**SPORTING COMMENT**

By "TEC"

Notwithstanding the large number of games to be played in the semi-finals in the first round for Maritime hockey honors, the most pessimistic fan may now rest assured that there will be ample time and ice to play the finals to a satisfactory conclusion. At time of writing the favorites in New Brunswick and Nova Scotia are Campbell and Truro respectively, and all and sundry are anxiously awaiting the naming of their date final.

**HARD LUCK**

Local followers of athletics and others will no doubt learn with no little regret the loss George Walker sustained in the Weeks & Burns fire recently when his two racing wheelies, road and track, went up in smoke and are a total loss.

Mr. Walker feels the loss very keenly as he prized his bikes as two of his most valuable possessions and only a week ago was offered a neat sum for the roader, but declined, saying that he has had the wheel since 1912 and would not part with it for a much greater offer. His track wheel, also destroyed, was a beauty and even more valuable than the first; nevertheless it is sincerely hoped that George's misfortune in this regard would dampen his ardor none the less and when the bike racing season comes around he will be again reporting progress.

When questioned yesterday regarding the matter Mr. Walker stated that in the face of his recent loss he was as yet undecided as to his plans for the coming season.

As there are to be meets in various Canadian centres this summer and as George is the best representative P. E. Island can produce it is hoped that he will see his way clear to again uphold the honor of the province.

**WEST KENT ICE SPORTS**

The West Kent School ice sports which take place tomorrow night at the Arena is an annual event put on especially for the boys and girls of the above mentioned school. That it is eagerly looked forward to by the youngsters is a certainty and it is hoped that a bumper Arena will turn out as a token of appreciation and pride for their efforts. Last year a record attendance viewed the sports which elicited much commendation from all those who were fortunate in attending and as is mentioned above, an even greater tribute by way of attendance is expected tomorrow night.

**\$17,000 STAKES FOR GRAND CIRCUIT**

Stake offerings totalling \$17,000 for the Grand Circuit at North Randall from July 5 to 10 are announced by President W. H. Kinsman of the Forest City Livestock and Fair Association. Three \$5,000 and one \$2,000 classic, each of which has been a fixture at the track since its inauguration in 1909 are on the program. These are the Edwards \$5,000 for 208 pacers, the Ohio \$5,000 for 208 trotters; the Taverner "steak"; \$5,000 for 212 trotters, and the Fasig \$2,000 for three-year-old trotters eligible to the 210 class.

**RICKARD TALKS HEAVY**

If the directors of the National Hockey League will not approve of Tex Rickard's plan to operate a second New York Club, he is prepared to form a second league embracing the principal cities of the Eastern United States, according to articles published by a number of American newspapers.

In review it is recalled that Rickard has a second franchise for New York, and has paid a deposit on it, but has not yet received the actual papers. Col. J. S. Hammond who was elected president of the club at present operated by Tom Duggan, of Montreal, recently resigned to devote his time organizing the second club for Rickard. Opposition to Rickard's plan to operate a second team was expected at the National Hockey League meeting in Toronto early this week, and it was also expected that his money would be returned because "syndicate hockey" isn't wanted in the N. H. L. Up to time of writing it hasn't been learned as to just how Mr. Rickard's second franchise turned out at the meeting.

**THE TRURO-DARTMOUTH GAME**

W. J. Foley writing in the Halifax Chronicle with reference to the postponed game between the Truro Bearcats and Dartmouth All Stars has this to say:

Looks as if the Truro Bearcats didn't like to meet the Dartmouth All Stars again. Late Monday night we were reliably informed that the real reason the champions didn't leave the Hub, was because the players had a little falling out between themselves. Only last week we heard a rumor that the Bearcats were not as friendly towards each other as they would have people believe.

Note—Where harmony is lacking not only in hockey but in anything where co-operation is needed something is bound to crack and crack wide open, "as a house divided against itself must fall." Therefore how can an aggregation carry on where discord and discontent prevails throughout the ranks. Anyway let's hope the "Bearcats" right their little differences and play hockey for hockey's sake.

It is a common occurrence throughout Maritime hockey circles the last few years to hear of breaks and disruptions among many sextettes, and strange to say the Canadian pastime seems to be the only sport where such things like this happen. Perhaps its because its the most colorful and exciting game there is, and again perhaps its temperament. However we might hazard a suggestion that the managers hand a mite more strong-arm stuff to the players instead of the alivent-tongued variety. At all events teams should get together, play hockey or leave it alone.

It may be noticed that the Boston Bruins are the highest scoring club to date in the National Hockey League, therefore it is not so surprising to learn of their steady and aggressive march in the fight to get into the chosen circle.

**THE MARKETS**

(Canadian Press)  
MONTREAL, Feb. 17.—The export trade in grain here today was quiet. There was no actual grain sold owing to the fact that change in prices reported on the wharf few firm bids were received. Local flour market today and on from foreign buyers for oats and easier tone prevailed with no change in price. The baled hay was without any special feature, business still being very quiet and prices were unchanged.

A steady feeling prevailed in the local market for fresh eggs today and prices were unchanged. The storage egg situation was stronger with an advance of 2c per dozen for extras and firsts in jobbing lots. Sales today were made at extras 22 cents, firsts 27 cents and seconds 22 cents per dozen.

There was no actual change in the condition of the local butter market and prices were unchanged. The trade in cheese on the local market was again quiet there being very little enquiry from foreign buyers and prices were nominally unchanged. A weaker feeling developed for Quebec potatoes on the

Mr. Poinsett reports work going merrily on at the Island. He stated that the bore has reached a depth of 1335 feet. When questioned on the "gas" rumor he merely smiled and said that reports such as these are rather far-fetched so early in the game, and that from time to time such rumors are bound to circulate, especially where oil boring operations are being carried on. Mr. Stuntz the field manager who was conveyed to the City Hospital a few days ago suffering a slight attack of pneumonia, is now resting comfortably and all indications point to his speedy recovery.

**PARISHIONERS OF SEVEN MILE BAY HONOR PRIESTS**

The Sunday after the return of Rev. Father Wm. Monaghan from his trip to Rome, the parishioners presented him, after High Mass, with the address printed below and a purse of gold. Rev. Father Wm. McCabe who substituted for Father Monaghan during the pastor's absence was also remembered and presented with an address and purse, and several reverend gentlemen made suitable and splendidly worded replies. The addresses were as follows:—

**ADDRESS TO REV. FATHER MONAGHAN**  
Dear Reverend Father: We parishioners of Seven Mile Bay Parish take this opportunity of welcoming you back from your recent important visit to Rome, where you were privileged to converse with and receive the Papal Blessing from His Holiness Pope Pius the Eleventh.

While you were absent we have fervently prayed for your safe return, and we feel assured that you also have remembered us in your prayers while you have been abroad in company with our well-beloved Bishop and our former beloved Pastor Reverend J. J. McDonald.

We feel doubly thankful for your safe return to us after learning of your stormy and perilous voyage while crossing the ocean on your return.

We take this opportunity of expressing to you in a humble manner our appreciation of the zeal and attention which you have manifested towards us in the fulfillment of your duties as our Pastor and Spiritual Adviser.

Although the responsibilities and duties of the Pastors of the Church are at all times of an onerous nature, yet yours have been especially so from the fact that you are entrusted with your care extend over a comparatively large territory to the spiritual needs of the Parish you have of necessity been exposed to all kinds of weather and conditions of travelling. Yet neither storms nor inclement weather have ever prevented you from responding quickly to the call of duty when your services were required to bring comfort to the sick or administer the last rites of the Church to the dying.

During the past year you became our Pastor, you have taken a deep interest not only in our spiritual needs, but in our temporal welfare as well. Every movement having for its object the advancement of the interests of the Parish has found in you a ready advocate at all times.

Your ability as an administrator has been clearly shown in your management of the financial affairs of the Parish. Since taking

charge of the Parish of Seven Mile Bay, you have had important improvements made to the Parish Church, so that it now compares very favorably with the churches in other sections of the Diocese. In addition to this you have been instrumental in procuring a suitable and much needed Hall for the use and benefit of the Parishioners. Although the cost of these improvements has been no inconsiderable sum, yet by your careful management, your parishioners have been enabled to meet these obligations without finding them either a burden or a heavy tax upon their resources.

In conclusion Reverend Father please accept this purse as a slight token of our appreciation of your labors among us and we pray that Almighty God in His all wise Providence may long spare you to minister to our spiritual needs.

Signed on behalf of the Parishioners.

**ABRAHAM NOONAN, JAMES SHERRY, H. E. DAWSON, Committee**

**ADDRESS TO REV. FATHER McCABE**  
Reverend Dear Father: We parishioners of Seven Mile Bay Parish desire to express our appreciation of your earnest zeal for our spiritual welfare during the time you have had charge of our Parish while our beloved Pastor was absent on a visit to Rome and other cities of Europe.

Coming as a stranger among us you quickly accustomed yourself to the spiritual needs of the Parish and have shown yourself always ready to face the inclemency of the roads whenever your services as Spiritual Adviser were needed in any portion of the Parish.

We understand quite well that in a Parish such as ours extending over a comparatively large territory the labours of the Parish Priest in ministering to the spiritual needs of the Parish are very arduous, but you have while in charge of our Parish given us ample proof of your zeal for our spiritual and temporal welfare.

We sincerely trust that you may find it convenient to again visit our Parish at no distant date, and we pray that Almighty God may long spare you to labour in His vineyard.

In conclusion, Reverend Father, please accept this gift as a slight token of our appreciation of your services as our Priest and Spiritual Director while in charge of our parish.

Signed on behalf of the Parishioners.

**P. W. C. AND S. D. U. PLAY DRAWN GAME**  
With the score one all at the close of the first period, St. Dunstan's University and Prince of Wales College fought last night through the two remaining stanzas of a fairly fast game of hockey without either team being able to realize the decisive tally. Although somewhat ragged in spots the fixture gave a good-sized crowd of fans an interesting exhibition of the national winter game.

In the first period particularly, the Saints had the edge on their opponents in territory. It was while they were giving Maybee, the college goalie, quite a session, that Shaw, P. W. C. right wing, made a brilliant rink side run and succeeded in getting past Gillis for the first score of the game. Some minutes later Campbell equalized, and although both sides worked like trojans for the rest of the game, there was no further score.

Combination play was conspicuous by its absence, but some good individual work was done by players of both teams, and at times the pace set was fast enough to be exciting.

For the College, Shaw, Spillitt, and Doucette played a stellar game. Shaw's spectacular rushes bored into the Red and White defense time and again, but Gillis in the net proved an impressive barrier, and the White score was letting nothing pass. Spillitt's stick handling was a pleasure to behold, while Doucette, the diminutive College centre, was a continual thorn in the side of opposing players.

For the Saints the outstanding player was Campbell, who was a continual menace to his opponents and frequently called on saves from Maybee. On the whole, however, the game was little to choose between the work of the members of both teams, the play being well divided and each player giving his side excellent support.

The line-up was as follows:  
Saints Goal P. W. C. Gillis  
White Goal Maybee

Defence Spillitt  
B. McDonald, W.J. McDonald, Keefe  
Forwards Doucette  
O'Brien, Holman, Shaw, Cassidy, Hyndman, LaVesque, Chandler  
O'Hanley  
Referee—Steele.

**HOCKEY**  
Wednesday afternoon at the Arena the Miglets and Wind-jammers staged a fast furious game of Hockey which resulted in a victory for the Miglets by a score of 1-0. Play was fairly even in the first period both teams staging some nice individual rushes. The second period opened with the Wind-jammers out to rough it up but the Miglets took the wind out of their sails by notching up a long tally to clinch the game. A few penalties were imposed in this period to both teams. For the winners, Ranahan, Henry and MacDonald displayed skill while Carbonell and Black starred for the losers. McDonald scored the only tally on a nice end to end rush, having to wade through his opponents who were determined to stop him by hook or crook. Eimer Murley and Herman Ebers, refereed.

Line-ups: Jams Miglets  
Ward Goal McEwen  
MacDougall Defence Block  
Ranahan Forwards Hall  
Henry Forwards Tnman  
McDonald Defence McMillan  
Owen Forwards Carbonell  
Sub—Squarebriggs.

A well earned victory!

**"QUO VADIS" HUGE DRAMA OF THRILLS**

Nothing more realistic has been produced in the motion picture art which has been born and reached maturity in our own generation than First National's gigantic film version of the Sienkiewicz novel, "Quo Vadis" which opened a two days' engagement at the Prince Edward Theatre yesterday.

In the arena scene, where the Christians are hurled to the lions and that great scene in which Rome is burned, one feels the terror and panic of the fleeing populace, as bearing their household goods, their children and their aged relatives, they flee before the all-devouring flames.

One contrasts, too, this scene when the Roman Empire was crumbling with the scenes of modern times, when the inhabitants of many villages in Belgium and northern France have likewise fled from their homes—but before the invading hordes, not to make a Roman Emperor's holiday.

In the scene in the arena where the band of Christian martyrs await Nero's persecution, one is reminded also of the martyrs of our own day who face privation and death for the sake of an ideal dearer to them than life.

After the games are over, when the Roman populace has imposed its will upon the selfish and degenerate Nero, Vitellius escapes with Lygia, and later marries her.

Emil Jannings, well remembered for his dramatic characterizations in "Passion," "Deception" and others, has the role of Nero, and does perhaps the most brilliant work of his career.

Lillian Hall Davis, a young English stage star, is seen as the beautiful Christian girl, Lygia.

The supporting cast is said to number 20,000 persons, and its hugeness is a conformity with the remainder of the stupendous spectacle. This master production which will be repeated again today is apparently accompanied by a seven piece orchestra under the leadership of Mr. Ben Wagner.

The music prepared for Quo Vadis entailed no little work and care, if so read—Our Campaign if all collected will little more than pay the Debt and this Fund has more than another year to run.

Our monthly expenses for upkeep are far over \$500.00; when little or no money comes in, what must result? If we use the Campaign Band to pay upkeep, the Debt remains and if we attempt to run on further loan from the Banks the Debt increases.

Critics are particularly busy about this period annually and partly in consequence are funds extremely low, however there has just come to hand a contribution of \$15.00 from the Presbyterian Sunday School of Summerside per Mr. S. M. Hicks and such donations strengthen our faith in the Protestant public by whom we are appointed and from whom will come the wherewithal to again relieve the burden; so we carry on. Today we criticise in life tomorrow we eulogise in death and what better can be said of a man than that he was a great friend of the unfortunate children for whom we work and worry.

We again repeat the number of children in the Home as 38, there are 17 boys and 21 girls, 13 are babies in the nursery.

All still continue to enjoy the best of health, thanks to one of our most esteemed M. D's.

The annual report is now being prepared and will give in detail the work of the year as received from the heads of the different departments.

We are at present having a difficult time to finance, though the scarcity of funds has not been permitted to interfere in any way with the care of the children, the weather is perhaps partly responsible for the falling off in contributions particularly from the country and as all must now know this is our only source of revenue, we have been compelled to make many changes in an effort to prevent going backward rather than proceeding with the reduction of our outlay.

Since last month the following amounts have been received, and we wish here to thank all who contributed or assisted in supplying fire, food or clothing to these little ones.

The Campaign Fund has been very well remembered, the country so far has beaten the town in percentage paid up; there has been so much extra work in the Office during the month that a collector in the City has not been able to call on all subscribers for their payment which was due November last, but it would help greatly if these who have not made their third payment would please forward cheque for the amount.

Now are there any who do not yet understand our situation, if so read—Our Campaign if all collected will little more than pay the Debt and this Fund has more than another year to run.

Our monthly expenses for upkeep are far over \$500.00; when little or no money
