is a real pleasant woman at home, and they live with every modern comfort. They have two sons and two daughters. The last time she visited the Island was 23 years ago. She has two sisters in Duluth, Minnesota. They are Miss Alice Angus and Mrs. Arthur Kennedy.  
The village of Eldon, Kings County, P. E. I. has a popular daughter in Pasadena who keeps a first class hotel. She is Mrs. Bates, a daughter of John McLellan. They lived 45 years in Portland, Maine.

#### IN HOLLYWOOD

People of the Island will remember Senator MacArthur of Summerside, P. E. I. I met his brother Ezra in Hollywood. He was watering his beautiful green lawn when I called. His sister, Mrs. Percy Tanton, and her husband, of Summerside, have been spending the winter in Hollywood, and returned by way of Vancouver, B. C.

—Mr. and Mrs. Henry Gaudet, Summerside, spent Sunday in Tignish. T.

—His friends are pleased to know that Mr. J. A. Villiard, who has been seriously ill at his home in Tignish, is now very much better. T.

—Miss Cornelia White, who has been in Cambridge, Mass., for some time has arrived home to spend the summer months with her parents Ven Archdeacon and Mrs. White of Summerside.—S.

—Mrs. T. M. Noonan, of Summerside, has returned from Ottawa, where she went to attend the graduation of her daughter, Miss Pauline, who graduated from the Ottawa General Hospital. Mrs. Noonan was accompanied by her son, Dr. Ralph Noonan.—S.

## Open All Day WEDNESDAY

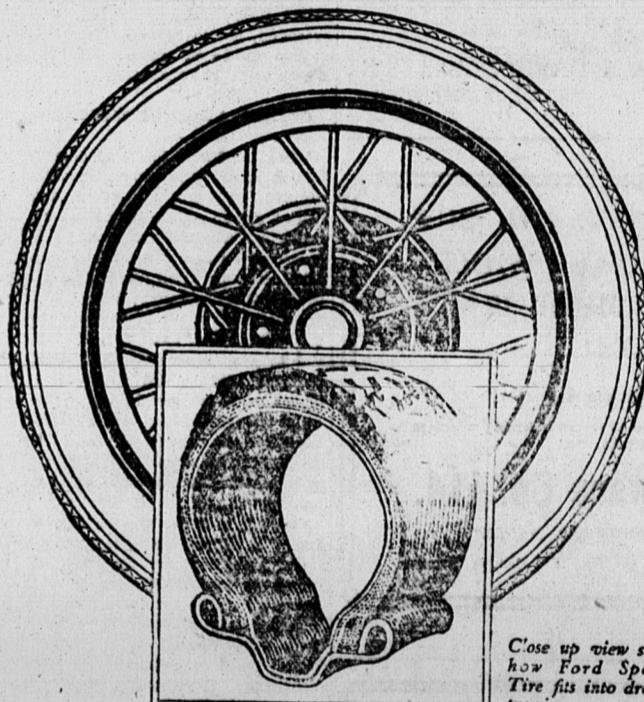

This store will be open for business all day WEDNESDAY, and on each Wednesday through the month of June.

### Moore & McLeod Ltd.

land. Much could be written of his deep sea experiences. The maiden name of Mrs. McNaught was Bessie M. Carruthers, and she too is a native of near Summerside. They were married in Oakland in 1901. Their family consists of three sons who all follow in the footsteps of their father. Kenneth is second officer on the S. S. Laurel, which sails between San Francisco and New York. Harold and Robert are on separate ships. Two years ago Captain McNaught, with wife and three sons, motored from Portland to the Island, covering 12,000 miles. He found that the Island had much progressed in 20 years. The main street of Summerside had been paved. Captain McNaught is a cousin of Jacob Schurman, the U. S. Ambassador to Berlin, Germany.

in a select part of the city. Robert Banks of North Bend, Oregon, who hails from Kings Co., P. E. I., was visiting his brother, Neil Banks, of Portland one day last month. He was with Mrs. Banks, and they called to see their daughter, Mary, aged 13 years, who attends St. Mary's Academy in Portland, Ore. Mrs. Robert Banks have been 25 years in North Bend, Ore. Mrs. Robert Banks was Margaret, Fisher of P. E. Island. She is a remarkable artist in the making of hooked mats. Two of her mats were raffled for a church benefit and brought \$130. She has taught the art to her sister-in-law, Mrs. Neil Banks of Portland. I saw a sample of her good work today. Neil Banks has been a ship builder for years. Just now he takes life easy. Mrs. Banks is a native of Springfield, Missouri. She was telling me recently that on May 2 last six inches of snow fell in Springfield, Missouri. They are one year in Portland, and lived five years in Oakland, and elsewhere in the West. Mrs. Neil Banks is a woman of pleasing personality. They live with every modern comfort.

## THE FORD CAR STEEL SPOKE WHEELS

Close up view showing how Ford Specified Tire fits into drop center rim.

### Greater Strength and Durability

THE Ford Steel Spoke (Drop Centre) wheel is an advanced step in engineering and the result of exhaustive experimental tests. It is smart in appearance, extra strong, having a lasting finish, easy to clean and provides a simple method for mounting and demounting the tire without tools and in a fraction of the time previously required.

The steel rods or spokes, 3/4" in diameter, are electrically welded to rim and hub shell. The finish is enamel baked on steel. Possessing great resiliency and being one solid piece, these wheels have a sturdiness not approached by any other type.

The Ford wheel eliminates loose, squeaking spokes and rims, pinched tubes, chipped or peeling finish, necessity of tire flap, misalignment of tires due to carelessly mounted rims, and a host of other wheel and tire ills formerly encountered. It permits of easy steering and no drumming sound is created by the wind.

There is an enormous amount of careful work necessary to build strength and service into the Ford Steel Spoke wheel, and the results justify the engineering study and skill devoted to this feature of the Ford car.

#### Ford Car Features
