Central Guardian

BAZAAR and play in Consolidated School, Thursday evening, 7 o'clock, Standard Time. 4453

CENTRAL PARISH (Church of Scotland) Rev. T. W. Goodwill will preach (D.V.) at Glasgow Road on Thursday, June 19th, at 7 p. m. (standard time).

NO FURTHER NEWS AS TO THE condition of His Lordship Bishop O'Leary has been received according to information given at the Bishop's Palace last evening. His Lordship, now in Dayton, Ohio, was reported critically ill on Monday.

CHEST CLINICS—Dr. Creelman will be conducting chest clinics in Cardigan on Thursday morning, June 19th, in Georgetown on Thursday afternoon, and in Murray Harbour on Friday, June 20th.

LIBRARY MOTOR SERVICE—A travelling library service which will take in this Province has been inaugurated by the Acadia University. The library, conveyed on a specially equipped motor truck, will be in Charlottetown early this afternoon and will cover other parts of the Island as well as the mainland, returning every three weeks over the same route during the summer.

PERSONALS

Miss Pearl Crockett, West Roxbury, arrived home last week to spend a few weeks with her parents, Mr. and Mrs. Lemuel Crockett, Little York.

Mr. Robert Messervey and Miss Ethel Messervey have motored from Toronto, to spend the holidays with their mother, Mrs. J. A. Messervey.

Miss Dorothy McKenna has returned to her home in Charlottetown having completed her course in public health nursing at Toronto University.

Mr. Benjamin D. Birt of the Powell River Lumber Co., Powell River, B. C., has arrived in Charlottetown after an absence of twenty three years. While in the city he is the guest of his sister, Mrs. P. J. McDonald. Mr. Birt notices many changes, all for the better, on his Island home.

Eastern Guardian

Island Scenery

(Continued from page 1)

luncheon tendered the party at the Experimental Farm yesterday afternoon, had this further tribute to pay: "When the Architect of the universe conceived of Prince Edward Island and lifted it out of the bosom of the deep, He executed an exquisite work of art. I have seen more pastoral beauty, more general content, more evidence of prosperity, in the few hours we have been on your Island today than I have seen in the same length of time anywhere!" (Lead please).

The touring party, numbering seventy-two in all, including representatives of the Canadian agricultural press, the Canadian National Railway and the Canadian Pacific Railway, with Mr. Robert J. C. Stead, Director of Publicity, Federal Department of Immigration and Colonization, in charge, arrived in Charlottetown from Borden early yesterday morning, having left Moncton at 11 o'clock Monday night. After breakfast at the Queen Hotel the members of the party were welcomed by Premier Lea, on behalf of the Province, and by His Worship Mayor Prowse, representing the city. The party then left by motor cars provided by leading farmers and citizens, visiting the North Shore and various attractive sections of the country, and returning at 1 p. m. to the Experimental Farm, where an excellent dinner was served in the picnic grove adjoining the farm buildings.

Ample opportunity was given of inspecting the Farm. Dr. Green, who entertained the visitors with a reading from Drummond, was enthusiastically endorsed and gave two other entertaining selections.

After addresses by Superintendent J. A. Clark, Premier Lea, Dr. Tate Butler, president of the Association, and Mr. Everingham, the party motored to Vimy Silver Black Fox Ranch, property of Messrs. McLure and MacKinnon.

Here the visitors were agreeably surprised. They had been looking forward to seeing the world-famous Prince Edward Island black foxes, but few in the party had any conception of the scale in which fox ranching is conducted in this Province, and of the care and attention given to the raising of these animals. They showed keen interest in the practical phases of the industry and asked many questions with regard to the manner of feeding, pelting, marketing, etc.

Leaving the fox ranch, brief calls were made at the farm of Messrs. Andrew McRae and Son, Brackley Road, and at the Falconwood Farm, where the excellent herds of cattle were examined. There was much regret that the time at their disposal was too short to enable the visitors to see more of the farms, live-stock and other features of interest throughout the Province.

At 4 p. m. the party left Charlottetown on the S. S. Hochelaga for Nova Scotia, many of the delegates voicing their determination to come again as summer visitors to what they enthusiastically described as the most beautiful section of country they had ever seen.

At The Experimental Farm

In a very interesting address, welcoming the visitors to the Experimental Station, Superintendent J. A. Clark reviewed the scope of the experimental activities carried on in this Province and the practical value which this work is proving to be to the farming community.

Premier Lea gave a comprehensive outline of the agricultural progress made in Prince Edward Island, of the importance of this industry generally to the Province, and of the various co-operative organizations which have done so much to promote agricultural interests, particularly in live stock shipping, seed potato and egg and poultry production. He emphasized the rigid inspection of seed potatoes, dairy and other farm products and the quality guarantee which this inspection affords to the consumer. He dealt also with the fur farming industry and the fisheries. Dealing generally with agriculture, the Premier remarked that this industry was suffering from the same conditions as other industries in the world today. The agriculturist has been the last to recognize the need of using larger machinery, of operating larger holdings. The most successful farmer in this Province is the man who can operate from 150 to 300 acres, because the overhead charges can then be reduced by using larger machinery and power tractors. He spoke highly of the value of experimental farm work, pointing out that if every farmer were to save even two dollars per year as a result of the investigations carried on, it would more than pay for the cost of these institutions. The actual saving to each farmer, arranged for, Services next Sunday

Trinity Term

(Continued from page 1)

which the whole institution is kept considering the many difficulties under which they labour. We are pleased to report that there is a reduction in the number of patients in the institution from 320 to 270. We note that the fire escapes, recommended by former juries have not been erected. We are impressed with the necessity of fire escapes being erected for the both sides of the male ward, and urgently recommend that this work be done at once. We also would recommend that coal sheds be erected to house the coal which is now exposed to the elements.

We also visited the Infirmary and found it to be spotlessly clean under the supervision of Mrs. Bonnell. We would suggest that the time has now come that the authorities should take into consideration the matter of erecting a separate residence for the Medical Superintendent of the Malcolmwood Hospital.

We next visited the Queen's County Jail and found the cells clean and in a satisfactory condition. Occupants of the Jail have been reduced from 39 to 19. We note that the recommendations of previous Grand Juries regarding the erection of a fence around the Jail to prevent prisoners from communicating with friends outside, have been carried out.

We congratulate your Lordships upon the fact that there are no criminal cases before the Court, which speaks well for the law-abiding character of our people.

For self and Fellows,
(Sgd.) S. A. McLeod,
Foreman.

The commission of Mr. Justice Saunders was then read by the Clerk of the Court.

An address to Judge Saunders, largely signed by members of the Bar, was then read by Mr. D. Edgar Shaw, K. C., expressing felicitations to the new judge on the honor lately conferred on him by His Majesty's government on the appointment to a high office. The high standard of integrity of Mr. Justice Saunders in public life is sufficient guarantee to his appointment to office.

Mr. Justice Saunders thanked the members of the bar for the address, and expressed his appreciation for their remarks. Mr. Justice Hazard, who sat on the Bench for upward of twenty years, and who there upheld at all times the traditional high standard of excellence and efficiency. Mr. Justice Saunders hoped he would live long to enjoy happiness, comfort and honor, well merited. It is to be hoped that the kindly feeling existent between the Bench and the members of the Bar will long continue. In conclusion Judge Saunders expressed his sincerest thanks to the jurymen for their encouraging remarks and to the members of the Bar.

CHURCH ARMY VAN DEDICATED

The service of dedication of the Church Army Van took place in St. Paul's Church last evening at 7 o'clock with the Rev. H. D. Raymond, Rector officiating. The service was opened with the hymn—"Holy, Holy, Holy, Lord God Almighty" after which the lesson taken from St. John 1st Chapter verses 35 to 42 was read by Capt. Ewley, Church Army Officer in charge of Georgetown. The secretary of the Diocesan Church Society then read messages commending the work to be undertaken from His Grace the Archbishop of the Diocese, and from His Lordship Bishop Lucas, warden of the Church Army in Canada. Prayers were then said by the Rev. H. R. Coleman, rector of Port Hill, after which the hymn "The Church's One Foundation" was sung. A collection was then taken in aid of the Church Army work, which was followed by the singing of hymn "Jesus calls us o'er the tumult." The clergy, choir and congregation then proceeded to the front of the Church, when short addresses were given by Captains Alp and Belt, the two officers in charge of the Van. The Secretary of the D. C. S. (T. E. McNutt) then read the following: Rev. Sir: This van is now free of debt and is intended for evangelistic work in this Province. You are asked therefore on behalf of the donors thereof to dedicate it to the glory of God for its sacred purpose in the name of Saint John, Apostle and Evangelist. The Rev. Canon Malouze in the regretted absence of the Venerable Archdeacon White, then dedicated the Van, offered prayer and gave the Blessing. The Rev. G. T. Spriggs, Rector of Kensington, was present in the Chancel of the Church. Previous to the service a photograph of the Van, Clergy and Choir (made up of members of both City churches) and Church Army Officers was taken by Colonel W. C. Cook. At a meeting of the Van Committee held after the service a photograph of the Van

Regis Arsenault Wins 10-Mile Bicycle Race

Holman Pickard Event Cycled Over Poor Roads Fifteen Finish-Time Not Fast

Regis Arsenault was the winner of the Holman-Pickard 10 mile Bike race held last evening, pedalling the distance in 35 minutes, 15 seconds, and followed one second later by William Warren in a whirlwind finish. More than a minute later the third man, Charles Hyndman, came in, followed in half a minute by Edward Hornby. During the next few minutes the remainder of the fifteen finishing crossed the line in front of Holman's Store.

The race, which began in front of Pickard's Bicycle shop on Great George Street was run on rather favorable over roads that were far from favorable to good time or speed. Three inches of dust over the road surface in places, and loose gravel on some of the hills proved a great impediment.

Edward Hornby and Albert Weeks who finished fourth and fifth respectively, were the only scratch starters. Thirteen started with a three minute advantage, two with a five minute advantage and one with a six minute advantage.

Great excitement prevailed in the large crowd that assembled to witness the finish, as the contestant came up Grafton Street one by one or in groups.

The prizes were distributed by His Worship Mayor T. W. L. Prowse as follows:

1. Reg. Arsenault, cup awarded by R. T. Holman Ltd.
2. William Warren, cup awarded by Pickards.
3. Charles Hyndman, cup awarded by C. C. M. Co.
4. Edward Hornby, cup awarded by C. C. M. Co.
5. Albert Weeks, prize awarded by R. T. Holman Ltd.
6. R. G. Britain, set of bicycle tires R. T. Holman Ltd.

West Kent And Queen Square Cadets Inspected

The cadet corps of Queen Square and West Kent Schools were inspected yesterday afternoon at Victoria Park by Captain A. C. Campbell, Inspector for Military District Number 6. His Honor Lieutenant Governor Hearitz accompanied by his aide Col. Parker Hooper took the salute in the march past of both corps.

Both corps were examined in company drill, platoon drill, section drill, first aid and signalling, and both showed the result of careful training and discipline.

The Queen Square Corps, instructed by Mr. Leo McDonald, was first inspected. Commanding the company was Joe Reardon with Joe Trainor as second major. Commanding the platoon were Lieutenants Eric Robb, Bill Connolly, Joe MacMillan, Wm. McCaville, Robert Bradley and
