The Organist of St. Patrick's Church, Grand River, writes us as follows regarding the Church Organ which recently underwent a thorough overhauling in our Repair Department.

MILLER BROS., Charlottetown.

I hereby write to compliment you on the wonderful work you have accomplished when repairing our Grand River Church organ. Having been built over thirty years ago, it was almost practically useless before shipping it down to you. At present it gives great satisfaction and I am very well pleased with its sound and action. Congratulating you again on your skilled workmanship, I beg to remain,

Sincerely,  
(Signed) BERTHA MORRISON,  
Organist.

This Organ has fourteen sets of reeds, double manual and pedal bass. When we received this instrument for repairs, we found about all that was not worn out was the case, stop action, reeds and reed board. The Organ is now practically new, and should give good service for many years to come. At present prices this instrument would cost new \$800.00. IT PAYS TO DEAL WITH US.

—OVERSIZE 20 by 3 1/2 cord No. 1 tires, (as large as ordinary 31 by 4), guaranteed 8,000 miles. Price \$20.00 at Brace, McKay & Co., Ltd.

—CHANGING RANGELIGHT.—Construction Foreman J. H. Whitlock of the Marine Department, Charlottetown, came to Summerside Monday to superintend the work of removing the front range light on the railway wharf. The light will be shifted to the opposite side of the wharf.

—HEAVY ICE.—Judging by the cold weather for some days a late Spring is expected. Teams are still crossing the ice on the harbor, and by the firm appearance, the ice will likely remain for several days yet. The Bedouin Ferry boat made the first trip across on April 5th, last Spring.

—KELVIN GROVE.—The following is the standing of the pupils of Kelvin Grove school for the month of March: Grade 3: Katherine Cassey, 2 Edgar Hogg, Grade 7: Elva Stavert, Grade 6: 1 Jennie Walker, 2 Eric MacMurdo, 3 James MacMurdo, Grade 5: 1 Arnold Walker, 2 David Murphy, 3 Morris Cassidy, Grade 4: 1 Mary Arsenault, 2 James Murphy, 3 Willie Arsenault, Grade 3: 1 Edith Hogg, 2 Ralph MacMurdo, 2 Elva Stavert, 3 Gladys Walker, Grade 1: 1 Mary Stewart, 2 Robert Stavert.

—FRESH AIR TREATMENT.—It isn't everyone that can command a private conveyance when the influence of hootch becomes overpowering, but one Summerside resident not only commanded a private conveyance but was tucked in a private couch as well. The other night a well known man in Summerside, who had not imbibed too wisely but pretty well, found that he could not navigate his conveyance by the narrow streets and trudged to his home where he was placed in a lawn, during the winter. After his family had searched for the joyous one for a long time, prolonged snoring brought the searching party to the lawn, where the lost one was found in a state of total and entirely dead to the world.

—Y. M. C. A. IMPROVEMENTS.—Tuesday night the directors of the Y. M. C. A. at Summerside cordially invite the public to freely inspect the Hall where improvements have been made. The greatest credit upon the President, Mr. A. S. McKay, energetic manager and treasurer. Mr. J. D. Goss (who has filled these positions and had the work at heart for the past 30 years) and all concerned. To start at the entrance, we must rightly commend Mr. Goss for a fairly simple though practical alteration. The large door used to swing inward, a dangerous proposition in any hall. In case of fire necessitating a speedy exit, the door now swings outward. From the entrance up to the hall itself the ample stairway has been heavier, beveled, and this improvement has been carried out throughout the entire building, which has thereby been improved and made comfortable and elegant in all its appointments. All has been decorated and is spick and span, with electric lights in all parts, as well as a brilliant outside lamp. The secretary's office is now nicely and practically furnished, not forgetting the telephone. The main recreation hall has a hardwood floor, is wire screened at each end and otherwise fitted up for various games, such as basket-ball, etc. The screen at the platform end of the hall is made to let down for prayer and other meetings. A large and elegant square grand piano has been installed. The stage is nicely carpeted and there are well arranged cloak rooms, at the back. In the basement a shower-bath has been installed and kitchen, toilet, etc., fitted with a hot water system. All citizens interested in the Y. M. C. A. find all should be well appreciate what has been done and should go and see for themselves tonight.

### MEETING OF THE TOWN COUNCIL

The adjourned meeting of the Summerside Town Council was held on Monday with the Mayor and all the Council present. Mr. Cameron was present at the request of the Mayor and was asked whether he would keep a sharp eye on conditions at the abattoir in the absence of Dr. Church, for whom he is acting in the matter of meat inspection. Dr. Cameron gave assurance that he would do so and was appointed Meat Inspector until Dr. Church's return on May 1st next.

### Darken Gray Hair, Look Young, Pretty

Sage Tea and Sulphur Darkens So Naturally That Nobody Can Tell

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless is caused by a lack of sulphur in the hair. Our grandmother made up mixtures of Sage Tea and Sulphur to keep her locks dark and beautiful and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Weyth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Weyth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

—TIGNISH NOTES.—On the eighteenth of March, the Angel of Death visited the home of Mr. and Mrs. P. Hoggan of Tignish. Their own Freda, their little daughter, aged three years. The men are busily engaged in repairing St. George's Street. New concrete walks are being laid—Spring cleaning will soon begin. Men, women and children will soon be seen washing windows. Mr. Hoggan has a boat on the pond. It was very pleasing to see Mr. A'Hearn drive through the village Monday evening with his beautiful motorcycle. (Journal please copy).

—SPECIAL SERVICES.—A series of evangelistic meetings began in the Baptist Church, Summerside, on Monday evening. Rev. A. K. Herman, who recently returned from St. John where he was greatly used in the salvation of the lost, spoke from Acts 18: 2 "Haven't you received the Holy Ghost since you believed?" The message was an appeal to believers for heart searching examination leading to a personal assurance of the possession of this precious gift. This was the time of the Holy Spirit. He had come as promised; Jesus before he ascended into heaven, spoke of a very fitting and illustrious story of a boy who had asked his father if he could see God. The father answered, "No. The boy then asked a minister if he could see God. The minister answered, "No. The minister then said, "I can see God at anything." Then the boy became acquainted with an old fisherman and spent much of his time in the latter's boat. One evening as they were sailing down the river in a boat he said, "I want to ask you a question. Can I see God?" "The fisherman tenderly answered as he gazed upon the setting sun, "I have come to the place where I can see God." "Do you see Him kind reader? Hear the named soldier pastor tells how he found God when he faced death on the battlefield. Everybody welcome—merely invited to these meetings. No denominational distinctions. These who make a profession of Christ shall have the full liberty and may eventually unite with the Church of their choice. Come!

T. A. Smith and Angus Cameron of Charlottetown also being in attendance at the event. Both these drivers have been engaged in railway work for the last 35 years and the presentation was at the instance of their Brotherhood of Locomotive Engineers and Firemen.

—REVIVAL SERVICES.—There was an increased attendance at the revival service held in the Summerside Baptist Church on Tuesday evening. The Pastor, Rev. A. K. Herman was in good form delivering a most earnest message from James 5: 19, 20. The service was referred to as a backslider, one who had once assembled with God's people, sat at His table but had gone out. They are numerous in these days and should be sought and brought to Jesus Who was calling for them and desired their restoration. They should be counselled with and prayed for. The return of one meant the covering of a multitude of sins for the one reclaiming. Jesus' blood alone can take away sin and the conviction of the sermon many of the believers present were witness to their faith in Christ. The subject for Wednesday's meeting will be "What Makes a Revival". All are welcome. Bring your friend.
