Severe Storm Causes Havoc In Ont.

NEW ANGLE TO MINE CRISIS

(Canadian Press)
HALIFAX, Nov. 15—Employees of Acadia Coal Company, at present awaiting reopening of the Pictou County Collieries, will be given an opportunity next Friday to accept a new detailed schedule of wages, prepared by receivers and liquidators of the company.
Premier Angus MacDonald made this announcement late tonight after a series of long conferences during the last two days with representatives of the two rival workers' unions, members of a committee representing the Acadia Company workers and receivers and liquidators of the company.
The schedule, Premier MacDonald said, would be as favorable to the men as possible under the circumstances. (The collieries would remain unopened unless the men were willing to accept wage reductions, liquidators ruled last week.)
The Premier arranged a general conference for all representatives but when the United Mine Workers' delegation saw Amalgamated Mine Workers' delegates walk into the chamber, they gathered up their briefs and walked out.

Many Important Questions Before Next Parliament

Banking Report, Harbor Report, Can. Nat. Rwy. Reorganization To Be Considered At Session.
(Canadian Press)
OTTAWA, Nov. 15—Officials in and about the office of Prime Minister R. B. Bennett, undisturbed by the unusually frequent Cabinet Council meetings, have been devoting their time chiefly to preparations for the next session of Parliament. Only one Cabinet Council has been held since Nov. 4, a brief one on Monday last. No announcements were made since to indicate any outstanding problems had been dealt with.
Apart from the customary stream of visitors to see Mr. Bennett personally, an outward air of quiet prevails about the east block but it is understood there is a great activity under the surface, in preparation for a long and possibly hectic Parliamentary session, starting the middle of January.

GREAT FUTURE PREDICTED FOR CANADA

Lord Macmillan Expresses Views on Recent Banking Report Just Made Public.
(By Thomas T. Champion, Canadian Press Staff Writer)
LONDON, Nov. 15—"Nothing impressed Sir Charles Addis and myself more than the high character, sense of responsibility and integrity of the bankers of Canada," declared Lord Macmillan, Chairman of the Royal Commission, which recently investigated the Canadian banking system, when he spoke this afternoon at a luncheon of the Canadian Chamber of Commerce in London. Sir Charles was his English colleague on the commission.

R.C.M.P. Cutter Rescues Crew

PICTOU, N. S., Nov. 15—(C.P.)—Minus her rudder swept away by the raging seas, the little fishing craft, Sea Dream, was left at the mercy of a howling storm until picked up by the Royal Canadian Mounted Police cutter, Baroff, and brought into port. Capt. Herman of the rescue ship, said the schooner's crew was exhausted from long hours at the pumps in an effort to keep the little craft afloat.

SHIPS RUSH TO RESCUE OF FREIGHTER

CREW OF TWENTY-SEVEN ABANDON SHIP IN RAGING NORTH ATLANTIC STORM.
VALENTIA, Irish Free State, Nov. 15—(A.P.)—The fate of the little British freighter Saxilby, whose crew of 27 was reported to be abandoning ship in a raging North Atlantic storm, was hidden tonight as at least six ships raced to her rescue.
The 52,000 ton Berengaria seemed likely to be the winner, but that great liner was forced to reduce her speed and did not expect to reach the scene before Thursday morning.

Untold Damage To Shipping On Storm Swept Lakes

Freezing Of Lower St. Lawrence Canals Presents Imminent Danger To Navigation.
(By The Canadian Press)
TORONTO, Ont., Nov. 15—Rapidly forming ice added another menace to those already confronting mariners on Canada's inland seas last night—and an early end to navigation was foreseen by marine experts. Sub-zero temperatures; a driving gale; a "frost fog" rising from the surface of the waters; all these have combined to delay shipping in an unprecedented manner this week. But if the cold weather keeps up for another day or so it will mean the end for the navigation season of 1933.
Today marine men were taking stock of the unusually severe storm which has created havoc in the past few days. On a sandbar 10 miles west of Long Point in Lake Erie, the D. E. Callender of Buffalo still fights to pull herself free before the wind shifts to the southwest and breaks her up on shore. Somewhere on Lake Superior, the Tree Line vessel Poplar Bay is believed in shelter. No concern was felt for "Tree Line boats always come back," according to an old saying of the lakes.

ANNOUNCEMENTS, COMING EVENTS, MEETINGS, ETC

- Announcements are inserted in this column at 2 cents per word strictly payable in advance.
- Jury MacIntosh's on sale by Boy Scouts Saturday. 2749.

- Musical Entertainment, Basket Social and Dance in St. Teresa's Hall, Thursday, November 16th, Charlottetown talent. If weather not fine, first fine evening. 2624.

New Members Of B.C. Government Take Oaths

VICTORIA, Nov. 15—(C.P.)—The Liberal government of Thomas Dufferin Pattullo was sworn in today by Lieutenant Governor J. W. Fordham Johnson of British Columbia one hour after the retiring Premier, Dr. Simon Fraser Tolmie, had officially tendered his resignation and that of his cabinet.
Oath of office was taken by each of the ministers:
Thomas Dufferin Pattullo, Prime Minister, President of the Council and Minister of Railways.
George Mair, Vancouver, Provincial Secretary and Minister of Education.
Gordon McGregor Sloan, Vancouver, Attorney General.
Arthur Wellesley Gray, New Westminster, Minister of Lands.
John Mart, Victoria, Minister of Finance.
Kenneth Cutenach Macdonald, Vernon, Minister of Agriculture.
Frank Mitchell Macpherson, Cranbrook, Minister of Public Works.

WILLIAM K. VANDERBILT JR. KILLED

RIDGELAND, S. C., Nov. 15—(A.P.)—William K. Vanderbilt, Jr., 26, was killed here today as his automobile, speeding from Miami to New York, struck a parked fruit truck beside the highway.
Erskine Gwynne, relative and companion of Vanderbilt on the trip, suffered only minor injuries, but J. W. Guppy, Vanderbilt's chauffeur, was taken to a Savannah, Ga. hospital in a serious condition. Vanderbilt, officers said, was driving himself at the time.

SMUGGLERS IN QUEBEC HELD

QUEBEC, Nov. 15—Charged with defrauding the Department of National Revenue of a sum of \$1,500,000 by smuggling liquor into Canada, Antonio Gravelane, Quebec, and Fernand Dubois, St. Casimir, Que., were arraigned before Judge L. Demers here today. Bail was set at \$25,000 each.
Warrants were issued for the arrest of 13 other men living in a number of centres between Montreal and the Gaspé Peninsula also charged with defrauding the Department.
Warrants were issued on behalf of the Dominion Government at the request of the Royal Canadian Mounted Police.
Issuance of the warrants, which police throughout the district were stated to be serving tonight followed investigation into illegal liquor traffic along the south coast of the St. Lawrence River.

Lindberghs In Portugal

LISBON, Portugal, Nov. 16—Col. and Mrs. Charles A. Lindbergh arrived here at 12.46 p. m., today after a flight from Caldas De Tuy, Spain, where they had been foud-bound for a day.
The Colonel told his welcome that he expected to spend several days here before starting to the Azores. It was said yesterday that he intended to fly back to the United States by way of the Azores and Bermuda.

Rayner Appeal Dismissed By Supreme Court Of Can.

(Canadian Press)
OTTAWA, Nov. 15.—The appeal of Benjamin I. Rayner versus Olive H. Ritchie, both of Charlottetown, P. E. I., was dismissed by the Supreme Court of Canada today.
The case was twice tried by Mr. Justice Arsenault of the Supreme Court of Prince Edward Island and a verdict of \$5,000 damages, arising out of a motor accident, was awarded in favor of Olive H. Ritchie and approved on appeal by the Supreme Court of Prince Edward Island. Though Lena Rayner was driving the car which figured in the accident, and without a driver's license, she was found by the Prince Edward Island courts to be "in the employ" at the time of her father, Benjamin

NRA Program Not Working

WASHINGTON, Nov. 15—(C.P.)—Hugh S. Johnson took to President Roosevelt today a report that compliance with codes and the Blue Eagle reemployment agreement is not working successfully in the United States and means must be taken quickly to secure more thorough enforcement.

TRADE REVIVAL IN CANADA IS NOTED

(Canadian Press)
OTTAWA, Nov. 15—The recovery in Canadian trade which observers of commercial activities have already noted was continued during October when both Canada's imports and exports were greatly increased over the corresponding month a year ago. Figures issued today by the Department of National Revenue show that a setback in wheat exports has been more than overtaken by semi-manufactured products.
Regarded in government circles as reflecting the operations of the Imperial Conference agreements a considerable upswing took place in the export of meats and forest products. At the same time unmanufactured nickel exports have been enjoying a buoyancy in the last two or three months that are reminiscent of the "boom days" of mining.
Copper has also experienced a "resurrection" recently and although its increase for the export trade has not been quite so spectacular as that of nickel, nevertheless it has been decidedly marked.
In the past seven months nickel exports have risen from \$3,568,563 to \$15,908,761, while those of copper were boosted from \$7,217,278 to \$10,728,387.
In the same period meat exports have increased from \$4,046,127 to \$6,874,451. Planks and boards rose from \$7,523,640 to \$11,757,837 and wood pulp from \$9,925,827 to \$14,441,136.
Automobiles and their parts have also shared in the recovery, their exports rising from \$4,990,739 in the last seven months to \$6,794,578.
Wheat flour exports rose from \$10,024,015 to \$12,033,134.
Recessions of approximately \$6,000,000 in wheat, about \$1,250,000 in cheese and \$5,000,000 in the export of newsprint were completely

Clue To Truro Rifle Mystery Is Advanced

(Canadian Press)
TRURO, N. S., Nov. 15—Successful combing of the North River district woods is believed by Royal Canadian Mounted Police to have solved the mysterious theft of five rifles from the Truro Armouries last summer.
Tipped off that a hunter had been seen in the woods with a rifle similar to those stolen, officers began a quiet search of the woods. Finally they came across Walker Douglas, hunting with a rifle from which the number had been scrapped.
He will appear for trial Nov. 23, first on a charge of stealing the rifles—without firing bolts—and second on a charge of stealing the five bolts.

Jury Exonerates Halifax Man Re Wife's Death

BALTIMORE, Nov. 15—(C.P.)—Magistrate John T. Farrell of Haleshorpe, acting as Coroner, today exonerated George M. Howard of Halifax, N. S., and Pinehurst, N. C. from all blame in connection with the death of his wife on the Baltimore-Washington Boulevard last night.
Mrs. Howard was killed when the car driven by her husband overturned.
Howard told officers his car had been sideswiped by another, causing him to lose control. He escaped with bruises.
The car was flipped over like a toy by the heavy impact and Mrs. Howard pinned under the wreckage. She died almost instantly.
Mr. Howard was held after the accident on a technical charge. The coroner's verdict revokes the charge.

Clue Given To Women's Disappearance

LIVERPOOL, England, Nov. 15—(C.P.)—Mrs. Madeline Duxton of Ottawa who disappeared overboard from the liner Montrose enroute to England earlier this week, went in to the ship's nursery and kissed her 18 months old daughter shortly before her absence was discovered, according to the ship's stewardess.
Mabel Howlett, stewardess on the Montrose who was looking after Mrs. Duxton's child in the nursery when the mother was found to be missing, said today Mrs. Duxton came in and kissed her daughter and cried "Ma Cheri" and then ran out on deck. A few minutes later she

New Move Expected To Help Disarmament Cause

(By George Hambleton, Canadian Press Staff Writer)
LONDON, Nov. 15—(C.P. Cable)—New moves in disarmament are being contemplated. The Cabinet, meeting today and again tonight reviewed the position in all its angles. The cries of despair from Geneva, the repeated shocks to which the World Disarmament Conference has been subjected, impressed on members of the Government the urgency of action if the Conference is to be saved.
From influential quarters come representations that the Government should be prepared to make some bold move as was made when Prime Minister MacDonald
