THE QUEEN'S COUNTY GUARDIAN

Head Offices in New Prowse Block—Charlottetown

It pays to buy in this Province.

H. and Mrs. Goodwill, City, were in St. John yesterday.

S. and Mrs. Clark, Mt. Stewart, were registered at the Queen Hotel, Halifax, yesterday.

At the Police Court in this City yesterday one young lad appeared on the charge of smoking cigarettes. He was reprimanded and allowed to go.

The Misses Madge, Myrtle, Vesta and Ida Crockett, of York, have returned home from Caledonia where they spent two weeks the guests of Mrs. J. J. McQuarrie.

Frank Hughes, City, returned from Halifax by the Northumberland yesterday afternoon. He had been there in connection with the shipping of horses from this province to Bermuda.

The little McGuire chap who is in the City Hospital undergoing treatment for a bullet in his head was reported not quite so well yesterday though there was not a very perceptible change.

Albert Gallant, Rustico, Agent for the Mutual Life Assurance Company of Canada, and Marin Blanchard, tailor Rusticville, have left on a visit to Boston. They will be absent about two weeks.

James McEachern, City, the well known machinist, was married to Miss Sophia Livingstone, City, on Nov. 10th, last. Rev. T. F. Fullerton performed the ceremony. The Guardian extends best wishes.

Hon. J. H. Cumiskey, C. P. W. is now recovering from the effects of a severe cold contracted by his recent dip in the East River. His friends are glad to know that he did not suffer any material physical inconvenience as a result of the mishap.

The missionary service in St. James Hall this evening starting at 7.30, will be addressed by Rev. Mr. Green, missionary elect to Demerara. A full attendance will no doubt greet Mr. Green as he is a very pleasing speaker and is about to enter upon a noble work in a far off mission field.

No one should forget the concert and lean social in Pownall Hall, Thursday evening, Nov. 17th, beginning at 7.30 o'clock. One of the features of the evening will be selections from Miss Flora Donaldson, Queen of Scottish song. Proceeds for Church purposes. Admission 10 cents.

A regular police force inspection takes place in the City Hall this morning. It is expected that the officers will receive special instructions in connection with the act respecting the use of tobacco by minors. A determined effort evidently will be made to suppress the evil.

Attention is called to the ad. in today's Guardian of the Hugh Stocker Co., wholesale commission fish dealers, 114 and 115 South Street, Pulton Market, New York. This firm has cold storage on their premises and is thus capable of handling daily large quantities of fresh fish from Prince Edward Island shippers without any fear of loss. Fishermen would do well to write to the above address and to arrange for the handling of their goods before the decidedly cold weather settles down.

His many friends will regret to learn of the serious illness of Peter Heron, Webster's Corner, one of the most widely known farmers of that locality. Advice by telephone last night conveyed the intelligence that Mr. Heron was still in a critical condition. On Friday last Mr. Heron was in his usual good health, but on Saturday was taken suddenly ill at his home. Medical aid was summoned but despite this he grew worse and on Sunday was suffering excruciating pain. On Monday no improvement was noticed and a physician from this city was called in. His acquaintances will look forward to his early recovery.

HORSE ITEMS OF LOCAL INTEREST

(Continued from page 1.)

Uhllein, his owner, Lou Dillon, 1.58 1/2, being one of the select.

For the benefit and information of the many Guardian readers who are interested in horses we will submit the tabulated pedigree of Princess Todd, the champion yearling of 1910.

The schooners Carrie M. C., from Murray River; Mollie and Three Bells, from Crapaud, are in port at Halifax.

Ewen Campbell, City, has purchased Mrs. Annie M. Alchorn's property consisting of two dwelling houses on Queen Street.

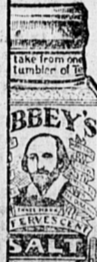

The subject of Mr. Floyd's discourse last night, at the special services in Central Christian Church was, "The Gospel The Power of God" and the sermon was certainly one of the strongest of the series, being listened to with keenest interest by a large audience. The interesting was also much enjoyed.

For twenty-five cents one can see ninety views of "Granada and the Alhambra," specially imported for the occasion, have them fully explained, hear the history in connection with them and at the same time help to reduce the debt on the Nurses' Home in connection with the P. E. Island Hospital, at St. Paul's School Room tomorrow, Thursday evening.

A prominent fish firm of New York and one familiar to shippers of smelts and eels in this Province is the Continental Fish Co., No. 26 Fulton Fish Market, New York, whose ad. appears in today's Guardian. Personal attention to consignments will make business with the above firm a pleasure, and Provincial shippers sending their consignments will receive the highest prices for their goods. Consignments are solicited and shippers are asked to place with them a trial order.

The death of Mrs. McGuirk widow of the late John McGuirk, City, occurred yesterday afternoon at six o'clock in the City Hospital where she had been taken on the Friday evening previous for treatment. She leaves three sons to mourn, Michael, and James at home and Henry, at present on his way home from the United States to attend his mother's funeral, of which a notice appears in another column.

A GOOD POSITION

Can be had by ambitious young men and ladies in the field of "Wireless" or Railway telegraphy. Since the hour law became effective, and since the wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month, with good chance to advancement. The National Telegraph Institute operates six official institutions in America, under supervision of R. R. and Wireless Officials and places all graduates into positions. It will pay you to write them for full details at Cincinnati, O., Philadelphia, Pa., Memphis, Tenn., Davenport, Ia., Columbia, S. C. or Portland, Ore. 9-214261r6d.

You will observe that Princess Todd, 2:24, inherits four close Electioneer crosses, also a triple cross to Young Jim, son of George Wilkes. Princess Todd is possessed of both early and extreme speed on all sides. We are of the opinion that Island horsemen should inbreed, more especially for speed purposes.

Miss Stokes, the yearling champion of 1909, made a record of 2:19. This season, 1910, she marks herself in 2:09 1/4 as a two-year-old. She displayed greater class at times during the campaign of 1910 than has ever been seen in a youngster of her experience. At times this wonderful filly has been known to carry a sixteen ounce shoe, while Native Belle wore but four ounces and no toe-weight.

Eddie Willis is the trainer of Miss Stokes and is believed to be the greatest colt trainer in the world today.
