W. A. HUTCHESON.

RE-OPENING OF PRINCE ST. SCHOOL

(Continued from Page Two.)

opportunities that were within their reach.

Principal Seaman then gave a few inspiring words to the children. He did not purpose saying much. They would have an opportunity of hearing him every school day during the coming school year. He wanted to say to the ladies and gentlemen present that when they were admiring the interior of the school he hoped they would not fail to cast their eyes toward the school garden at the back which perhaps might have escaped their notice. It had been told that it was utterly futile to think of keeping a school garden during the holidays. Let them look at the grounds and see what had been done. He was sure that every teacher and every pupil would feel a deep debt of gratitude to the School Board for what they had done during the holidays. He wanted then on their behalf to urge them to do their very best, they would show their appreciation by giving the very closest attention to their work in the coming year.

The proceedings terminated with the singing of verse of the Island Hymn, O Canada and the National Anthem.

WHOLE TOWN WAS A SEA OF FIRE

ROTTERDAM, via London, Sept. 6.—"Brest-Litovsk, which was a city of 53,000 inhabitants, exists no more," says the correspondent of Rotterdam-sche Courant, who entered the Russian fortress with the Austrian-Hungarian advance guard which captured it.

"The nearer we approached the town the clearer it was shown that the Russians had done all they could do. The whole town was a sea of fire. Although it was hot and dangerous amid the flames we went forward to see if there was not one street saved, but there was none.

"We were unable to find a living soul in the flaming city, except a father and mother with their children in an open space. The man said he had paid a Cossack sixty roubles to be allowed to remain. When the town was emptied of its inhabitants the Russians ordered the houses destroyed. Brest-Litovsk vanished like the little villages on the road leading to it."

HEADACHES

Thousands of men and women suffer from headaches every day, other thousands have headaches every week or every month, and still others have headaches occasionally but not regular intervals. The best Doctor is often unable to find the cause of many of these headaches, and in most other cases, knowing the cause, does not know what will remove it, so as to give a permanent cure. All he can do is to prescribe the usual pain relievers, which give temporary relief, but the headache returns as usual, and treatment is again necessary. If you suffer from headaches, no matter what their nature, take Anti-kannin Tablets, and the result will be satisfactory in the highest degree. You can obtain them at all drug stores in any quantity, 10c worth 25c worth or more. Ask for A-K Tablets.

SICK-HEADACHES

Sick-headache, the most miserable of all sicknesses, loses its terrors when A-K Tablets are taken. When you feel an attack coming on, take two tablets, and in many cases, the attack will be warded off. During an attack take one A-K Tablet every two hours. The rest and comfort which follow, can be obtained in no other way.

Genuine A-K Tablets bear the K monogram. At all drug stores.

BOYS AT THE FRONT WANT SWEETS

The following letter has been received by Mrs. T. Gordon Ives, Montague, from her brother Foster, W. Rhude.

France,
July 27th, 1915.

Dear Sister:—
Just a line in answer to yours of the 4th, you said you had not heard from me since you got home, but I suppose you must have heard by this time as I wrote you a letter and Claude a Post Card some time ago. In our present place it is fine and there is no need to worry, of course there is an odd chance of getting hit here but if I came through what I did and did not get hit, I think the chances here are pretty good, where before we had no chance for a life, here we have a million and that is no exaggeration because I saw a little of this war in its fierce moods, believe me.

I did not see Willie Dewar out here yet, although I am continually running into old pals. Our bunch came out of the trenches last night. I am on the Signallers now and was in Headquarters Station this time. Next time I may be on a trench station or on the Q. M. stores which are 5 miles back. But as regards trenches when the Germans start shelling let me be on the firing line instead of the reserve or support trench, because the latter trenches get the biggest shelling except when the enemy are going to attack and then they throw the trenches to pieces, but here they never shelled the front line since we came, and that is over a month, some record, believe me—when before we used to wait and see which shell was going to get us. The place we were in before we came here we were only 25 to 40 yards from the enemy, some close, oh? too close to be comfortable, because at that range each side tries to wipe out the other with bombs and trench mortars and it is if the bombs or grenades as they are called are thrown by hand on a rifle and you don't hear them, but you can see them when the trench mortars are thrown by a gun and almost in a flash they are on you. Up here we are too far away for the little bombs being from 175 to 500 yards from the enemy. This certainly is the best spot we ever struck and I would be willing to stay here till the war is over.

Well, sister, in close I would ask, if you are not too busy to send me some cake and fudge.

Your loving Brother,
FOSTER W. RHUDE,
No. 22812,
1st Can. Br. Expt. Force,
2nd Can. Inf. Bds.,
10th Battalion Signalers,
France.

THE BIG MAP AT THE BIG FAIR

TORONTO, Sept. 2.—One of the features in the Province Building, and of the fair, is the immense illuminated map of the Government Railways. Sixty feet long, fifteen feet high, all the routes now under Government operation outlined in electric lights from Winnipeg to Sydney, the map is creating a great interest and is demonstrating to thousands by means of motion shadow that the route of the "National" between Winnipeg and Toronto, and the "Ocean Limited" between Montreal and Halifax is the shortest and quickest.

The panoramic topographical paintings of the country from the source of the Matapedia to the tip of Cape Breton are genuinely instructive and are being much admired for their artistic merit.

Models of the new car ferries for service between Levis and Quebec, and Cape Tormentine and Cape Traverse complete an unusually attractive and instructive exhibition.

2865-9-3M.E11.

HALIFAX EXHIBITION.
Sept. 8-16.

WHY do you WANT BEAVER FLOUR

Because you consider it the best on the market.
Because you know it is always reliable and uniform in quality.
Because quality considered it as cheap or cheaper than less well known brands.
Because it is a universal flour suitable for either bread or pastry. Then why not specify

Beaver Flour
in your next order and insist on getting it HERE where it is always in stock.

Poole & Thompson Ltd.

Provincial Exhibition
Halifax
September 8th to 16th

Notwithstanding the fact that WAR is the first thought of the people of this Country today, yet the question of production is at the same time to be considered in connection with WAR.

The Agricultural and Live Stock people are being urged to make this a year of production, and in this connection the Manufacturers also play an important part.

In order to know what is being produced in the Maritime Provinces, the Exhibition Associations are continuing their work, in order that the Agricultural and Industrial people may show what is being done.

At the Provincial Exhibition at Halifax is the greatest and best opportunity to make this display of production, and we are looking to see this one of the best ever put on at this Fair.

The amusement end will not be neglected, and consequently combining the two, we promise our patrons the best fair yet held on our Grounds.

Exhibitors must make their entries before August 21st, and anyone not receiving Prize List can obtain same by writing the Secretary, M. McF, Hall, Halifax.
