of Canada to be the **greatest labor saver of modern times and a real treasure on wash day.**

It washes clothes and is guaranteed not to injure the most delicate fabric.

The properties possessed by this compound are those of loosening and separating the dirt without injury to the fabric, instead of eating up the dirt and rotting the cloth as is the case with many articles now on the market which claim to wash everything. By the use of this Compound no rubbing is required, thus saving the wear and tear on clothes, to say nothing of the labor. Simply boil and rinse. For flannels it has no equal and Ladies will find it particularly good for washing Lace Curtains as there is **positively no rubbing required.** 1 cake will wash 2 large boilers of clothes and the cost is a mere trifle. 2 cakes 5c. 25c per doz at all grocers.
