The many friends in this city will deeply sympathize with Charles L. Mrs. Reardon, Albany, in the death of their three month's old daughter, which occurred on March 1st, as announced elsewhere.

It is announced on good authority that the C. S. Stanley, which was attempting to reach the Magdalen Islands with mails, had abandoned the effort, having encountered very heavy ice in the Gulf. She has been ordered to return and will not make another attempt for the present.

In all the Protestant churches in this city yesterday evening strong sermons were delivered on "Amusements" and the congregations were appealed to requesting them to attend the regular Wednesday evening meeting, setting aside any indoor or outdoor amusements which might tend to keep members away.

REARDEN—At Albany, on March 1, 1911, Catherine Rustie, infant daughter of Charles L. and Mrs. Reardon.

WAUGHAN—In this city on March 4, 1911, Annie, wife of Noah Waughan, aged 55 years.

Funeral will leave her late residence 200 Cumberland St., at 2.30 p.m. to-day. Interment at People's Cemetery.

Rev. T. F. Fullerton drove to West River yesterday afternoon and conducted services there for Rev. A. Craise, who is indisposed.

Last week J. Gordon Worth, city, won the weekly prize of two dollars for the highest score in bowling on Burke's alleys. His pinfall was 251.

John Caswell won a similar prize for highest in duckpins, putting on the remarkably good score of 125.

Quite a few water pipes were frozen in the early hours of yesterday morning, when the temperature fell to eight below zero. This was the third lowest temperature recorded this season; the mercury on previous occasions having dropped to fourteen and ten below.

Sunday fires are now being considered a regular thing by the firemen in the past five Sundays the city has had but one "day of rest" for the brigade, last Sunday; there having been fires on the 5th, 12th and 19th of February and March 5th, (yesterday).

Yesterday afternoon at 2.20 the alarm rang for a fire in the house owned and occupied by Mrs. Eliza Williams, on Williams' Lane, off Elm Avenue. The fire was caused by one of the inmates using a flame to thaw out frozen water pipes in the cellar, the blaze catching on the floor. Between the time of sending in the alarm and the arrival of the firemen who responded promptly, the fire made good headway and it took slightly over an hour's fighting to completely extinguish the flames, during which time the building was badly gutted, especially on the second floor, where highly inflammable material which was stored there fed the blaze. The roof was practically demolished, while the main frame was but little damaged. All the furniture was saved, the greater part having been removed. There was no insurance and the loss is consequently a severe one for Mrs. Williams.

Many will regret to learn of the death of Mrs. Noah Waughan, Cumberland St., City, which took place Saturday evening. The deceased, who was fifty-six years old on the day of her death, took ill with pneumonia but two days before her death and up to ten or three days before the sad blow came every hope was held out for her ultimate recovery. Mrs. Waughan was a woman of kindly and loving disposition and was highly respected among all her acquaintances. The shock of her death is a severe one for the family with whom she was very dear. She was a loving and affectionate wife and mother. She was a member of the Baptist Church and was a life member of the Women's Missionary Society of that church. She was always closely associated with that society and was an energetic worker in her efforts to promote its objects. Besides her husband and her mother, Mrs. George Waughan, City, she leaves to mourn a family of ten, all of whom with one exception, being at her bedside during her last moments. They are: Mrs. H. M. Chandler, City, James, of Oregon, who came home on a visit a week ago; Mamie and Cora, of Roxbury, Mass., who arrived on Saturday afternoon having been summoned home by the news of their mother's illness; Preston, in Albany, a traveller, who was the only member of the family who could not be reached by a telegram owing to his calling; and Henry, Catherine, Lester, Charles and Hubert, at home. Among the floral offerings was a beautiful bouquet from the W. M. S. of the Baptist Church. The funeral will take place this afternoon and the following will be the pall-bearers: E. D. Stens, A. W. Stens, R. H. Jenkins, J. D. Jenkins, R. Ross and A. F. Webster. Rev. Z. L. Fash will officiate at the services. The Guardian joins with the many friends and acquaintances of the family in extending sympathy in their hour of bereavement.

SPORTING NEWS FROM ABROAD

HALIFAX, N. S., March 3.—The Moncton Victorias, professional champions of the Maritime Provinces, met the Halifax professionals here last night in the third game for the Starr trophy, and went down to defeat by the score of 8 to 6. The game, although fairly keenly contested, was not as spectacular as the previous games played here between Moncton and Halifax. For the first ten minutes the play was slow, but after that the game was more interesting and was a fair exhibition.

There were two new men on the Halifax team, Hilton in goal, and Dunphy as rover, and they were the most conspicuous players on the local team. Hilton stopped many remarkable shots.

The game was unnecessarily rough and Norman was the principal offender although not as bad as in previous games.

WINDSOR, March 1.—In a rough and tumble game of hockey here last night, the Windsor Y. M. C. A. tied the Nova Scotia amateur champions—the Amherst Ramblers. The game was fast and exciting throughout, and excitement was intense all the time.

The first half was very fast. In this period the locals scored three times, while the visitors netted the puck twice.

The second half was much faster and more interesting. The Ramblers came on the ice determined to win, but Windsor's defence played a splendid game, and the visitors only scored once, the game ending, Ramblers, 2; Windsor, 2.

Two of the best players who have played for the Y.M.C.A. Twaddle and McLean did not play for the Ramblers.

OTTAWA, March 1.—As a result of Friday's victory over Ottawa, the Renfrew hockey management is so enthused they announce they are in no game to stay, and have already signed up the two Cleghorn brothers, Smith, Lindsay and Rowe for next season. It is likely they will also have Fred Taylor again. They announce they will start in the summer to sign up their team for the season of 1912 and have a winning seven to place on the ice when the first league game is called. Four of the Renfrew backers pooled \$1,500 and placed it on the red and white in Ottawa during the week at odds of 10 to 7. They wanted to win this game more than the other fifteen put together.

OTTAWA, March 1.—The Ottawas defeated Quebec by six goals to two in a national hockey association fixture last night. The match was fast and was witnessed by a crowd of about 4000. Play was exciting in the first and second periods, but Ottawa obtained a safe lead in the third and was never forced to extend themselves. Quebec played a hard game and should have had another goal, but Umpire Ryan refused to allow it.

CAMBRIDGE, Mass., March 1.—Queen's College of Kingston, Ont., defeated the Boston Hockey Club last night in a hard fought contest at Boston, four to three. With less than two minutes of the game remaining, G. George scooped in the winning goal for the Canadians from a nasty angle.

BRITISH TO ISSUE "WHITE PAPER"

LONDON, March 2.—So persistent have been the attempts of the tariff reformers in the House of Commons to ascertain how far the British Government and Ambassador Bryce were involved in the Canadian-American reciprocity negotiations, that the Government has decided to issue soon a "White Paper" on the subject, including the Ambassador's report of the whole matter.

The tariff party charge that the British Government intended to give the United States in order to wipe the guns of imperial preference. Another batch of questions was made at today's session, but beyond saying that action of the Ambassador at Washington had the approval of the Government, Sir Edward Grey refused to discuss the subject peacefully. He said, to defer further statements until the "White Paper" has been issued.
