REASON No 4

WHY YOU SHOULD USE

Red Rose Tea

Because it is Economical.

Red Rose Tea is composed of what are known in the trade as "high-grown" Ceylon and Indian teas. These teas are grown at high altitudes on the mountain slopes, where the tea bushes grow more slowly and are more carefully cultivated than in the valleys, where the climate is warm and humid.

High-grown tea is not only a finer quality, but contains much more tea juice or extract than valley-grown tea.

This can be easily proved by comparing a drawing of Red Rose with any other tea. By doing so you will find that a pound of Red Rose Tea will spend as far as 1¼ to 1½ lbs. of other teas.

The saving is most apparent in the Blue Label and better grades—buy a pound and make the test.

T. H. ESTABROOKS, St. John, N. B.

BRANCHES: TORONTO, WINNIPEG.

Moccasins For the Boys

We have them in Tan and Black; the BOYS are delighted when they see them. Get him a pair for Xmas, only 90c a pair.

J. H. BELL

The Experienced Leatherman.

Having shared during 1904 your liberal patronage we take this opportunity of thanking you and to assure you that during 1905 you will receive the same liberal treatment at our store.

G. H. TAYLOR,

Jeweler and Optician.

Eastern Steamship Co.,

WINTER REDUCED RATES.

Effective to May 1st, 1905.

St. John, to Portland, $3.00.

St. John, to Boston, $3.50.

Commencing December 15, 1904, steamer leaves St John at 8 a. m. (Atlantic Standard) Thursdays for Lubec, Eastport, Portland and Boston.

RETURNING

From Boston, via. Portland, Eastport, and Lubec Mondays at 9 a. m.

Through tickets on sale at principal railway stations and baggage checked to destination.

Passengers arriving at St. John on evening previous to sailing can go direct to steamer and take cabin berth or stateroom for the trip.

All cargo, except Live Stock, is insured against fire and marine risk.

WILLIAM G. LEE, Agent, St. John, N. B.

A. H. HANSCOM, G. P. & T. A.,

CALVIN AUSTIN, V.P. & Gen'l Mg.

Dominion Atlantic Railway.

And Steamship Lines to Boston via Yarmouth.

The popular Fast Line Between Eastern Nova Scotia and Boston Via Windsor Junction and Halifax.

EXPRESS TRAINS leave Halifax, daily (except Sunday) at 7.35. a. m. for Digby and Yarmouth making connection at Yarmouth for Boston.

The Royal Mail Steamship "BOSTON"

The Fastest and Finest Steamer plying between the Maritime Provinces and Boston.

Leaves Yarmouth, Wednesday and Saturday for Boston on arrival of Express Trains from Halifax. Returning leaves Long Wharf, Boston, Tuesday and Friday, at 2 p. m.

Passengers arriving in Halifax next day 7.30 a. m. by Express Train.

For all information, guide books, folders, etc. which will be sent free, write to F. H. Armstrong, General Passenger Agent, Kentville, N.S. Trains run on Atlantic Standard Time.

P. GIFKINS, General Mgr.

INEXPERIENCED.

Mrs. Subbubbs—There doesn't seem to be any cream on the milk this morning.

Chalker (the milkman)—Yes, mum, you see, I have a new dairy maid, and she don't know how to milk the cow to the best advantage yet.

Elder Brother of Cecil Rhodes.

A Parliamentary candidate who has been sentenced to death by the enemies of his country and afterwards met those enemies on the field of battle has a powerful lever in moving votes to his side, says The London Chronicle. Colonel Rhodes, the elder brother of the great Imperialist, has also the prestige of that brother's name to help him in his prospective campaign against Mr. Rose in the Newmarket division. But Mr. Rose is as popular in Cambridgeshire as was his predecessor, Colonel McCalmont, and the Colonel will need all his prestige. The house in which the Colonel lives, Dalham Hall, Newmarket, was left him by his brother. For his share in the Jameson Raid Colonel Rhodes forfeited his commission, but his services on the field of Omdurman, where he was wounded, were deemed great enough to purge his offence, and the commission was restored.

Courteous Lord Hardwicke.

We have it on the authority of the Marquise de Fontenoy that the late Lord Hardwicke thus once jilted an American heiress, who was a niece of Lady Anglesey. The latter wrote:

Dear Lord Hardwicke,—I am leaving Vienna with my niece for the Sommering for two or three days. Perhaps you could be at the railroad station at 11 to-morrow morning to bid us good-bye. Yours sincerely.

To the above polite invitation Lord Hardwicke replied as follows:

Dear Lady Anglesey,—Awfully sorry; I cannot be at the South railroad station to say good-bye to you and your niece. Just at the time you name I have to be at the Western Railroad terminus to meet two fox terrier pups. Awfully sorry. Yours sincerely.

How lordly and dignified.

What Sulphur Does

For the Human Body in Health and Disease.

The mention of sulphur will recall to many of us the early days when our mothers and grandmothers gave us our daily dose of sulphur and molasses every spring and fall.

It was the universal spring and fall "blood purifier," tonic and cure-all, and mind you, this old-fashioned remedy was not without merit.

The idea was good, but the remedy was crude and unpalatable, and a large quantity had to be taken to get any effect.

Nowadays we get all the beneficial effects of sulphur in a palatable, concentrated form, so that a single grain is far more effective than a tablespoonful of the crude sulphur.

In recent years, research and experiment have proven that the best sulphur for medicinal use is that obtained from Calcium (Calcium Sulphide) and sold in drug stores under the name of Stuart's Calcium Wafers. They are sma chocolate coated pellets and contain the active medicinal principle on sulphur in a highly concentrated, effective form.

Few people are aware of the value of this form of sulphur in restoring and maintaining bodily vigor and health; sulphur acts directly on the liver and excretory organs and purifies and enriches the blood by the prompt elimination of waste material.

Our grandmothers knew this when they dosed us with sulphur and molasses every spring and fall, but the crudity and impurity of ordinary flowers of sulphur were often worse than the disease, and cannot compare with the modern concentrated preparations of sulphur, of which Stuart's Calcium Wafers is undoubtedly the best and most widely used.

They are the natural antidote for liver and kidney troubles and cure constipation and purify the blood in a way that often surprises patient and physician alike.

Dr. R. M. Wilkins while experimenting with sulphur remedies soon found that the sulphur from Calcium was superior to any other form. He says: "For liver kidney and blood troubles, especially when resulting from constipation or malaria, I have been surprised at the results obtained from Stuart's Calcium Wafers. In patients suffering from boils and pimples and even deep-seated carbuncles, I have repeatedly seen them dry up and disappear in four or five days leaving the skin clear and smooth. Although Stuart's Calcium Wafers is a proprietary article, and sold by druggists, and for that reason tabooed by many physicians, yet I know of nothing so safe and reliable for constipation, liver and kidney troubles and especially in all forms of skin disease as this remedy."

At any rate people who are tired of pills, cathartics and so-called blood "purifiers," will find in Stuart's Calcium Wafers, a far safer, more palatable and effective preparation.

First Scorcher (as motor cycle flies by)—Call that exercise? Second Scorcher—No. I call that sitting in a draught!

All the lung healing properties of the pine are bottled up in Dr. Wood's Norway Pine Syrup. It is the most satisfactory remedy for coughs and colds of all kinds. Price 25c.

Inherited.—"Miss Pejntz tells me she inherited her beautiful complexion from her grandmother." "Was her grandmother a druggist?"—

Minard's Liniment for sale everywhere.

"As Shakespeare says," remarked Cassidy, who was fond of airing his "book larnin'" occasionally, "what's in a name?" "Well," replied Casey, "call me wan that Oi don't loike, an' Oi'll show ye."

INSTANT RELIEF.

Mr. Robt. Jennings, Mansfield, Ont. writes: "I have used one bottle of Dr Low's Toothache Gum for severe toothache and received instant relief. Besides this it acted as a splendid temporary filling. Price 10c.

"What are you studying now?" asked Mrs. Cumrox. "We have taken up the subject of molecules," answered her son. "I hope you will be very attentive and practise constantly. I tried to get your father to wear one, but he could not make it stay in his eye."

EARACHE CURED.

Miss J. J. Johnson, Innisfail, Alta., says: "I was troubled with Earache for a long time, and nothing helped me until I used Hagyard's Yellow Oil which cured me completely."

"De only thing dat some people gits out o' education," said Uncle Eben, "is de ability to talk so's other people can't understand 'em."

Minard's Liniment Relieves Neuralgia.

Patience—How do you know her love for him was strong? Patrice—Because it broke him.

Minard's Liniment Cures Dandruff.

The Landlady—Turkey was known to the ancients.

The Witty Boarder—Then Adam must have been the original owner of this bird.

Minard's Liniment Cures Burns, etc.

She—Is he an honest man?

He—He must be. Lots of people have offered to lend him an umbrella.

DOES CHILDREN GOOD.

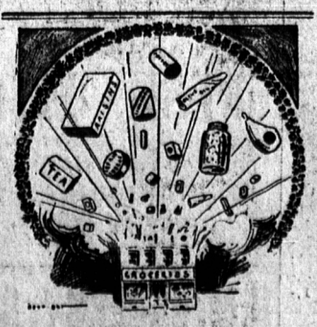
Mrs. Joseph Langtry, Brockville, Ont.—"I have used Dr. Low's Worm Syrup in my family, and it has always been effective and has done the children good. I can highly recommend it.

Little Elmer—Papa, what is a hypochondriac? Professor Broadhead—A hypochondriac, my son, is a person who has no disease, but, many complaints.—Puck.

Stupefying headaches are cured, the head cleared, and the brain brightened by Milburn's Sterling Headache Powders. They do not weaken the heart. Price 10c and 25c.

"Mrs. Sparker has done nothing lately but run down her neighbors." "I had no idea she was such a gossip." "Who said anything about gossip? She is learning to drive her new motor car!"

Laxa-Liver Pills are the ladies' favorite cathartic, as they do not gripe or pain sicken or weaken or cause the slightest inconvenience. Price 25c., all druggists.



DON'T BLOW UP

the grocer if the holidays find you without a sufficient store of edibles in the house. The wiser way is to come here and order enough at least to carry you over.

WE'RE READY

to show you about the finest lot of groceries you ever saw. You'll know their quality the minute you see them. You'll know also, that the prices we ask are not what you have been used to paying for similar goods.

JOHN CONNOLLY & Co.

Queen Street, Ch'town.

THE SUNDAY SCHOOL.

LESSON IV, FIRST QUARTER, INTERNATIONAL SERIES, JAN. 22.

Text of the Lesson, John 2, 1-11. Memory Verse, 11—Golden Text, John 11, 5—Commentary Prepared by Rev. D. M. Stearns.

[Copyright, 1905, by American Press Association.]

It would be very helpful in pursuing these studies in this gospel to get a concise summary of the events of each chapter. Chapter i might be summarized as the word of God, John the Baptist's testimony to the Lamb of God and the calling of six disciples; chapter ii, the marriage in Cana, the passover cleansing of the temple, the prediction of His death and resurrection. Some one has said that God's word, like God's worlds, moves in a circle. One of the institutions of the garden of Eden was marriage, and in the restored paradise shall be the marriage of the Lamb.

Here we have the first of our Lord's miracles and His glory manifested at a marriage in Cana. The peculiar oneness of His people with Himself is often thus set forth. "Thy maker is thine husband, the Lord of Hosts is His name," "Turn, O backsliding children, saith the Lord, for I am married unto you," "Married to Him who is raised from the dead, that we should bring forth fruit unto God" (Isa. liv, 5; Jer. iii, 14; Rom. vii, 4). The oneness of Adam and Eve is used by the Spirit through Paul as a type of Christ and the church (Eph. v, 30-32).

The title "Mother of Jesus" here given to Mary reminds us of the great honor conferred upon her, a truly costly honor to herself, but all honor with Christ is very costly. "All who will live godly in Christ Jesus shall suffer persecution," "If we suffer we shall also reign with Him" (II Tim. iii, 12; ii, 12). When one said, "Blessed is the womb that bare Thee," He said, "Yea, rather blessed are they that hear the word of God and keep it." And again He said, "My mother and my brethren are these which hear the word of God and do it" (Luke xi, 28; viii, 21). The fact of Jesus and His mother and His disciples being at the marriage might indicate that it was the marriage of a friend or relative.

Presently at the marriage there was a need. It is always our need that draws forth His fullness and gives Him opportunity to show His glory. His mother calls His attention to the lack of wine, and He gives her to understand that He will see to it at the right time. She evidently so understood it, for she said to the servants, "Whatsoever He saith unto you do it" (verse 5). There is nothing in the least discourteous in His reply to His mother. He could not be anything but kind to her, for God is love, and love is kind always. There is a proper time and way for everything, and He is never too fast nor too slow. "As for God, His way is perfect." Happy are those who can truly say, "My times are in Thy hand" (Ps. xviii, 30; xxxi 15), His mother's word to the servants is a good word for each of us at all times, for a willing and obedient submission to Him is everything. The angels who excel in strength do His commandments, hearkening unto the voice of His word (Ps. ciii, 20).

The six waterpots having been at our Lord's command filled to the brim, He then said, "Draw out now and bear unto the governor of the feast," and when the governor had tasted the wine, not knowing whence it came, he called the bridegroom and commended the wine as the best which they had had on this occasion. Our Lord did in a moment that which ordinarily takes several months by means of the vine, but whether by the vine or by His word in a moment, it is His doing and equally easy to Him by whose word the heavens were made and all the host of them by the breath of His mouth (Ps. xxxiii, 6). There is nothing too wonderful for Him who created the heavens and the earth by His great power and stretched out arm (Jer. xxxii, 17).

Just try to think what that power would do in and through these vessels of ours if they were only wholly at His disposal. One suggestion in connection with wine is gladness—"Wine that maketh glad the heart of man" (Ps. civ, 15)—but it is earth's gladness and soon past. "Thy love is better than wine" (Song i, 2), and when we have learned the power and unchangeableness of His love we no longer crave the transient joys of earth. Water is suggestive of the word of God, as in Eph. v, 26; Ps. cxix, 9, and if we were as full of the word as these waterpots were full of water the same Lord could easily cause us to be so full of the wine of the kingdom, the real joy of the Lord, that people might have cause to talk of us as they did of the disciples at Pentecost (Acts ii, 13).

We have the treasure in earthen vessels that the excellency of the power may be of God and not of us (II Cor. iv, 7). These earthen vessels are temples of the Holy Ghost, and He would have us clean temples, free from all filthiness of the flesh and spirit (I Cor. vi, 19, 20; II Cor. vii, 1), living as those who are risen with Christ should live, having our affections on things above, looking forward to the marriage of the Lamb and rejoicing greatly in it, and in Him whom having not seen we love, in whom though now we see Him not, yet believing, we rejoice with joy unspeakable and full of glory (I Pet. i, 8). Many believed in His name when they saw His miracles (verse 23), but the next verse says literally that He did not believe in them, for He knew what was in man. He reads the heart and sees at a glance whether we are truly trusting in Him for His own sake or because of some blessing received, like those who followed because of the loaves and fishes.

FIRE SCORCHES LONDON.

LONDON, Ont., January 16.—The dry goods store of T. E. Mara, Dundas street was burned to-night causing a loss of $40,000. It is insured for $32,000.

We Will Buy

A 50c. Bottle of Liquozone and Give it to You to Try.

We want you to know about Liquozone, and the product itself can tell you more than we. So we ask you to let us buy you a bottle—a full-size bottle—to try. Let it prove that it does what medicine cannot do. See what a tonic it is. Learn that it does kill germs. Then you will use it always, as we do, and as millions of others do.

This offer itself should convince you that Liquozone does as we claim. We would certainly not buy a bottle and give it to you if there was any doubt of results. You want those results; you want to be well and to keep well. And you can't do that—nobody can—without Liquozone.

We Paid $100,000

For the American rights to Liquozone. We did this after testing the product for two years, through physicians and hospitals, after proving, in thousands of different cases, that Liquozone destroys the cause of any germ disease.

Liquozone has, for more than 20 years, been the constant subject of scientific and chemical research. It is not made by compounding drugs, nor with alcohol. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. The result is a Liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of $1,000 for a disease germ that it cannot kill. The reason is that germs are vegetables; and Liquozone—like an excess of oxygen—is deadly to vegetal matter.

There lies the great value of Liquozone. It is the only way known to kill germs in the body without killing the tissue, too. Any drug that kills germs is a poison, and it cannot be taken internally. Every physician knows that medicine is almost helpless in any germ disease.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

Asthma	Hay Fever—Influenza
Abscess—Anæmia	Kidney Diseases
Bronchitis	La Grippe
Blood Poison	Leucorrhea
Bright's Disease	Liver Troubles
Bowel Troubles	Malaria—Neuralgia
Coughs—Colds	Many Heart Troubles
Consumption	Piles—Pneumonia
Colic—Croup	Pleurisy—Quinsy
Constipation	Rheumatism
Catarrh—Cancer	Scrofula—Syphilis
Dysentery—Diarrhea	Skin Diseases
Dandruff—Dropsy	Stomach Troubles
Dyspepsia	Throat Troubles
Eczema—Erysipelas	Tuberculosis
Fevers—Gall Stones	Tumors—Ulcers
Goitre—Gout	Varicocele
Gonorrhea—Gleet	Women's Diseases

All diseases that begin with fever—all inflammation—all catarrh—all contagious diseases—all the results of impure or poisoned blood.

In nervous debility Liquozone acts as a vitalizer, accomplishing what no drugs can do.

50c. Bottle Free.

If you need Liquozone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and we will pay the druggist ourselves for it. This is our free gift, made to convince you; to show you what Liquozone is, and what it can do. In justice to yourself, please, accept it to-day, for it places you under no obligation whatever.

Liquozone costs 50c. and $1.

CUT OUT THIS COUPON

for this offer may not appear again. Fill out the blanks and mail it to the Liquid Ozone Co., 458-464 Wabash Ave., Chicago.

My disease is .....

I have never tried Liquozone, but if you will supply me a 50c. bottle free I will take it

D A Give full address—write plainly.

Any physician or hospital not yet using Liquozone will be gladly supplied for a test.

RUSSIANS DIGGING SNOW TRENCHES AT PORT ARTHUR.

When driven back from the original trenches at Port Arthur it was necessary for the Russians to dig temporary rifle shelters in the snow and ice. The ground, frozen to the depth of many feet, could not be opened with pick and shovel.

Paralysis and Locomotor Ataxia

The most dreaded results of neglected nervous diseases—Study this chart and the symptoms stated here to learn if you are in danger—DR. CHASE'S NERVE FOOD will cure you.

To understand paralysis and locomotor ataxia, which is paralysis of the limbs, and their causes, it is well to remember that every movement of the body or its members is due to the contraction of muscle, which can only take place under the influence of nerve force.

As this all-important nerve force is created in the nerve centres of the brain and spinal cord, and conducted along wirelike nerve fibres to the various parts of the body, any derangement of the brain, spinal cord, or nerve fibres may result in paralysis or loss of the power of movement.

Paralysis, then, is the natural result of all neglected nervous diseases.

If you find yourself nervous and irritable, oversensitive to light, sound and motion, addicted to continual movement or tapping of the fingers, twitching of the muscles, sudden startings and jerkings of the limbs during sleep; if you have nervous headaches or dyspepsia, are unable to sleep or rest, feel down-hearted and discouraged, and unfit to fight the battles of life; if your nerves are weak and exhausted, and your blood thin and watery, you have every reason to fear paralysis of at least some part of the body, and consequent suffering and helplessness.

Paralysis can always be prevented and partial paralysis actually cured by the timely use of **Dr. Chase's Nerve Food.** The time to begin treatment is when any of the above-mentioned symptoms become apparent. These are indications of a degeneration of the nerve cells, and when nerve force becomes exhausted paralysis is bound to follow.

A.—The Cerebrum is the centre of intelligence and thought.

B.—The Cerebellum controls the action of the voluntary muscles.

C.—The Medulla Oblongata.

D.—The Spinal Cord carries nerve force from the brain to the nerve fibres.

E.—Cauda Equina.

F.—Sciatic Nerve, the derangement of which is known as sciatica and sciatic rheumatism.

Dr. Chase's Nerve Food

acts on the system in an entirely different way to ordinary medicines. It is neither a stimulant to whip tired nerves to renewed activity, nor a narcotic, nor opiate, to deaden the nerves. On the contrary, it is a food cure, which forms new, red corpuscles in the blood, and creates new nerve cells. Every day it is bringing back health, strength and vitality to scores and hundreds who have become discouraged through the failure of doctors and other treatments to cure them. Write for symptom blank and further particulars regarding this great food cure. **Dr. Chase's Nerve Food** 50 cents a box, 6 boxes for $2.50. At all dealers, or EDMANSON, BATES & CO., Toronto.
